DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 25th September 1932.

First Forecast of the Winter Rice Crop of Bengal, 1932-33.

(NOTE.—On an average of the five years ending 1930-31, the area under winter rice in Bengal has represented some 17.4 per cent. of the total area under rice in British India.)

Character of the season.—The rainfall in February and March was generally in defect of the normal. Preparatory tillage, however, commenced in certain low-land tracts of East and North Bengal. The drought which extended up till the middle of April interfered with the progress of sowing. Since then, however, the operation was facilitated by sufficient rainfall. Good rain in the latter part of May benefited the growth of broadcast paddy generally. Rainfall in June helped the preparatory tillage for transplanted paddy and of

its sowing in seed-beds. Moderate rainfall during the months of July and August facilitated the transplanting operation, but more rain was still required in West and parts of North Bengal. On the whole the present outlook, so far, is satisfactory for the crop.

Acreage.—According to the figures returned by the District Officers, the total area under winter rice is 15,836,200 acres as compared with 15,500,800 and 15,571,400 acres in the corresponding and final forecasts of last year.

Outturn.—From the summary of the district returns appended, it will be seen that six districts expect a normal crop of 100 per cent., seventeen districts a crop varying from 75 to 92 per cent, and four districts only report a crop as low as 65 to 67 per cent. of the normal.

According to the above estimates, the provincial outturn works out to 87 per cent. as against 90 and 100 per cent. of the normal estimated in the corresponding and final forecasts of last year.

Director of Agriculture, Bengal (offg.).

First Forecast of the Winter Rice Crop of Bengal, 1932-33.

District.	Estimated normal area under winter rice.	Estimated area under winter rice.		Estimated out-turn as a percentage of the normal yield per unit of area.		Date by which the sowing of broadcast winter rice generally commenced this year and whether that date was early, normal or late.	Date by which the transplanting of winter rice commenced this year and whether that date was early, normal or late.	Remarks by District Officers.
		Last year.	This year.	Last year.	This year.			
	Acres.	Acres.	Acres.					
24-Parganas.	840,000	745,700	747,900	92	83	End of April and May. Normal.	July. Normal ..	The weather has been fairly favourable but more rain is needed. The outturn is expected to improve with the improvement in the weather conditions.
Nadia ..	136,800	138,900	127,900	83	75	Beginning of May. Normal.	Ditto ..	The decrease in area and outturn is due to unfavourable weather conditions at the time of transplantation which is being delayed owing to want of timely rain.
Murshidabad.	416,200	353,000	311,200	83	67	Latter part of June. Late.	Middle of July to beginning of August. Late.	The decrease in area and outturn is due to want of timely rainfall.
Jessore ..	484,000	467,500	471,500	85	92	May. Normal.	July. Normal.	The weather has been favourable on the whole. Slight damage in some places is due to drought.
Khulna	905,300	768,500	766,800	100	92	Middle of June. Normal.	Middle of July. Normal.	At sowing time the weather was not good but it is fair now. Owing to breach of embankments, rush of saline water has caused slight damage.
Burdwan	657,100	628,500	542,400	92	75	Middle of July. Late.	Early in August. Late.	The decrease in area compared with the normal area is due to great delay in the breaking of the monsoon. At sowing time the rainfall was normal but now more rain is needed. The fall in outturn is due to delay in the commencement of cultivation and subsequent want of rains.
Birbhum	643,000	576,900	519,000	83	75	Second week of June. Late.	Last week of July. Late.	The decrease in area is due to want of timely rainfall. The weather was unfavourable at sowing time but it improved later. Owing to delay in transplantation for want of timely rains, the outturn is expected to fall below the normal.
Bankura	440,000	438,700	439,000	100	83	Middle of June. Late.	Middle of July. Late.	The weather has been fairly favourable.
Midnapore	1,527,100	1,485,900	1,509,600	75	83	End of June. Late.	End of July. Late.	Owing to unfavourable weather condition on account of want of rains, sowing and transplantation commenced late this year. The transplanting operation is still going on in full swing. The conditions at present are favourable.
Hooghly	171,700	106,000	107,100	83	83	Middle of June. Late.	Ditto ..	The weather has been fairly favourable. Owing to drought after transplantation about 4 annas damage is reported from Arambagh subdivision.
Howrah ..	92,000	97,000	102,500	100	83	Ditto	Middle of July. A little late.	The increase in area is due to decrease in jute cultivation. There was insufficiency of rain at sowing time but has been favourable afterwards. More rain is needed now.
Rajshahi	822,700	761,900	761,900	100	83	May to July. Normal.	July. Normal ..	The decrease in area is due to the fact that owing to want of agricultural labourers, normal area could not be brought under cultivation. The weather was not favourable at sowing time but it has improved now.
Dinajpur	1,035,300	795,500	652,500	92	83	Middle of May. Normal.	Middle of July. Normal.	The weather has been unfavourable especially in the Balurghat subdivision. Hence there have been decrease both in area and outturn.
Jalpaiguri	467,400	399,000	399,000	100	100		July. Normal ..	The weather has been favourable.
Darjeeling	25,100	35,400	36,200	92	92	May. Normal ..	Ditto ..	Ditto ditto.
Rangpur	602,000	650,200	652,000	100	100	Middle of May. A little late.	Middle of July. A little late.	The increase in area is due to depression in the price of jute. The weather was not favourable till the middle of August. Insufficient rainfall has delayed the transplantation but subsequent rainfall has facilitated the operation. In the Char areas of Kurigram, floods have caused damage to the extent of 2 annas in the beginning of July. A normal outturn, however, is expected.

District.	Estimated normal area under winter rice.	Estimated area under winter rice.		Estimated out-turn as a percentage of the normal yield per unit of area. 	Acres.	Acres.	Acres.					
Bogra ..	337,000	362,000	360,000	90	75	March. Normal	July. Normal in some places but late in others.	All lands have not yet been transplanted. The rainfall is not uniform in all places. Short rainfall in some places is causing the transplantation late. Broadcast paddy has been damaged by flood in East Bogra.
Pabna ..	404,200	217,000	432,000	62	83	Serajganj—Middle of March. Sadar—Middle of May. Normal.	First week of July. Normal.	Present condition of the crop looks fair but it is difficult to say if the outturn will be good. The increase in area is due to extension of cultivation owing to restricted cultivation of jute. The weather has been favourable though there was want of rainfall in the beginning. Some damage has been caused in the <i>bhil</i> area by the early rise of water. The outturn is expected to be below the normal owing to want of sufficient flood water.
Malda ..	304,000	280,000	281,000	100	67	Middle of May. Normal.	Middle of July. Normal.	The weather has been unfavourable and some damages have been done by drought.
Dacca ..	672,400	668,500	641,700	70	78	April. Normal	July. Normal ..	The decrease in area is due partly to increase in area under jute and partly to increase under other <i>bhadai</i> crops. The weather has been fairly favourable. Sudden subsidence of water has caused slight damage.
Mymensingh.	1,457,300	1,407,100	1,407,100	75	100	1st part of April. Normal.	Ditto ..	The weather has been fairly favourable.
Faridpur	668,500	665,200	714,900	95	100	April ..		The weather has been favourable.
Bakarganj	1,300,000	1,390,000	1,395,000	116	100	April and May. Normal.	July. Normal ..	The increase in area is due to reclamation of new areas and to extension of cultivation. The weather was a little unfavourable at sowing time owing to high flood and heavy rains which affected the young seedlings but subsequently it has been favourable. Pamari insects did some damage in the early stages, but the crop is recovering.
Chittagong	429,000	443,900	443,000	100	100	May. Normal	Ditto ..	The weather has been favourable and a normal outturn is expected.
Tippera	808,800	848,900	844,000	92	83	Middle of March. Normal	Middle of July. Normal.	Insufficient rain in July somewhat affected the growth of the crop.
Noakhali	705,000	692,900	689,000	75	65	May. Normal	August. Normal	The weather has not been favourable owing to rains coming late which affected the growing of seedlings. Hence the outturn is expected to fall below the normal.
Chittagong Hill Tracts.	44,300	44,300	44,300	83	67	3rd week of May. Normal.	Second week of August. Late.	The cultivation and growth of the crop suffered for want of rain during the period between the middle of June and third week July. The flood in the second week of June and fourth week of July caused much damage to broadcast paddy and to seedlings of transplanted paddy.
Total Bengal.	16,442,400	15,571,400	15,886,200	90*	87			

* Director's estimate is 100 per cent.

**DEPARTMENT OF AGRICULTURE,
BENGAL.**

Dacca, the 25th September 1932.

**Preliminary forecast of the Bhadoi Crops of
Bengal, 1932-33.**

(NOTE.—On an average of the five years ending 1930-31, the area under autumn rice in Bengal has represented some 6.1 per cent. of the total area under rice in British India.)

Character of the season.—Rainfall in February and March was favourable for preparatory tillage in certain low-land tracts of East Bengal, but drought which extended up till the middle of April interfered with the progress of sowing. A less area under bhadoi paddy was sown in consequence. Since then conditions have been favourable for sowing. Good rainfall in the latter part of May facilitated further sowings. During the months of June and July occasional rainfall and alternate sunshine helped the growth and development of the crops. On the whole the season has been a satisfactory one.

Area.—The total acreage sown with the different bhadoi crops this year is reported to be 6,540,100 acres against 6,887,700 and 6,929,100 acres, respectively, in the corresponding and final forecasts of last year. Of this, the area under autumn rice is estimated at 5,792,900 acres as against 6,138,800 and 6,163,000 acres, respectively, in the corresponding and final forecasts of last year. The decrease in area, specially for bhadoi paddy, is attributed mainly to want of timely rainfall.

Outturn.—According to District Officers' estimates, the outturn of the different bhadoi crops for the Presidency works out at 83 per cent. of the normal this year as against 81 per cent. both in the corresponding and final forecasts of last year.

The autumn rice is estimated to yield an outturn of 82 per cent. of the normal for the province this year as against 90 per cent. estimated by this department both in the corresponding and final forecasts of last year. In my opinion the outturn of autumn rice is an underestimate, and the crop will approximate to 90 per cent. of the normal this year.

Director of Agriculture, Bengal (offg.).

DEPARTMENT OF AGRICULTURE, BENGAL.

Dated Dacca, the 28th September 1932.

Second Forecast of the Cotton Crops of Bengal, 1932-33.

(NOTE.—On an average of the five years ending 1930-31, the area under the cotton crops in Bengal has represented some 0·2 per cent. of the total area under cotton in India.)

There are two crops, early and late. The "early" crop is chiefly grown in the Chittagong Hill Tracts and in the Tripura State and to a small extent in other districts. The "late" crop is grown in Bankura and Midnapore.

Character of the season.—At the outset the weather was not favourable in Midnapore,

Mymensingh and the Chittagong Hill Tracts. Subsequently during the period of monsoon alternate rain and sunshine have improved the prospects of the early crop and the present condition is reported to be fairly satisfactory, on the whole. In Mymensingh, however, the condition is reported to be poor.

Sowings of late variety commenced in Midnapore under fair conditions.

Area sown.—The area sown with early cotton is reported to be 74,520 acres this year, as against 74,327 acres in the corresponding forecast of last year. Of the late crop an area of 450 acres is reported to have been sown this year in Midnapore as against 455 acres reported in the corresponding forecast of last year.

**Second Forecast of the Sugarcane Crop of
Bengal, 1932-33.**

(NOTE.—On an average of the five years ending 1930-31, the area under sugarcane in Bengal has represented some 7·0 per cent. of the total area under sugarcane in British India.)

Character of the season.—At the outset the weather was generally favourable for planting and for germination. During the monsoon period occasional rainfall with alternate sunshine benefited the growth and development generally. On the whole, the season has been a favourable one for the crop this year.

Area planted.—The total area planted with the crop for the province is reported to be 232,300 acres this year as against 228,800 and 233,400 acres reported, respectively, in the corresponding and final forecasts of last year.

Outturn.—According to the estimates of District Officers the average outturn of the crop for the province this year works out at 92 per cent. of the normal against 88 and 86 per cent., respectively, in the corresponding and final forecasts of last year.

Condition figure.—The condition figure for the cane crop is estimated at 92 per cent. as against a ten years' average of 82 per cent. This means that the condition of this year's crop is equal to about 112 per cent. of the ten years' average.

	Acres	Acres	Acres				
24-Parganas	3 300	2 500	2,500	92	67	February and March Normal	The condition has improved since the publication of the first forecast. On the whole the weather has been fair.
Nadia	10 000	7,200	8,400	88	88	Latter part of January Normal	The increase in area is due to propaganda work for sugarcane cultivation. The weather and its effects on the growth of the crop have been fair.
Murshidabad	4 300	2 800	2,700	100	100	By the 1st week of April Normal	The decrease in area is due to the insufficient rainfall at the sowing time in Lalbagh and Kandi subdivisions. The weather has been favourable.
Jessore	2,500	3 100	3 200	88	81	March and April Normal	The weather has been fair.
Khulna	500	500	500	92	100		The weather and its effects on the crop have been favourable.
Burdwan	11,000	6 500	7,000	92	91	1st week of April Normal	The decrease in area as compared with the normal is due to less profit in cultivation. The weather and its effects on the whole have been fair.
Birbhum	9 100	8 700	8 800	100	100	1st part of April Normal	The slight decrease in area as compared with the normal is due to want of rainfall at the planting time. The weather was unsatisfactory at the sowing time. Subsequent rain was favourable to the growth of the crop.
Bankura	3,100	2 800	3 000	100	100	End of April Normal	The weather was favourable at the sowing time and its effects were good.
Midnapore	6 600	5 100	5,200	88	92	March Normal	The increase in area as compared with the estimate in the first forecast is due to extension of cultivation in the Jhargram subdivision. Want of rain was felt at the planting time but subsequently weather was favourable to the crop.
Hooghly	3 800	2 900	2 900	84	83	Ditto	The weather was fairly favourable on the whole.
Howrah	3 800	3,400	3 900	92	88	January Normal	The increase in area is due to decrease in jute cultivation. On the whole the weather was fairly favourable.
Rajshahi	7 500	9,000	9 000	100	100	December Normal	The increase in area as compared with the normal is due to more lands being utilised for the crop in place of jute. At the planting time the crop suffered for want of rain but subsequent weather was helpful to the crop. The effect of weather on the whole was favourable.
Dinajpur	29 500	19 200	19 400	83	98	Latter part of March Normal	The weather has been favourable on the whole.
Talpaiguri	5 000	5 000	5,100	100	100	Middle of February Normal	Ditto
Darjeeling	800	300	300	92	83	April Normal	More rain was wanted at the planting time but subsequent weather was beneficial to the crop.
Rangpur	21 900	30 000	25 000	100	85		The decrease in area is due to unfavourable weather at the planting time. Subsequent rainfall has been beneficial to the growth of crop. On the whole the weather has been favourable.
Bogra	4 000	6 000	6 000	90	70	January to March Normal	The weather was not good having drought at the planting time and afterwards very small rainfall in almost every day hampering weeding and interculture. Hence the condition of crop is fair.
Pabna	4 000	2 200	4,200	58	92	Beginning of February Normal	The weather on the whole has been favourable.
Malda	800	500	800	100	100	January to April Normal	The weather was favourable at the planting time and its effects on the growth of the crop were good.
Dacca	19,000	24,800	22 800	59	78	Lowland—November Normal	The increase in area as compared with the normal is due to the low price of jute. The weather on the whole has been fairly favourable.
Mymensingh	16,400	24 600	24 600	75	100	Highland—February and March Normal	The weather has been favourable.
Faridpur	6,700	7,800	8,900	90	100	Beginning of April Normal	
Bakarganj	18,200	29,000	32,000	92	100	Middle of January Normal	The weather was favourable throughout.
Chittagong	6,000	5,900	6 000	100	100	January Normal	The increase in area as compared with the normal is due to favourable market of gur and also less area having been put under jute. The weather has been favourable on the whole. Attack of Borers is reported from different centres.
Tippera	900	900	900	83	92	February and March Normal	The weather has been favourable.
Noakhali	800	1 600	1 600	50	50	April Normal	There was scarcity of rain at the planting time. Occasional rains afterwards were helpful to the growth of the crop. Effects of weather on the whole were favourable.
Chittagong Hill Tracts	1 100	1,100	1,100	67	67	November Normal	The weather at the planting time was not favourable on account of drought which retarded the growth of the crop. Hence the outturn is low. The weather has been fair.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 26th September 1932.

Summary.—During the week the rainfall was generally light. Transplantation of winter paddy seedlings is over; more rain is needed for the growth. Cutting, steeping and washing of jute still continue in some districts. Preparation of lands for spring crops is progressing under favourable conditions. State of standing crops is reported to be generally fair. Distress prevails in parts of Pabna where 37 persons attended the test relief works on the last day of the week ending on the 24th September 1932. The average price of common rice for the province has fallen by about 0.37 per cent. as compared with that of the previous week.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 5th October 1932.

Summary. - During the week rainfall was generally light over the greater part of the Presidency. More rain is urgently needed to help the growth and development of transplanted winter paddy, especially in West and parts of North Bengal. Preparatory tillage for early spring crops is proceeding favourably. Distress prevails in parts of Pabna where none attended the test relief works on the last day of the week ending on the 1st October 1932. The average price of common rice for the province has remained almost stationary as compared with that of the previous week.

NOTIFICATIONS.

No. 4858Pl.—13th October 1932.—The following draft of amendments, which, in exercise of the powers conferred by section 11 of the Indian Motor Vehicles Act, 1914 (VIII of 1914), the Governor in Council proposes to make in the rules regulating the use of motor vehicles in places in Bengal other than Calcutta (including suburbs) and the Municipality of Howrah, published under notification No. 12667P., dated the 3rd October 1917, as amended from time to time, is hereby published for the information of persons likely to be affected thereby.

The draft will be taken into consideration on or after the 1st November 1932, and any objection or suggestion received by the undersigned with regard thereto before that date will be duly considered:—

Draft amendments.

(1) *Substitute* the following for item (1) of rule 49 (i) in Part V of the said rules:—

(1) The Hill Cart Road from Sukna to Darjeeling.

(2) *Insert* the following new rule as sub-rule (v) of rule 49 in Part V:—

(v) All motor vehicles passing Sukna shall be liable to be weighed according to the procedure laid down below:—

(1) Any motor vehicle which appears to exceed 35 cwt. in weight or to have a heavy load whether of passengers or goods or both shall be stopped at Sukna and weighed on behalf of the Public Works Department by the Darjeeling-Himalayan Railway. No passenger may leave the vehicle and no article may be unloaded from the vehicle until it has been weighed.

(2) The station master or the assistant station master, Sukna, or any police-officer on duty at Sukna, is authorised to weigh any motor vehicle or to allow it to proceed without being weighed. Vehicles shall be weighed without unnecessary delay.

(3) Upward motor vehicles shall not be given their proceed orders under rule 53 until they have been weighed or permitted to proceed without being weighed.

(4) If an upward motor vehicle is found to have a gross weight over 35 cwt., its proceed order under rule 53 shall be refused until the load has been reduced to 35 cwt. If a downward motor vehicle is found to have a gross weight of over 35 cwt., the weighing officer will take full particulars of the vehicle and of the driver's licence and will report the matter to the Superintendent of Police, Darjeeling. The certificate of the station master shall accompany such reports.

No 4873Pl.—15th October 1932.—In exercise of the powers conferred by section 11 of the Indian Motor Vehicles Act, 1914 (VIII of 1914), the Governor in Council is pleased to make the following amendments in the rules regulating the use of motor vehicles in places in Bengal other than Calcutta (including suburbs) and the Municipality of Howrah, published under notification No. 12667P., dated the 3rd October 1917, as amended from time to time:—

Amendments.

I. *Insert* the following new rule as rule 45A after rule 45 in Part IV of the said rules (Motor-cars and heavy motor-cars used on hire for conveyance of passengers):—

"45A. **Conveyance of goods or merchandise.**—No motor-car registered for the conveyance of passengers on hire shall be used on hire for the transport of merchandise or goods other than the personal effects of passengers."

II. *Renumber* rule 45A inserted by notification No. 224Pl., dated the 15th January 1931, as rule 45B."

No. 4908Pl.—15th October 1932.—In exercise of the powers conferred by section 11 of the Indian Motor Vehicles Act, 1914 (VIII of 1914), the Governor in Council is pleased to make the following amendments in the rules regulating the use of motor vehicles in places in Bengal other than Calcutta (including suburbs) and the Municipality of Howrah, published under notification No. 12667P., dated the 3rd October 1917, as amended from time to time:—

C

Amendments.

I. *Delete* the note to clause (I) of sub-rule (v) of rule 49 in Part V of the said rules.

II. After rule 51A in Part V of the said rules, *insert* the following new rule, namely:—

“51B. (I) The overhang of a motor vehicle used for the conveyance of goods or fare-paying passengers on any hill road in the district of Darjeeling shall not exceed seven-twenty-fourths of the overall length of the said vehicle.

(2) The load of any motor vehicle plying in the district of Darjeeling shall not exceed 10 feet in height from the roadway or overlap the extreme length or width of the vehicle:

Provided that the Deputy Commissioner, Darjeeling, may, by order for special reasons to be recorded, permit the height or load to exceed 10 feet or the load to overlap the width or the length of the vehicle upon such conditions as may be specified in the order.”

III. After sub-rule (2) of rule 53 in Part V of the said rules, *insert* the following sub-rule, namely:—

“(3) The driver of every down-going motor vehicle when taking “proceed orders” at Tung Railway Station shall state whether or not he is going past Kurseong. The driver of every up-going vehicle shall give similar information at Mahanadi Railway Station.”

IV. After rule 54 in Part V of the said rules, *insert* the following sub-heading and rules, namely:—

“III.—Rules applicable to motor lorries for use on the Darjeeling Hill Cart Road between Sukna and Darjeeling.

55. Until further orders, the number of motor lorries, that is to say, motor vehicles specially adapted and used for the conveyance of goods, shall be limited to forty including motor mail vans for the purpose of plying on the Darjeeling Hill Cart Road between Sukna and Darjeeling.

56. (I) The Deputy Commissioner, after consulting the General Manager, Darjeeling-Himalayan Railway and such other interested persons as he may deem necessary to consult, may, with the approval of the Commissioner of the Rajshahi Division, regulate the times during which motor lorries may ply between Ghum and Sukna or any intermediate points on the road.

(2) Except in case of emergency, the nature of which shall be recorded, such timings shall not be altered without fresh consultation of the persons mentioned in sub-rule (I), and any

such alterations shall be subject to the approval of the Commissioner of the Rajshahi Division.

(3) The times so fixed or altered will be published by posting notices in conspicuous places in Siliguri, Darjeeling and all intermediate railway stations.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 12th October 1932.

Summary.—During the week there was practically no rainfall throughout the Presidency excepting scattered showers only in parts of some North and East Bengal districts. Rain is urgently needed to help the flowering of transplanted winter paddy. Preparation of lands for spring crops is progressing under favourable conditions. Test relief works in Pabna have been stopped. The average price of common rice for the province has risen by about 0·27 per cent. as compared with that of the previous week.

NOTIFICATIONS.

No 20726P.—25th October 1932.—Whereas the events of the last two years referred to below, the judicial decisions of criminal

courts and information in the possession of Government show that the outrage at the Assam-Bengal Railway Institute at Pahartali, near Chittagong, on the night of the 24th September 1932, was committed by members of a terrorist organisation, styling itself the "Indian Republican Army, Chittagong Branch," and that this organisation is recruited from the Hindu bhadraklok community of Chittagong town and district and is responsible for the raid on the Armoury at Chittagong, the murder of Inspector Tarini Mukherjee at Chandpur, the murder of Khan Bahadur Ahsanullah at Chittagong and the murder of Captain Cameron at Dhalghat; and whereas it can be confidently inferred from the known facts that the preliminary arrangements for the attack on the Railway Institute could not have been made and the plan itself executed without the knowledge of a great many people ordinarily resident in the locality;

And whereas it appears further that without the connivance of the local inhabitants it would not have been possible for as many as 12 persons to assemble and carry out the raid without detection, or to escape; and that many inhabitants of Chittagong town and neighbourhood should be able to throw light on the occurrence and its perpetrators but have so far failed to communicate their knowledge or their suspicions to the authorities, in response to the communiqué issued by the Government of Bengal on the 29th September 1932;

Now, therefore, as there are good grounds for the belief that persons concerned in the commission of the above offences and other acts prejudicial to the public security and to the maintenance of law and order are being harboured and assisted by the Hindu inhabitants of Chittagong town and neighbourhood, the Governor in Council, in exercise of the powers conferred upon him by subsection (1) of section 27 of the Special Powers Ordinance, 1932 (X of 1932), hereby imposes a collective fine of Rs. 80,000 on (1) the inhabitants of Chittagong who are owners or occupiers of holdings within the area of the Chittagong municipality which are assessed to municipal taxes and (2) the inhabitants of Pahartali railway colony, and the villages of Patya, Anwara, Kanungopara, Sarootali, Sakpura, Kattali and Gomdandi, subject to any order which may be passed exempting any person or class or section of such inhabitants from the liability to pay any portion of the fine.

2. It is further notified that in order to allow those inhabitants of the areas concerned who have recently formed watch and ward committees for the purpose of assisting the authorities in obtaining information about the movements of terrorists an opportunity of proving their good intentions, realisation of the fine will be postponed until December 1st, 1932. If in the interval information is forthcoming leading to the arrest of all or some of the perpetrators of the outrage of September 24th last, the local Government will, on receiving the recommendations of the local officers, make such adjustment in the amount of the fine and such further exemptions in any area or in the case of any individual as the circumstances may justify.

No. 20729P.—25th October 1932.—In exercise of the powers conferred by section 2 of the Bengal Emergency Powers Ordinance, 1932 (IX of 1932), the Governor in Council is pleased to make the following amendment in the Bengal Emergency Powers Rules, 1932, published under notification No. 13829P., dated the 10th June 1932, namely:—

Amendment.

After rule 7 of the said Rules, the following rule shall be inserted, namely:—

"7-A. (1) The District Magistrate, if, in his opinion, it is necessary for the purpose of preventing communication with absconders or attacks on the persons or property of His Majesty's subjects, or securing the safety of His Majesty's forces or police, may, by an order in writing, direct the inhabitants, or any class or section of the inhabitants, of any area specified in the order, to remain for a specified period not exceeding one month within the houses or homesteads in which they normally reside.

(2) Any person who contravenes an order made under sub-rule (1) shall be deemed to have committed an offence punishable under rule 19."

CALCUTTA, THE 25TH OCTOBER 1932.

RESOLUTION—No. 2953 MEDL.

Minister-in-charge: The Hon'ble Mr. Bijoy Prasad Singh Roy.

In view of the burden thrown on provincial revenues by the cost of providing nurses in the general hospitals of Calcutta, the Government of Bengal have decided that the whole question should be investigated by a committee representative of the various interests concerned.

2. The Calcutta Hospital Nurses Institution, originally established in 1859 to provide women nurses for the Medical College Hospitals, was first given Government assistance, of only Rs. 2,400 a year, in 1860, when its operations were extended to the Presidency General Hospital. The institution was at first a charity supported by European residents of Calcutta and provided skilled nurses for European patients only, but in 1867 its scope was extended to the provision of nurses for Indian patients also at the Medical College and Eden Hospitals. The Government grant was then raised to Rs. 8,400 a year, but in 1883 it was fixed at Rs. 15,000 (half the then annual cost), and later at three times the amount derived from private subscriptions up to a maximum of Rs. 37,500, which was afterwards increased to Rs. 50,000. In 1910 the maximum was raised again to Rs. 75,000, but the extension of the hospitals and the increase in the pay of the nurses made larger grants necessary, and in 1924 the figure was fixed at a lakh. In addition substantial extra grants have been given in recent years.

The following figures show how the expenditure of the institution has increased of late years:—

	Rs.
1914*	... 2,04,365
1920	... 2,77,281
1925	... 3,61,509
1930	... 4,21,545
1931	... 4,23,498

One of the principal sources of income of the institution is donations and subscriptions from European sympathisers. A large proportion of these subscriptions has always come from the business men of Calcutta, and these have recently showed a decrease owing to trade depression. Each year shows a growing deficit, and Government have been urged to double their contribution in order to assure the future of the institution. For the current year they have decided to give an emergency grant of Rs. 88,000, but they cannot lightly accept the liability for increased grants over an indefinite period. They fully realise the inestimable value of the work done by the institution, and recognise that the increase in its expenditure and the decrease in its funds are due to circumstances over which its committee has no control. But the Government revenue also has fallen, while demands upon their resources tend continually to grow; it is therefore becoming more and more difficult for Government to provide adequate funds towards the staffing of their hospitals with a sufficient number of efficient nurses.

The institution at present provides for nurses at the Presidency General and the Medical College Hospitals where they get a thorough training; in addition, under a special arrangement, the cost of which is not included in the figures quoted, it provides for nurses at the Carmichael Hospital attached to the School of Tropical Medicine and Hygiene. At the Campbell and Sambhunath Pandit Hospitals the nurses are not provided by the institution, the former of them is not a training centre for nurses and has a proportion of untrained nurses. Of the non-Government hospitals in Calcutta the Dufferin Hospital is a training centre for junior nurses, while it is claimed for the Belgachia Hospital that it has an effective system of nursing on lines cheaper than those followed in the Government hospitals.

Government have decided therefore to appoint the following committee to investigate the problem in all its aspects and in particular to consider whether any economies can be effected by obtaining for their hospitals a supply of well-trained and competent nurses, male or female, from new local sources without any lowering of the present standard:—

1. Lt.-Col. A. D. Stewart, as Chairman.
2. The President, Calcutta Hospital Nurses Institution.
3. Dr. J. N. Moitra, as representative of the Calcutta Corporation.
4. Principal, Medical College.
5. Surgeon-Superintendent, Presidency General Hospital.
6. Principal, Carmichael Medical College.
7. Lady Superintendent of the Lady Dufferin Hospital.
8. Mrs. A. N. Chowdhury.
9. Mr. L. M. Banerji, Medical College.
10. Rai Bahadur Dr. Haridhan Dutt.
- 11-12. Mr. C. G. Cooper, M.L.C., and Dr. R. M. Bradley, B.A., M.D., CH.M., as representatives of the principal subscribers to the Calcutta Hospital Nurses Institution.

J. C. ROY, for Director of Agriculture, Bengal.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 19th October 1932.

Summary.—During the week light and scattered showers fell in parts of West and East Bengal, elsewhere there was practically no rainfall. The standing crops especially in the highland tracts are suffering for want of rain. Preparation of lands for the spring crops is progressing favourably and sowing has commenced. The average price of common rice for the province has fallen by about 0.15 per cent. as compared with that of the previous week.

Dacca, the 24th October 1932.

J. C. ROY, for Director of Agriculture, Bengal.

**DEPARTMENT OF AGRICULTURE,
BENGAL.**

Dacca, the 22nd October 1932.

**Monthly Weather and Crop Report of Bengal for
September 1932.**

I. Character of the season.—During the month under review, the rainfall was much below the normal all over the province except only in the districts of Nadia, Jessore and Howrah and the Cooch Behar State where the fall was a little above the average. The usual rainfall statement is appended.

II. Progress of agricultural operations.—Harvesting of autumn paddy and transplantation of winter paddy were finished. Weeding of winter paddy continued. Cutting, steeping and washing of jute were nearing completion. Preparation of lands for early spring crops was progressing under favourable conditions.

III. State of standing crops.—The condition of sugarcane is reported to be generally satisfactory while that of transplanted winter paddy is fair.

IV. Prospects and probable outturn.—The prospects of standing crops including transplanted winter paddy were, on the whole, fair but more rain was needed for their growth. The outturns of autumn and winter paddy were estimated,

respectively, at 90 and 87 per cent. of the normal this year.

V. Damage to standing crops.—No damage to the standing crops was reported from any part of the province.

VI. Condition of agricultural stock.—The condition of live-stock was fair, on the whole. Sporadic cases of cattle-disease, however, were reported from ten districts of the province and from the Cooch Behar and the Tripura States.

VII. Failure of pasturage and fodder.—Supply of fodder was reported to be sufficient throughout the Presidency.

VIII. Prices of food-grains.—During the second fortnight of the month, the retail prices of common rice of the cheapest quality rose in five districts, fell in seven and remained stationary in the rest of the Presidency. The prices ranged from 15½ seers per rupee at Midnapore to 10 seers per rupee at Darjeeling.

IX. Condition of agricultural population.—The condition of agricultural people was generally fair except in parts of Pabna where distress still continued.

CORPORATION OF CALCUTTA.

NOTICE.

Central Municipal Office, the 27th October 1932.

In compliance with the provisions of section 481 of the Calcutta Municipal Act, 1923, it is hereby notified for general information that the Corporation of Calcutta propose to make the following by-law under clause 55 of section 478, regulating the fixing of labels on packages of articles of food or drug—

"Except in the case of articles of food or drug or a mixture thereof or packages containing the case exempted by these by-laws, there shall be legibly and durably printed, stencilled, impressed or marked on or attached to every package of articles of food or drug or mixture thereof or package containing the same a label which shall set out the following particulars and shall be of the prescribed form and kind.

2. In addition to the definition given in section 3 (38) of the Act, the term 'Label' shall mean any written, printed, pictorial or other descriptive matter written on or attached to any food or drug or any package or other container containing a food or drug for sale.

3. The principal label shall include the following particulars:—

(a) The trade-name or description.

(b) The place of manufacture or country of origin.

(c) The name and address of the manufacturer or packer of the contents of the package.

(d) In the case of a mixture of food or drug, a statement showing that it is such with the distinctive name if any under which it is sold and the names of the substances constituting it and the quantity or proportion of each of them.

(e) In the case of artificially coloured food or drug a statement showing that it is such and also regarding the nature of such colouring.

Explanation.—(a) The expression 'distinctive name' means a trade, arbitrary, or fancy name which clearly distinguishes a mixture of food or drug from any other mixture which shall not represent any single constituent of the mixture nor misrepresent any property, or quality of the mixture.

(b) An article containing more than one constituent of food or drug shall be deemed to be misbranded if it is named after a single constituent.

4. The particulars indicated above with such other information as may be required by law shall appear in the principal label in English as well as in Bengalee in capital letters of not less than 8-point (Brevier) capitals, provided that the distinctive name of a mixture of food or drug shall appear in printed capital letters not less than one and a half inches square.

5. The principal label shall appear on every food or drug or mixture thereof or package or other container containing the same sold to the purchaser on the top, bottom and sides. If there be one or more other labels, none of them should be more prominent than the principal label.

6. The label shall not contain any statement, design, device, fancy name or abbreviation which is false or misleading in any particular concerning the articles or the ingredients or substances contained therein or concerning the quality or the food value or the place of origin of the said ingredient or substances.

7. The use of any false or misleading statement, design or device appearing on any part of the label shall not be justified by any statement given as the opinion of an expert or other person nor by any descriptive matter explaining the use of such false or misleading statement, design or device.

8. Any person who shall commit a breach of any of the provisions of the foregoing by-laws shall be punished with fine which may extend to Rs. 50 and in the case of a continuing breach with fine which may extend to Rs. 10 for every day during which the breach continues after conviction for the first breach."

A printed copy of the by-laws is open to public inspection free of charge. It may also be purchased on payment of a fee of annas two from the Central Record-keeper, Central Municipal Office, on any working day between the hours of 12 and 3 p.m.

Any person having any objection to the proposed by-laws should submit the same on or before the 1st December, after which date the proposed by-laws will be further proceeded with.

J. C. MUKHERJEA,
Chief Executive Officer.

Calcutta. — No. 2095P.H. — 25th October 1932.—Dr. J. P. Chaudhuri is appointed to act as Third Assistant Port Health Officer, Calcutta, during the absence, on leave, of Dr. Nitai Lal Mitter.

Dacca. — No. 200T.P.II. — 27th October 1932.—In exercise of the power conferred by section 290 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), the Government of Bengal (Ministry of Public Health) are pleased to make the following rules subject to which the Commissioners of the Narayanganj Municipality, in the district of Dacca, may allow communication-pipes to be laid from the service-pipes of the Commissioners for the purpose of leading water to holdings within the municipality for domestic purposes only:—

So long as the Commissioners deem it practicable and consistent with the maintenance of an efficient water-supply, they may allow any owner or occupier of a holding paying water-rate imposed under the provision of Part VII of the Bengal Municipal Act, 1884, on the annual value of such holding, when such annual value is not less than Rs. 100, to lay down communication-pipes from the service-pipes of the Commissioners for the purpose of leading water to such holding for domestic purposes only, subject to the following rules and conditions:—

2 The owner or occupier of any holding requiring water to be laid on to such holding for domestic purposes, or requiring any addition or alteration to an existing water-supply, must apply for the same on a printed form to be supplied free of cost at the municipal office.

A fee on the following scale must be paid by such owner or occupier for each connection before any work is commenced:—

Valuation of holdings			Fees.
Rs.	Rs.		Rs.
From 100 to 150	..	..	100
.. 151 to 200	..	..	150
.. 201 to 300	..	..	200
.. 301 to 500	..	..	250
.. 501 to 800	..	..	350
.. 801 to 1,500	..	..	500
.. 1,501 and above	..	..	750

This fee must be paid at the time when the application for the connection is deposited and will be in addition to all other costs and charges imposed under these rules.

3. (i) Each holding shall have a separate connection from a service or branch main, and extensions from the communication-pipe of one holding to another shall not be allowed.

(ii) A branch main may be allowed to rate-payers applying for the same at their own expense, and connections from the branch main may be extended to holding. Such branch main when laid down shall be the property of the Municipal Commissioners.

(iii) If the Commissioners in a meeting are satisfied that an adequate supply to any holding cannot be given through a single connection, they may sanction a second connection thereto on payment of the usual premium for a fresh connection.

4. The owner or occupier of the holding in respect of which the connection is required

must pay the entire cost of the connection including the supply and fixing of the fittings referred to in rule 7, and must also pay the cost of such alteration in, or repairs to, roads, drains, sewers, gas or water mains, pipes, electric cables and the cost of such other works as may be necessitated by, or resulting from, the work of making such connection.

5. The owner or occupier of the holding to which a connection has been given must, at any time, on receipt of notice to do so from the Commissioners, pay the entire cost of any repairs or alterations to the connection or any part thereof that the Commissioners may consider necessary to put it into a satisfactory condition or which may be necessitated by any change in the municipal waterworks or system of distribution, or by the defective condition of the connection or any part thereof, or by any other cause whatsoever.

6. (i) The works required may, at the option of the Commissioners, either be carried out by the Commissioners themselves at the expense of the owner or occupier of the holding in respect of which the work is required, or may be carried out by a person or firm employed by such owner or occupier and approved by the Commissioners.

(ii) No laying down, repairs, alterations, removal or extension of any communication-pipes and fittings shall be undertaken except under the direct supervision of the Waterworks Engineer of the municipality, and for such supervision the owner or occupier of the holding in respect of which the work is required shall pay a fee at the rate of Rs. 5 per cent. on the entire cost of the connection.

7. A holding connection shall comprise the following parts or fittings:—

(a) A brass or gun-metal ferrule inserted in the main supply-pipe.

(b) A galvanized-iron communication-pipe from the ferrule to the meter.

(c) A stop-cock and its surface-box.

(d) A meter.

(e) Service-pipes from the stop-cock to the taps.

(f) Taps.

8. (i) All fittings referred to in rule 7 shall be exact duplicates of standard samples kept in the office of the Commissioners and approved by them in meeting.

(ii) All fittings shall be inspected and tested and stamped by an officer of the municipality before being fixed.

(iii) If any owner or occupier shall desire to adopt any fittings of a pattern different from the standard pattern, he must present such fittings for the approval of the Chairman and any fittings so presented may, if considered satisfactory by the Chairman, be stamped and samples thereof may be purchased and placed among the standard fittings.

9 Every communication-pipe must be capable of withstanding a pressure of a column of water 100 feet in height and must be of a quality approved by the Waterworks Engineer of the municipality.

10. The size of the ferrule and the diameter of the communication-pipe referred to in clauses (a) and (b) of rule 7 and the number of taps shall be fixed in accordance with the annual valuation of the holding as follows:—

Annual valuation of holding.	Size of ferrule.	Diameter of communication pipe.	No of taps.
Under Rs. 200	1/2"	1"	1
From Rs. 200 to 399	1"	1"	2
" Rs. 400 to 599	1"	1"	3
" Rs. 600 to 899 7/16"	1"	1"	4
" Rs. 900 to 1,199	1"	1"	5
" Rs. 1,200 to 1,499	1"	1"	6
" Rs. 1,500 to 1,999	1"	1"	7
" Rs. 2,000 and over.	One extra tap for every additional Rs. 1,000.		

11. The stop-cock which shall be fitted in a brick-chamber provided with a cast-iron surface-box shall be placed as near as practicable to the point where the supply-pipe enters the holding to be supplied, but shall not be within any private premises. The surface-box shall be so designed that it can be locked, and the key of it shall remain under the control of the Waterworks Engineer. The stop-cock shall be capable of adjustment so that the supply to the holding may be regulated thereby.

12. (i) The meter shall be placed as near to the stop-cock as possible and in a position where it can be conveniently examined

(ii) The meter must be fixed in a brick-chamber covered over with a cast-iron surface-box of approved pattern with locking arrangement, and the key of the box shall remain under the control of Waterworks Engineer

13. Neither the stop-cock nor the meter shall ordinarily be placed in any private premises, but if placed so at the request of the owner, the officers authorised by the Commissioners to inspect or read meters will have free access to that place.

14. The Commissioners shall depute an authorised person to read every meter not less than once a quarter and shall give notice to the occupier at least 24 hours before the reading is recorded.

15. In the event of a meter ceasing to register, the quantity of water consumed during the period the meter ceased to act shall be calculated on the basis of the average consumption of water of the holding for the last four quarters.

16. (i) Every owner or occupier of any holding in respect of which a connection is made under these rules shall be entitled to a supply of 3,000 gallons of water per quarter for each rupee paid by him quarterly as water-rate in respect of such holding.

(ii) For all water in excess of the amount allowed under sub-rule (i) such owner or

occupier shall be charged quarterly as follows:—

(a) For any excess quantity of water not exceeding one half of the amount of the free allowance—Annas 6 per 1,000 gallons.

(b) For any excess quantity of water exceeding one half of the amount of the free allowance but not exceeding the amount of the free allowance—Annas 8 per 1,000 gallons.

(c) For any excess quantity of water exceeding the amount of the free allowance but not exceeding twice the amount—Annas 12 per 1,000 gallons.

(d) For any excess quantity of water exceeding twice the amount of the free allowance—Rs 1-4 per 1,000 gallons.

17. The Commissioners may cut off the connection between any waterworks of the municipality and any holding to which water is supplied from such works, or may turn off such supply, in any of the following cases, viz :—

(a) If the holding is unoccupied.

(b) If the occupier refuses to admit any officer duly empowered in that behalf into the holding for the purposes of making any examination or inspection authorised under the Bengal Municipal Act or under any by-law or rule framed under this Act, or prevent such officer from making such examination or inspection.

(c) If the owner or occupier of the holding touches or interferes with the meter in any way except with the permission of the Chairman or wilfully or negligently injures or damages it.

(d) If the owner or occupier of the holding wilfully or negligently permits waste of water in such volume as will, in the opinion of the Chairman, endanger the water-supply in the neighbourhood.

(e) If the owner or occupier of the holding shall refuse or neglect to pay any of the fees or charges imposed in accordance with these rules for a space of fourteen days after he has been served with a notice of demand for the same.

(f) If the owner or occupier of the holding constructs or fixes any cistern, tanks, reservoir, taps, pipes or any other works in connection with the water-supply not authorised by these rules.

(g) If the pipes, taps, ball-cocks, cisterns or any other parts of the connection are in a leaking condition or in a state of disrepair.

(h) If the owner or occupier fails to observe any of the rules and conditions made in these rules:

Provided that such disconnection or turning off of a water-supply shall not relieve any person from any liabilities which he may have incurred under these rules.

In the circumstances contemplated in clause (d) an officer authorised by the Commissioners in this behalf by a general order shall have the power to turn off the supply for a period not exceeding eight hours on his previously recording his reason in writing.

18. Every tap shall have the same size as the pipe to which it is attached and shall be of brass and of the pattern known as "Screw down." Every tap shall be at least 3 feet above the surface of the ground beneath it.

19. No cistern, tank or reservoir of any description which is intended to be supplied with water from the municipal waterworks shall be permitted to any holding except with the sanction of the Chairman, and such sanction shall distinctly specify the dimensions and capacity of the cistern, tank or reservoir allowed. The inlet to every such cistern, tank or reservoir must be controlled by an efficient ball-cock, so that the discharge thereinto is completely stopped when the cistern, tank or reservoir is full. Any taps fed from such cistern, tank or reservoir must be included in the number of taps allowed under rule 10.

20. No connection shall be permitted to any holding unless and until the owner or occupier makes effective provision to the satisfaction of the Commissioners for draining all waste water away.

21. (i) Whenever any communication-pipe has to be laid across a sewer or open drain or in any place where, in the opinion of the Commissioners, it is liable to injury or contamination, such pipe shall be laid through a cast-iron pipe of sufficient length to afford due protection to the communication-pipe.

(ii) No more bends or elbows than are absolutely necessary shall be allowed in any communication-pipe. No bend by heating and no gradual bend or long sweep as is likely to cause the pipe to split shall be allowed.

22. Rules 1 (so far as it relates to addition and alteration to an existing water-supply), 11, 14, 15, 16, 17 and 19 shall apply to the connections given before the issue of these rules.

II. Notifications No. 488M. and No. 143-P.H., dated the 18th February 1914 and 22nd January 1924, respectively, are cancelled.

COMMERCE DEPARTMENT.

NOTIFICATION.

No. 1260 T. Com.—26th October 1932.—The following draft of rules which, in exercise of the powers conferred by sub-section (2) of section 71 of the Indian Partnership Act, 1932 (IX of 1932), the Governor in Council proposes to make, is published, as required by sub-section (3) of the said section, for the information of all persons affected thereby.

II. The said draft will be taken into consideration on or after the 3rd December 1932. Any objection or suggestion which may be received by the undersigned from any person with respect to the draft before the aforesaid date will be considered:—

Draft Rules.

- [Under section 71 of the Indian Partnership Act, 1932 (IX of 1932).]

1. These rules may be called the Bengal Partnership Rules, 1932.
2. In these rules, unless there is anything repugnant in the subject or context,

- (a) "the Act" means the Indian Partnership Act, 1932;
- (b) "firm" means a body of persons consisting of two or more partners, to which the Act applies;
- (c) "Registrar" means an official appointed by the Local Government under section 57 of the Act to perform the functions of the Registrar of Firms for the Presidency of Bengal; and
- (d) "document" includes statements, intimations, notices, prescribed by the Act;
- (e) "Form" means a Form appended to these rules.

3. The documents required to be filed with the Registrar under sections 58 (1), 60, 61, 62 and 63 shall be deemed to be duly verified if they are signed and certified by a partner or by a specially authorised agent on behalf of a partner declaring the statements made therein to be true to his knowledge and belief in the presence of at least one witness who shall attest the signature by signing his name, provided that when a document is verified by a specially authorised agent, the original power-of-attorney or an expressed letter of authority from the partner concerned shall be required to be produced for the inspection of the Registrar to prove the authentication.

4. (1) The "Register of Firms" to be maintained by the Registrar under section 59 of the Act shall be in Form VII.

(2) The statement required under section 58 of the Act for the registration of a firm shall be in Form I.

(3) The statement under section 60 of the Act, relating to changes in the firm's name and the principal place of business shall be in Form II.

(4) The notice under section 61 of the Act of closing and opening of branches shall be in Form III.

(5) The notice under section 62 of the Act of changes in the names and addresses of partners shall be in Form IV.

(6) The notice of alteration in the constitution of a firm and dissolution of a firm, under section 63 (1) of the Act shall be in Form V.

(7) The notice of withdrawal of a minor partner, under section 63 (2) of the Act shall be in Form VI.

(8) An Index to the Register of Firms shall be maintained by the Registrar in Form VIII.

5. The notice of an alteration which is required to be filed with the Registrar under sections 60, 61, 62 and 63 of the Act shall be filed within fifteen days from the date of occurrence.

6. On receipt of every statement, intimation, notice or any other document required by the Act to be filed or registered in his office, the Registrar shall examine it and if it is found to be defective or incomplete in any of the particulars required to be given therein, or not verified in the manner prescribed by these rules or in any way not in accordance with the provisions of the Act or these rules, he shall return it to the person who applied for filing or recording or to the firm concerned; and until proper rectification or completion is made, he shall not register or file the document in question, nor shall he file or register the same unless and until the prescribed fees are paid to and received by him. The Registrar shall, pending the receipt of such fees, act in the same way as if no such document or fact had been tendered for filing or recording or registration.

7. The Registrar may acknowledge the receipt or the filing of any document after necessary entries have been made in the "Register of Firms."

8. The Registrar may in his discretion institute such enquiries or make such investigation in respect of any matter as may in his opinion be necessary for the proper performance of his duties and the administration of the Act, specially when a dispute arises amongst the several partners of a firm. The Registrar may in his discretion call upon any of the partners or all of them to produce any original deed, document or such other evidence as he thinks fit in order to ascertain the rights of the respective parties.

9. The office of the Registrar shall be situated in Calcutta and shall be open for business (Sundays and authorised holidays excepted) between the hours of 11 a.m. and 4-30 p.m.

10. (1) Any person may inspect the documents and the "Register of Firms" kept by the Registrar on payment of eight annas as for each inspection of all documents relating to one firm and a further fee of eight annas for each inspection of the particulars of any specified firm in the said Register.

(2) Any person shall, on application to the Registrar, be supplied with a certified copy or extract of any of the documents or any of entries or portion thereof in the "Register of Firms" upon payment of four annas for each hundred words or part thereof.

(3) The Registrar shall not permit any person to inspect the said Register except with respect to any particular firm named by the party requiring inspection, nor shall he permit any member of the public to make copies of or extracts from any of the document or the "Register of Firms" kept by him.

11. Where the Registrar has reasonable cause to believe that a registered firm is not carrying on business or is not in operation or that it is finally dissolved but the prescribed intimation has not been given, he shall send by post to every partner of the firm at its last known address a letter enquiring whether the firm is carrying on business or is in operation.

If the Registrar receives an answer from any of the partners to the effect that the firm is not carrying on business or is not in operation or if he does not within one month from the date of the posting of the letter receive any answer he shall publish, in the local official Gazette and send to all the partners by registered post, a notice that at the expiration of three months from the date of that notice the name of the firm mentioned therein shall, unless cause is shown to the contrary, be struck off and the firm shall be dissolved and the registration shall be deemed cancelled.

At the expiration of the time mentioned in the notice the Registrar shall, unless cause is shown previously by the partners, strike its name off the register, and shall publish notice thereof in the local official Gazette and on the publication in the official Gazette the firm shall be dissolved.

Filing fee Rs. 3.

APPORTIONMENT ORDER.

Malda.—No. 943T.R.—29th October 1932.—Under section 114 of the Bengal Tenancy Act, 1885 (Act VIII of 1885), the Governor in Council has determined that in police-stations Bamangola, Gazole, Malda, Kharba and Harischandrapur in the district of Malda, where the preparation of record-of-rights has been undertaken under notification No. 16035-L.R., dated the 24th August 1928, the landlords' and tenants' share of cost for the survey and the preparation of record-of-rights, including the estimated cost of maintenance of boundary marks for a period of fifteen years, shall be apportioned and recovered as specified below:—

(1) The rate of Rs. 1-4 shall be levied per acre, of which the raiyats including persons holding non-agricultural tenancies shall pay 8 annas per acre and their landlords of all grades together 12 annas per acre.

Common lands such as rivers, roads, khals, burning ghats, etc., shall be excluded from assessment, but not tanks even if used for irrigation.

(2) Landlords shall pay the raiyats' share for lands in their khas possession and raiyats shall pay the full raiyati rate for lands covered by their holdings.

(3) Rent-free holders, whether of the degree of raiyats or tenure-holders, shall pay the whole of the landlords' share for their lands.

(4) As between the different grades of landlords, the landlords' share shall be apportioned thus:—

(a) Permanent tenure-holders, whose rent or rate of rent is fixed in perpetuity, shall pay their own share of the cost and that of the landlords superior to them.

(b) Other permanent tenure-holders and temporary tenure-holders, whose lease has over fifteen years to run, shall pay $\frac{1}{4}$ th of the landlords' share and their landlords shall pay the remaining $\frac{3}{4}$ th.

(c) Temporary tenure-holders, whose lease has fifteen years to run, shall pay $\frac{15}{16}$ th of the share they would pay in accordance with (b) above, if they were permanent tenure-holders, and if less than fifteen years, proportionately according to the number of years of the lease to run; and

(d) Temporary tenure-holders, who do not hold on a lease or for a fixed term, shall pay half of the landlords' share.

Explanation.—The calculation shall be made from the lowest grade of landlords immediately above the raiyats. The period for which the lease of the tenure or under-tenure is to run, is to be reckoned in each case from the close of the agricultural year in which the record is finally published.

(5) (a) Under-raiyats having a right of occupancy or protected by section 48 C (e) (i) (1) and (2), shall pay at the rate of 4 annas for a tenancy or part of a tenancy recorded in one village;

(b) other under-raiyats shall be exempted from assessment.

(6) The calculation shall be made—

(a) to the nearest anna;

(b) areas less than one acre shall be charged for as one acre;

(c) for broken areas over one acre, there shall be no charge for the broken portion, if less than half an acre; but if the broken portion be half an acre or upwards, it shall be taken as a full acre; and

(d) the minimum charge for any tenancy or part of a tenancy recorded in one village shall be 4 annas only.

NOTIFICATION.

Annual Examination of Pleaders in Surveying, 1933.

Calcutta, the 15th October 1932.

(See Government notification No. 3157J., dated the 25th November 1909, modified in Government notification No. 320J.D., dated the 16th July 1914.)

1. The next examination will be held in February 1933 and will be conducted at the following centres (provided that not less than five names be registered at each centre):—

B. E. College and Dacca in Bengal, and Patna in Bihar and Orissa.

2. Each examination is complete in itself. A candidate will be required to pass by every test and will not be exempted from any test on the ground that he has previously satisfied the examiner in it.

3. Candidates practising in the Courts of the Presidency, Rajshahi and Burdwan Divisions will be required to present themselves at the B. E. College; those practising in Patna, Tirhoot, Bhagalpur, Orissa and Chota Nagpur Divisions, at Patna; and those in Dacca and Chittagong Divisions and in Assam, at Dacca.

4. In the event of more than 20 or less than 5 names being registered for examination at any one centre, the Secretary may direct the candidates to present themselves at any other centre.

5. No candidate will be admitted to the examination unless he has been enrolled as a pleader and—

(i) has obtained credit for attendance at the special course of instruction at the B. E. College, Patna or Dacca, in 1929, 1930, 1931 or 1932, and has not previously appeared at the examination more than twice, or

(ii) has been registered for admission to the Intermediate Engineering Examination of the Calcutta University, or

(iii) has passed the Sub-Overseer examination, or

(iv) has obtained the Surveyor's certificate of one of the Government Survey Schools, or

(v) has been specially exempted from the operation of this rule by the Board controlling the examination.

6. Candidates wishing to appear at the examination will apply upon the prescribed registration form, obtain the necessary counter-signature of the District Judge in whose Court he is enrolled, and forward the same so as to reach the office of the Principal, Bengal Engineering College, in the case of candidates practising in the law courts of Bengal and Assam, and to the office of the

Principal, Bihar College of Engineering, in the case of candidates of Bihar and Orissa, not later than the 6th January 1933. The form may be had from the Principal, Bengal Engineering College, or from the Principal, Bihar College of Engineering.

7. Each application must be accompanied by a receipt from the local treasury certifying to the receipt of the Examination fee of Rs. 50, which fee will in no case be returned.

8. The exact date of the examination and the proposed programme will be communicated to candidates by the officer who has registered their names.

Pleaders' Survey Training Classes, 1933.

Botanic Garden P. O., the 15th October 1932.

1. Classes for the training of pleaders in surveying will be opened in January 1933, in connection with the Bengal Engineering College, the Bihar College of Engineering, Patna, the Ashanulla School of Engineering, Dacca, provided sufficient candidates register their names at each centre.

2. The course will last for six weeks and will consist of practical work combined with class instruction. The routine and hours of attendance will be settled by the heads of the institutions, who will also decide the exact locality in which the classes will be held and date of the opening.

3. Pleaders must make their own arrangements for attending this course. No tent or other residential accommodation will be provided.

4. Credit for attendance at these classes will not be given unless the pleader has been present for 80 per cent. of the working days and for the full working hour for each day. The attendance must be distributed over the course so that no subject is neglected.

5. Candidates who desire to undergo the course of training must apply to the Principal, Bengal Engineering College, in the case of candidates practising in the law courts of Bengal and Assam, and to the Principal, Bihar College of Engineering, in the case of candidates of Bihar and Orissa, for registering their names not later than the 30th November 1932. The application of a candidate must be endorsed by the District Judge. It should state the centre which the candidate wishes to join, i.e., Bengal Engineering College, Patna or Dacca, and should be accompanied by a remittance receipt from the local treasury certifying that the fee of Rs. 100 has been paid into the treasury to the credit of the Secretary, Pleaders' Survey Examination Board.

6. The registering officer will allot candidates to the centre, consulting their wishes as far as possible, giving not more than 24 and not less than 8 to a centre. He will then inform the candidates as to the locality and the date of opening of the class.

7. The following is the syllabus of instruction:—

No definite text-books are prescribed—

(a) Practical work—

Chain surveying, prismatic compass surveying, plane tabling and levelling.

(b) Class work—

Use of mathematical instruments, construction of scales, mensuration of area, plotting, variation of compass, preparation of field-books from maps, elementary principle of levelling and plotting of level section.

Candidates who obtain the required percentage of attendance at this course are qualified to appear at the Pleaders' Survey Examinations to be held in 1934, 1935, 1936 and 1937.

A. MACDONALD,
Secy., Pleaders' Survey Examn. Board.

NOTIFICATION.

Annual Examination of Pleaders in Surveying, 1933.

Calcutta, the 15th October 1932.

(See Government notification No. 3157J., dated the 25th November 1909, modified in Government notification No. 320J.D., dated the 16th July 1914.)

1. The next examination will be held in February 1933 and will be conducted at the following centres (provided that not less than five names be registered at each centre):—

B. E. College and Dacca in Bengal, and Patna in Bihar and Orissa.

2. Each examination is complete in itself. A candidate will be required to pass by every test and will not be exempted from any test on the ground that he has previously satisfied the examiner in it.

3. Candidates practising in the Courts of the Presidency, Rajshahi and Burdwan Divisions will be required to present themselves at the B. E. College; those practising in Patna, Tirhoot, Bhagalpur, Orissa and Chota Nagpur Divisions, at Patna; and those in Dacca and Chittagong Divisions and in Assam, at Dacca.

4. In the event of more than 20 or less than 5 names being registered for examination at any one centre, the Secretary may direct the candidates to present themselves at any other centre.

5. No candidate will be admitted to the examination unless he has been enrolled as a pleader and—

(i) has obtained credit for attendance at the special course of instruction at the B. E. College, Patna or Dacca, in 1929, 1930, 1931 or 1932, and has not previously appeared at the examination more than twice, or

(ii) has been registered for admission to the Intermediate Engineering Examination of the Calcutta University, or

(iii) has passed the Sub-Overseer examination, or

(iv) has obtained the Surveyor's certificate of one of the Government Survey Schools, or

(v) has been specially exempted from the operation of this rule by the Board controlling the examination.

6. Candidates wishing to appear at the examination will apply upon the prescribed registration form, obtain the necessary counter-signature of the District Judge in whose Court he is enrolled, and forward the same so as to reach the office of the Principal, Bengal Engineering College, in the case of candidates practising in the law courts of Bengal and Assam, and to the office of the Principal, Bihar College of Engineering, in the case of candidates of Bihar and Orissa, not later than the 6th January 1933. The form may be had from the Principal, Bengal Engineering College, or from the Principal, Bihar College of Engineering.

7. Each application must be accompanied by a receipt from the local treasury certifying to the receipt of the Examination fee of Rs. 50, which fee will in no case be returned.

8. The exact date of the examination and the proposed programme will be communicated to candidates by the officer who has registered their names.

Pleaders' Survey Training Classes, 1933.

Botanic Garden P. O., the 15th October 1932.

1. Classes for the training of pleaders in surveying will be opened in January 1933, in connection with the Bengal Engineering College, the Bihar College of Engineering, Patna, the Ashanulla School of Engineering, Dacca, provided sufficient candidates register their names at each centre.

2. The course will last for six weeks and will consist of practical work combined with class instruction. The routine and hours of attendance will be settled by the heads of the institutions, who will also decide the exact locality in which the classes will be held and date of the opening.

3. Pleaders must make their own arrangements for attending this course. No tents or other residential accommodation will be provided.

4. Credit for attendance at these classes will not be given unless the pleader has been present for 80 per cent. of the working days and for the full working hour for each day. The attendance must be distributed over the course so that no subject is neglected.

5. Candidates who desire to undergo the course of training must apply to the Principal, Bengal Engineering College, in the case of candidates practising in the law courts of Bengal and Assam, and to the Principal, Bihar College of Engineering, in the case of candidates of Bihar and Orissa, for registering their names not later than the 30th November 1932. The application of a candidate must be endorsed by the District Judge. It should state the centre which the candidate wishes to join, i.e., Bengal Engineering College, Patna or Dacca, and should be accompanied by a remittance receipt from the local treasury certifying that the fee of Rs. 100 has been paid into the treasury to the credit of the Secretary, Pleaders' Survey Examination Board.

6. The registering officer will allot candidates to the centre, consulting their wishes as far as possible, giving not more than 24 and not less than 8 to a centre. He will then inform the candidates as to the locality and the date of opening of the class.

7. The following is the syllabus of instruction:—

No definite text-books are prescribed—

(a) Practical work—

Chain surveying, prismatic compass surveying, plane tabling and levelling.

(b) Class work—

Use of mathematical instruments, construction of scales, mensuration of area, plotting, variation of compass, preparation of field-books from maps, elementary principle of levelling and plotting of level section.

Candidates who obtain the required percentage of attendance at this course are qualified to appear at the Pleaders' Survey Examinations to be held in 1934, 1935, 1936 and 1937.

Chittagong, the 31st October 1932

A J DASH, Commissioner.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 2nd November 1932.

Summary.—During the week the rainfall was generally light to moderate. Excessive rain during the latter part of the week is retarding the progress of agricultural operations for spring crops. Prospects of other standing crops are on the whole fair. The average price of common rice for the province has fallen by about 0.12 per cent as compared with that of the previous week —

NOTIFICATION.

No. 755S.B.—4th November 1932.—The following extracts from the Report on the Administration of the Stamp Department in Bengal during the three years ending the 31st March 1932, are published for general information.

E. N. BLANDY,

Sery. to the Govt. of Bengal.

Report on the administration of the Stamp Department for the triennium ending the 31st March 1932.

I am directed to submit for the information of the Government of India the following report on the administration of the Stamp Department in Bengal for the 3 years ending the 31st March 1932.

3. **Financial results.**—The receipts which in 1928-29, the last year of the preceding triennium, were Rs. 3,64,48,439 rose to Rs. 4,00,97,779 in 1929-30, but fell to Rs. 3,21,50,290 in 1930-31. During the last year of the period under review the receipts amounted to Rs. 2,78,52,961. They comprise those reported by the Accountant-General, Bengal, plus Rs. 4,33,461 paid to the Calcutta Improvement Trust, being the collection of the increased stamp duty leviable under section 82 of the Calcutta Improvement Trust Act, 1911, and Rs. 11,30,000, being the provincial share of the sale-proceeds of unified stamps credited to non-postal revenues. This was a decrease of Rs. 42,97,329 or 13.4 per cent. as compared with receipts in 1930-31 and of Rs. 1,22,44,818 or 30.5 per cent. less than those of 1929-30. The decrease occurred both under judicial and non-judicial stamps.

5. **A—Judicial Stamps.**—The sale-proceeds of Court-fee stamps (excluding stamps for copies) fell continuously during the triennium under review. The receipts during 1931-32 were Rs. 1,99,61,160 against Rs. 2,23,17,632 in 1930-31 and Rs. 2,82,83,002 in 1929-30. Compared with 1930-31 there was a marked decrease in 1931-32 of Rs. 23,56,472, which was shared by all the Divisions except one, viz., Burdwan, which yielded a net increase of Rs. 1,330 only. Of this decrease Calcutta alone accounted for Rs. 15,39,199; this was mainly due to the absence of unusual receipts on account of probate duties such as had occurred in the year before. The decline, in general, in almost all the districts in the Presidency was attributed to a large drop in the number and value of money suits owing to the general economic depression.

The receipts from the sale of stamps for copies also fell from Rs. 9,79,209 in 1929-30 to Rs. 7,97,959 in 1930-31 and to Rs. 6,57,912 in 1931-32.

With effect from the beginning of the first year of the triennium transactions on account of plain paper were classified as an item of stationery and adjusted under "Stationery and Printing" instead of under "Stamps."

6. **Non-Judicial Stamps.**—The revenue derived from the sale of non-judicial stamps during 1931-32 amounted to Rs. 72,25,681 and showed a decrease of Rs. 17,81,280, or 19.8 per cent. as compared with 1930-31, and of Rs. 35,72,007, or 33 per cent. as compared with that of the first year of the triennium. The decrease occurred mainly under the heads of "Impressed Stamps," "Impressed Labels or Special Adhesive Stamps," "Foreign Bill Stamps," "Share Transfer Stamps" and "Miscellaneous Receipts."

7. **Impressed Stamps.**—The receipts from the sale of impressed stamps (the most important item among non-judicial stamps) showed a continuous decrease during the three years under review. The revenue which amounted to Rs. 54,13,323 in 1929-30 fell to Rs. 40,17,090 in 1930-31 and to Rs. 34,34,087 in 1931-32. The decline in revenue was shared by all the Divisions and was due to the general economic depression.

8. **Hundies or Inland Bills of Exchange.**—The revenue derived from the sale of hundi or bill of exchange stamps fell from Rs. 92,150 in 1929-30 to Rs. 54,130 in 1930-31 and to Rs. 43,876 in 1931-32. The decrease was attributed to the general depression in trade.

9. **Impressed Labels or Special Adhesive Stamps.**—The receipts from the sale of these stamps rose from Rs. 24,89,143 in 1929-30 to Rs. 24,98,127 in 1930-31, but in 1931-32 fell to Rs. 16,80,988. The sale of these stamps is almost confined to Calcutta which contributed 99.9 per cent. of the total revenue from this source; the marked decrease (Rs. 8,16,762) which occurred during the last year of the triennium, was due to the depressed condition of trade, especially in jute, tea and coal.

10. **Foreign Bill Stamps.**—The receipts from these stamps, which are sold mainly in Calcutta, amounted to Rs. 1,19,662 in 1931-32 against Rs. 1,72,182 in 1930-31 and Rs. 3,22,823 in 1929-30. The same causes account for the fall in revenue.

11. **Share Transfer Stamps.**—The sale of these stamps, which are used for payment of stamp duty on the transfer of shares of public limited companies, is practically confined to Calcutta. The receipts which amounted to Rs. 6,43,157 in 1929-30 fell to Rs. 4,13,267 in 1930-31 and to Rs. 2,12,162 in 1931-32. The same explanation is given for the decline.

12. Stamps for Legal Practitioners' Licences.—The receipts from the sale of these stamps fell from Rs. 2,71,178 in 1929-30 to Rs. 2,39,961 in 1930-31 and to Rs. 2,32,069 in the last year of the triennium.

13. Notarial Stamps.—These stamps were sold only in Calcutta and Chittagong during the triennium. The sale in the year 1931-32 amounted to Rs. 5,559 as compared with Rs. 9,539 and Rs. 8,028 in the two preceding years.

14. Forms for Agreements and Contracts chargeable with two-anna coloured impressions.—The revenue from this source, which is confined to Calcutta only, fell from Rs. 7,281 in 1929-30 to Rs. 5,470 in 1930-31, but in 1931-32 rose to Rs. 5,941.

15. Forms for Cheques and Receipts.—The revenue derived from the sale of these forms, which are stamped with one-anna coloured impressions, fell from Rs. 52,224 in 1929-30 to Rs. 42,128 in 1930-31 and to Rs. 47,458 in the last year of the triennium.

16. Miscellaneous Receipts.—The receipts under this head were mainly derived from the duty and penalty realised under sections 32, 35, 37, 40 and 41 of the Stamp Act, 1899. The income from these sources rose from Rs. 3,68,381 in the first year of the triennium to Rs. 4,25,067 in 1930-31, but fell to Rs. 3,13,879 in 1931-32. The bulk of the revenue under this head is contributed by Calcutta.

17. Arrangements for the sale of Stamps.

The total number of vendors engaged in the sale of judicial and non-judicial stamps during the year 1931-32 was 5,367 against 5,634 and 5,799 in the previous two years. The expenditure on discount allowed to stamp vendors during 1931-32 was Rs. 2,62,234, this was a decrease of Rs. 34,232 and Rs. 1,15,800 respectively compared with the two previous years. The decrease was due to smaller sales of stamps, both judicial and non-judicial. The average discount per vendor during the triennium under report was Rs. 56 against Rs. 83 in the preceding period.

18. Punitive action of the Courts and Revenue Offices.

The total number of cases dealt with by the Civil Courts decreased from

1,737 in 1929-30 to 1,572 in 1930-31 and to 1,403 in the last year of the triennium. The duty and penalty realised by the Civil Courts also fell from Rs. 16,791 in 1929-30 to Rs. 14,788 in 1930-31 and to Rs. 14,081 in 1931-32. The number of cases dealt with by Revenue Offices fell from 3,477 in 1929-30 to 2,608 in 1930-31 and to 1,754 in the last year of the triennium. The amount of duty and penalty realised in these cases amounted to Rs. 40,983 in 1931-32, as compared with Rs. 57,698 and Rs. 63,474 in 1930-31 and 1929-30, respectively.

19. * * * * *
The number of cases instituted, as well as that of persons brought to trial fell during the triennium as follows:—five hundred and forty-four cases involving 561 persons in 1929-30, 494 cases with 506 persons in 1930-31, and 464 cases with 138 persons in 1931-32. The fines imposed during the last year of the triennium amounted to Rs. 6,048 against Rs. 5,026 in 1930-31 and Rs. 5,331 in 1929-30. The amount paid in rewards in 1931-32 was Rs. 3,499 as compared with Rs. 2,999 and Rs. 3,300 in the two previous years. No rewards were paid outside Calcutta.

20. Working of section 19H added to the Court-fees Act, VII of 1870, by Act XI of 1899.

* The number of cases pending at the beginning of the year 1931-32 was 575 against 669 and 642 in the previous two years respectively. The number of cases reported to the Collectors fell from 1,470 in 1929-30 to 1,281 in 1930-31, but rose to 1,358 in the last year of the triennium. The number of cases in which enquiries were instituted during the year 1931-32 was 1,634 against 1,676 and 1,845 in 1930-31 and 1929-30, respectively. The number of enquiries completed during 1931-32 was 1,304 as compared with 1,353 and 1,495 in the two previous years. The amount of deficit Court-fees realised rose from Rs. 3,09,665 in 1929-30 to Rs. 18,51,808 in 1930-31, but fell to Rs. 3,26,313 in the last year of the triennium. Of the cases reported during the year 1931-32, including those pending at the beginning of the year, complete enquiries were made into 67.5 per cent., the corresponding percentages in the preceding two years being 69.4 and 70.8, respectively. The proportion of the deficit duty to the amount originally realised was 24.3 in 1931-32 against 65.9 and 23.8 in the two preceding years, respectively.

NOTIFICATION.

No. 5T.B.—20th October 1932.—In accordance with the Government (Education Department) notification No. 3059 Edn., dated the 13th November 1928, the following list of text-books approved by this department for use in all Government and Government-aided secondary schools in this Presidency for a period of three years from January 1933, is published for general information.

Text-books on other subjects not included in this list, should be selected from the lists of text-books approved in this office notifications Nos. 4T.B., dated the 23rd October 1930, and 4T.B., dated the 13th November 1931.

In classes VII—X, the instruction and examination in all subjects other than English shall be conducted either in English or in the vernacular. In classes below class VII, the instruction and examination in all subjects shall be conducted in the vernacular only.

The syllabuses for classes I—III in the revised curriculum for primary schools (and maktabas), now in force in both parts of this Presidency, shall be adopted, respectively, in the infant class, class I and class II of middle schools and the corresponding classes of high schools for both boys and girls. Classes I—III of primary schools including maktabas shall henceforth be called the infant class, class I and class II, respectively. Text-books approved by this department for infant class, class I and class II of primary schools (and maktabas) will be applicable to the corresponding classes of secondary schools.

N. B.—(i) Prior to the publication of a new edition, all additions, alterations or omissions in the text of a sanctioned book must receive the sanction of the Committee. Any deviation from these instructions will render a book liable to immediate removal from the approved list of text-books.

(ii) No name except that of the author and publisher should be allowed on cover or title page (*i.e.*, no name of editor, reviser, or writer of foreword or preface should be allowed).

(iii) Mat (*i.e.*, dull) and not shining paper should be used.

(iv) Misleading statements on the cover or title page should be avoided. It should be clearly mentioned whether the book is approved as a text-book, a supplementary reader or a prize and library book.

(v) Any deterioration in paper, printing or illustrations of an approved book will render it liable to immediate withdrawal from the list.

(vi) Price—

(a) One anna and six pies for each thirty-two pages of printed matter *plus* a concession of 40 per cent.

This rate will be applicable to Bengali readers, Bengali grammar, Bengali composition, History (in Bengali), Science (in Bengali), Hygiene (in Bengali), Mathematical text-books (in Bengali) and also text-books on Sanskrit grammar and composition.

(b) Two annas for each thirty-two pages of printed matter *plus* a concession of 40 per cent.

This rate will be applicable to text-books on English literature, Geography (in English and Bengali), History (in English), Science (in English), Mathematics (in English), Hygiene (in English) and also text-books written in Sanskrit, Arabic, Persian and Urdu.

(c) One anna and six pies for a Bengali copy-book.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 9th November 1932.

Summary.—During the week the rainfall was generally light to moderate. The untimely rain is retarding the agricultural operations for spring crops generally and is affecting the paddy crops in places especially in parts of North and West Bengal. The average price of common rice for the province has fallen by about 0.43 per cent. as compared with that of the previous week :—

DEPARTMENT OF AGRICULTURE,
BENGAL.

Dacca, the 12th November 1932.

Monthly Weather and Crop Report of Bengal for
October 1932.

I. **Character of the season.**—During the month under review the rainfall was below the normal throughout the Presidency except only in Jalpaiguri, Rangpur, Pabna, Malda and the Cooch Behar State where the fall was slightly in excess of the average.

The usual rainfall statement is appended.

II. **Progress of agricultural operations.**—Preparatory tillage for and sowings of early spring crops were progressing under favourable conditions.

III. **State of standing crops.**—The condition of standing crops was, on the whole, satisfactory except only in the highland tracts where more rain was needed for the growth of transplanted paddy.

IV. **Prospects and probable outturn.**—The prospects of standing crops were generally fair. The outturn of sugarcane was estimated at 92 per cent. of the normal.

V. **Damage to standing crops.**—No appreciable damage to the standing crop was reported from any part of the province.

VI. **Condition of agricultural stock.**—The condition of live-stock was generally fair. Stray cases of cattle-disease, however, were reported from seven districts of the province and from the Tripura State.

VII. **Failure of pasturage and fodder.**—The supply of fodder was generally sufficient excepting in parts of Pabna where some insufficiency was reported during the third week of the month.

VIII. **Prices of food-grains.**—During the second fortnight of the month, the price of common rice of the cheapest quality rose in seven districts, fell in five and remained stationary in the rest of the Presidency. The prices ranged from 16 seers per rupee at Malda to 10 seers per rupee at Darjeeling.

IX. **Condition of agricultural population.**—The condition of agricultural people was, on the whole, fair.

Resolution on the Annual Administration Report of the Department of Industries, Bengal, for the year 1931-32.

GOVERNMENT OF BENGAL.

Department of Agriculture and Industries.

Industries.

CALCUTTA, THE 8TH NOVEMBER 1932.

RESOLUTION—No 4886 Ind

Minister-in-charge: The Hon'ble Nawab K. G. M. Farouki, Khan Bahadur.

Read the Annual Administration Report of the Department of Industries, Bengal, for the year 1931-32.

Mr. A T Weston held charge of the department throughout the year. He was confirmed in the post of the Director of Industries, Bengal, with effect from 24th April 1931.

2. Reference was made in the last year's review to the abnormal economic situation caused by the world-wide trade depression and the consequential financial stringency which resulted in the departmental activities being rigorously restricted. The same conditions prevailed throughout the year under review. There was, therefore, not only no scope for the initiation of new schemes of development but normal activities had to be further curtailed in several directions. It is, however, gratifying to note that in spite of the financial limitations the departmental activities in the chemical, engineering, tanning and weaving sections, as detailed in the Director's report, succeeded in assisting the development of small factory industries. It may now be fairly claimed that the activities of the chemical section have given an impetus to the development of the soap industry on up-to-date lines and have resulted in the utilisation of local sources of vegetable oils which hitherto had little or no economic use. Steps were also taken

during the year towards the development of the silk industry in Bengal. It is recognised that the improvement in the technique of reeling of silk is of paramount importance in reviving the industry, and with a view to bringing home to the reelers the advantage of reeling with modern machinery a domestic reeling plant and hand-twisting machine of the Mysore pattern were installed at the Government Silk Weaving and Dyeing Institute at Berhampore.

3 Technical education in all its branches, including weaving education, received due attention.

The programme of the award of two scholarships a year for training in technical and industrial subjects abroad had to be held in abeyance as a measure of economy.

4. As mentioned in last year's resolution, the Bengal State Aid to Industries Bill was passed into law during the year under report. A representative Board under the designation of the Board of Industries has since been constituted for carrying out the purposes of the Act. While in view of the present financial stringency it may not be possible to take full advantage of the Act immediately, it is gratifying to note that public-spirited gentlemen are coming forward to endow the Board with funds. It is hoped that others will follow their example so that the Board may have sufficient funds at its disposal to be able to take definite steps towards the development of cottage and small industries of the province in useful directions.

5 Government (Ministry of Industries) note with pleasure the manner in which the general work of the department has been conducted by Mr. Weston and his staff. Their thanks are also due to the members of the Advisory Board of Industries and other Boards and Committees associated with the department for their assistance.

By order of the Govt. of Bengal

(Ministry of Industries),

L. R. FAWCUS,

Secy. to the Govt. of Bengal.

CALCUTTA, THE 17TH NOVEMBER 1932.

RESOLUTION—No. 5610Pl.

It will be recalled that, subsequent to the serious rioting which took place on 1st April 1930, as a protest by the carters against certain orders passed by Government under the Bengal Cruelty to Animals Act, 1920, the Government of Bengal appointed Mr. W. S. Hopkyns, C.I.E., O.B.E., I.C.S., to make an enquiry into the grievances of the carters. On receipt of his report, Government published resolution No. 2082Pl., dated the 31st May 1930, which contained their decision on his main recommendations. It was also stated therein that Mr. Hopkyns had recommended the appointment of a committee to investigate certain subsidiary points, but that Government had decided to postpone the appointment of this committee to a later date. (Owing to the general depression in trade and the undesirability of doing anything which might lead to demands for new expenditure, Government so far have not proceeded with the appointment of this committee.)

2. While there have been no serious outward manifestations of trouble, it has been apparent for some time past that there is a considerable amount of dissatisfaction both among those immediately concerned and among the general public in connection with the working of the Bengal Cruelty to Animals Act, 1920, in Calcutta. Representations have been made by the carters to the effect that the administration of the Act, which touches their trade more than any other, is found to be particularly irksome at a time when owing to general trade depression their earnings have greatly fallen, that the orders of the Courts often operate harshly and that their animals are not always properly treated in the hospitals.

Government are closely interested in the matter in two ways. First, the existence of dissatisfaction among the elements concerned involves, as experience has shown, a danger to the public peace. Secondly, they make a considerable annual grant to the Society and, regard being had to the pressing need for economy, they wish to have authoritative advice as to the strength of the staff and the amount of expenditure which are necessary to carry out properly the purposes of the Act.

3. In these circumstances, Government have decided to appoint a committee to inquire into the working of the Act, with special reference to the undermentioned points—

(1) Whether the present arrangements for the working of the Act on the streets are suitable and satisfactory and, if not, in what respects they can be improved.

(2) Whether the methods adopted in the Courts are suitable or can be improved, and whether the carters are justified in their complaints as to the treatment they receive in connection with prosecutions.

(3) Whether the complaints as to improper treatment of animals in the veterinary hospitals are well-founded and, if so, how matters can be improved.

(4) Whether the law relating to prevention of cruelty to animals requires any amendment in the light of experience.

(5) Government also wish to have the considered opinion of the committee on the question whether the working of the Act in Calcutta should continue to be entrusted to the Calcutta Society for the Prevention of Cruelty to Animals, and in the event of their recommendation being in favour of the present system, their opinion regarding the staff and expenditure which are required in order to enable the Society properly to carry out the purposes of the Act. If a change is recommended, it is hoped that the committee will submit an estimate of the cost of their alternative scheme.

(6) It will lastly be open to the committee to make investigations into the questions which were raised by Mr. Hopkyns in paragraph 23 of his report, viz., resting and parking-places for buffaloes, accommodation at loading-places, and the question of earlier delivery of goods. But if the committee consider that trade conditions make investigation into all or any of these points undesirable at the present time, it will be open to them to submit a report to that effect.

4. The committee will consist of a President and eight members, three official and five non-official. The Governor in Council is glad to announce that the Hon'ble Mr. Justice H. G. Pearson, Kt., has consented to lend his services as President of the committee. The official members will be—

Mr. P. J. Kerr, Director of the Civil Veterinary Department.

Hon'ble S. K. Sinha, I.C.S., Chief Presidency Magistrate.

Mr. F. D. Baitley, C.B.L., I.P., Deputy Commissioner of Police, Headquarters.

The non-official members will include—

A nominee of the Calcutta Society for the Prevention of Cruelty to Animals,

A nominee of the Advisory Committee of carters, and

A nominee of the Calcutta Corporation and two others nominated by Government, and their names will be announced as soon as the names of the nominees have been received by Government.

Mr. B. R. Sen, I.C.S., Deputy Secretary to Government in the Police Department, will act as Secretary of the committee.

ORDER.—Ordered that the resolution be published in the *Calcutta Gazette* for general information. Ordered also that a copy of the resolution be forwarded to the President and each of the members of the committee for information.

Also ordered that a copy be forwarded to Mr. B. R. Sen, I.C.S., the Secretary to the committee, with the request that he will make all necessary arrangements, in consultation with the President and the members, for the holding of meetings and conduct correspondence on behalf of the committee until the submission of the report.

By order of the Governor in Council,

The following book is recommended for the use of teachers in connection with the teaching of "Sand Modelling" in the lower classes of schools:—

A. F. Frye. The Child and Nature.

N.B.—I. Every School that intends to undertake instruction in Geography for the Matriculation Examination is required to possess the apparatus mentioned in the following list:—

- (1) A measuring tape and metre scale and foot-rule.
- (2) A magnetic compass.
- (3) Squared paper and tracing paper.
- (4) Clay, dry sand, paper pulp for modelling.
- (5) A globe not less than 14 inches in diameter, with writing surface, and with line of latitude and longitude and outlines only of the land masses marked upon it.
- (6) A map of the school locality on a scale of 4" or 6" = 1 mile.
- (7) A map of the district in which the school is situated, 1" = 1 mile.
- (8) A coloured map of the province.
- (9) A coloured political map of India.
- (10) A physical map of India.
- (11) A relief map of India.
- (12) A map of the World on Mollweide's equal area projection and a map of Asia.
- (13) A practical Atlas of Modern Geography (George Gill and Sons).

It is essential that the student should be provided with atlases, or with the necessary hand-map, and with a drawing instrument box. Maps for school work should not contain too much detail or be crowded with names.

II. The following additional equipment is recommended when it can be provided, but the lack of it is not to be considered as a bar to the recognition of the school in Geography:—

- (1) A thermometer.
- (2) A mercury barometer.
- (3) A rain-gauge.
- (4) A small collection of typical rocks, in particular, those of the Province and India.
- (5) A small museum of typical products.
- (6) A good standard atlas.
- (7) Geographical pictures.
- (8) Magic lantern and slides.

• III. (1) The attention of teachers is invited to the raised maps of Bengal and Eastern Bengal and Assam made of paper pulp, prepared by Babu Kailaschandra Dutt, Head Pandit, Habibgunj Government Girls' School, Sylhet, and sold for Rs. 7 and Rs. 5, respectively.

(2) Globes of all kinds are made by George Phillip and Son, London, W. & A. K. Johnston, London, and Messrs. Ruddiman, London. Small hand globes of German make can be obtained through the Indian School Supply Depot for about a rupee each.

(3) The "Comparative" Series of large wall maps of the continents published by George Phillip and Son is good and up-to-date; as also are the geographical wall maps published by Edward Stanford. Messrs. Ruddiman Johnston publish a series of smaller wall maps which include maps of India illustrating various distributions.

Messrs. Nelson's wall atlases are good. Mr. S. B. Chatterjee publishes District Maps, also ordinary and relief maps of the province.

Babu L. M. Basu, the Drawing Master of the Dacca Collegiate School, has published good relief maps of Eastern Bengal and Assam and of India.

The Vidal-Lablache French wall maps on strong card-board, name on one side, and the same map without names on the reverse, published by Armand Collin, Paris, are good and cheap. They measure 46 inches by 39 inches and can be delivered in Calcutta for Rs. 4-14 each.

(4) The hand-maps coloured to indicate relief, published by the Diagram Company, West Barnes Lane, New Malden, Surrey, at one penny each, are the best of their kind.

The uncoloured half-penny maps showing river system and a few towns published by the same Company, are excellent for class use.

The autograph hand-maps, with hill shading in brown, published by Messrs. Edward Stanford, London, at one penny each, are very good, and are larger than the Diagram Company's hand-maps. The 15" map of the World on Mollweide's equal area projection is specially to be commended.

(5) Wall pictures of considerable artistic merit are published by Messrs. Edward Arnold of Leeds, Horns Hachette of Paris, Messrs. Holzel of Vienna, and Messrs. Longmans, Green and Company. They cost, delivered in India, from two or three rupees each.

Map lantern slides and view slides specially prepared for Geography teaching are sold by the Diagram Company for two or three shillings each. Mr. Sain of Darjeeling also sells good picture slides of the Himalayas at Rs. 15 per dozen.

Elementary Mechanics.

The following books are recommended:—

- A. N. Sen. Elementary Mechanics.
- Briggs and Bryan. Matriculation Mechanics.

The following list of apparatus is prescribed as indicating the approximate requirements of a recognised High School seeking to teach Elementary Mechanics for the Matriculation Examination:—

- Plumb-line and level.
- Simple lever (including brass slotted weight).
- Roman Steelyard.
- Lecture apparatus for experiment on movements.
- George's New Atwood's Machine.
- Stop watch
- Glazebrooke's apparatus (to demonstrate movement of a body).
- Hick's Ballistic Balance
- Compound Wheel and Axle
- 4 Single Brass Pulleys.
- 2 Triple Brass Pulleys.
- Weston Differential Pulleys Blocks ($\frac{1}{2}$ ton).
- 16 feet of Chain at 6d. per foot
- Inclined Plane.
- Parallelogram of Forces Apparatus.
- Wall Crane
- Backer's New Physical Balance.
- Set of gramme weights (200 grammes to 1 mgr.).
- 2 Composition Ivory Balls.

Note.—The above list is not exhaustive, and much of it might be replaced by similar forms that could probably be made far more cheaply by any clever mistry under proper supervision. In most cases, however, it will probably be found advantageous to buy such a set as indicated in the list specially for demonstration purposes, and subsequently to develop simplified duplicates illustrating the same principles, which the boys should be given opportunity actually to experiment with, on their own individual account or working in pairs.

***Elementary Hygiene.**

The following books are recommended to be studied in accordance with the prescribed Syllabus in Hygiene:—

- 1 Palli Swasthya and Saral Swasthyabidhan (in Bengali), by the late Rai Bahadur Chunilal Bose, C.I.E., I.S.O.
- 2 Matriculation Hygiene (in Bengali), by Rameschandra Ray, I.M.S.
3. A Text-book of Hygiene (in English), by C. Ramamurti (Macmillan and Co., Ltd.).

Syllabus in Hygiene.

- I. Definition of Hygiene—Personal and Public.
- II. General structure of the human body—The skeleton; muscles; nervous, respiratory, circulatory, secretory and excretory system. Organs of special sense.
- III. General functions of human body—Locomotion; innervation; physiology of respiration, circulation and digestion.
- Secretion and excretion.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 16th November 1932.

Summary.—During the week the rainfall was heavy in Bakarganj and in most parts of the Chittagong Division; elsewhere the fall was generally light to moderate. The effects of weather on the standing crops are not favourable on the whole. Damage to winter paddy and spring crops by the rain is reported from places especially from parts of some West and East Bengal districts. The average price of common rice for the province has risen by about 1·20 per cent. as compared with that of the previous week :—

CALCUTTA IMPROVEMENT TRUST.

Calcutta, the 18th November 1932.

**Notice under section 43 of Bengal Act V of
1911, as amended.**

Scheme No. XLII (Kalakar Street widening).

The Board of Trustees for the Improvement of Calcutta hereby give notice that a street scheme, viz., scheme No. XLII (Kalakar Street widening) being part of Barabazar Alignment Nos. I and III as sanctioned by Government, has been framed for the area bounded as follows:—

On the North—From a point on the southern edge of Tara Sundari Park about 40 feet west of its south-east corner, westward in a straight line along the middle of Ratan Sarkar Garden Street to a point on the northern edge of Ratan Sarkar Garden Street, opposite Kalakar Street and thence westwards along the northern edge of Ratan Sarkar Garden Street to the south-west corner of 67/2, Ratan Sarkar Garden Street.

On the West—From this point southwards in a straight line across Sobharam Basak Street, Basak Street, Banstala Street, Chaitan Set Street, Bartala Street, Cotton Street and Harrison Road to a point on the southern edge of Harrison Road about 100 feet westwards from its junction with Mohon Lane.

On the South—From this point eastwards along the southern edge of Harrison Road to a point on Mallik Street.

On the East—From this point northwards across Harrison Road and along the eastern edge of Mallik Street and Narayan Prasad Babu Lane, across Bartala Street to a point on the eastern edge of Hanspukur Lane at its junction with Madhab Kristo Set Lane; from this point northwards in a straight line across Banstala Street, Sikdarpara 2nd Lane and Haraprosad De Lane to the starting point.

Particulars of the scheme, map of the area comprised in the scheme and a statement of the land which it is proposed to acquire and in regard to which a betterment fee is proposed to be recovered may be inspected at the offices of the Trust at No. 5, Clive Street, on week days between the hours of 11 a.m. and 4 p.m. and on Saturdays between 11 a.m. and 2 p.m.

Copies of the above documents will be delivered to the applicants on payment of the following fees:—

Particulars of the scheme—Annas 4.

Map of the area—Re. 1.

Statement of land proposed to be acquired and also land in regard to which it is proposed to recover a betterment fee—Annas 4.

Objections to the scheme will be received up to the 28th February 1933.

Calcutta, the 18th November 1932.

Resolution on the report on work connected with the Bengal Children Act, 1922, the Calcutta Suppression of Immoral Traffic Act, 1923, the Reformatory Schools Act, 1897, and the Bengal Borstal Schools Act, 1928.

GOVERNMENT OF BENGAL.

Miscellaneous.

CALCUTTA, THE 9TH NOVEMBER 1932.

RESOLUTION—No. 2040 MIs.

Read—

The following report on work connected with the Bengal Children Act, 1922, the Calcutta Suppression of Immoral Traffic Act, 1923, the Reformatory Schools Act, 1897, and the Bengal Borstal Schools Act, 1928.

The Governor in Council desires to express again his high appreciation of the public service rendered by various non-official bodies referred to in the report in connection with the working of these Acts. The value of the public work which these bodies do, cannot be over estimated; but its extent is largely dependent upon the amount of private contributions which they receive. It is earnestly hoped, therefore, that the public will continue to support these philanthropic bodies with increased generosity.

Order.—Ordered that copies of the resolution be forwarded to the Director of Public Instruction, Bengal, the Commissioner of Police, Calcutta, the Inspector-General of Police, Bengal, and the Inspector-General of Prisons, Bengal, for information.

Ordered also that the the resolution, together with the report, be published in the *Calcutta Gazette*.

By order of the Governor in Council, .

H. R. WILKINSON,

Secy. to the Govt. of Bengal.

Report in connection with activities dealt with by the Education Department of Government relating to the Bengal Children Act, 1922, the Calcutta Suppression of Immoral Traffic Act, 1923, the Bengal Borstal Schools Act, 1928, and the Reformatory Schools Act, 1897, for the year 1931.

1. The Education Department of the Government of Bengal deals with the following matters among others:—

(a) **Bengal Children Act.**—Administration of this Act relating only to matters subsequent to the passing by the Court of a final order sending a child to a Reformatory School, an Industrial School or placing a child in suitable custody.

(b) **Calcutta Suppression of Immoral Traffic Act.**—Administration of this Act relating only to matters subsequent to the passing by the Court of a final order of suitable custody.

(c) **Reformatory Schools Act.**—Administration of this Act in respect only of releases and the after-care of boys.

(d) **Bengal Borstal Schools Act.**—Administration of this Act in respect only of after-care of those released.

The Bengal Children Act extends only to the town of Calcutta, the suburbs and the port of Calcutta, the municipality of Howrah, the police-stations of Bally, Jagachha, Sankrail and Domjur in the district of Howrah and the police-stations of Baranagar, Barrackpore, Tittagarh, Noapara, Khaidaha, Naibati and Jagatdal in the district of the 24-Parganas. The following sections of the Act have not yet been brought into force:—

Section 27 (1) (i) (ii) (iii) (a) (b) (c) (d) (e) and (f).

Section 27 (2) (a) (b) (c) (d) and (f).

Section 28 (2).

The Calcutta Suppression of Immoral Traffic Act extends to the town, the suburbs and the port of Calcutta.

The Reformatory Schools Act only applies to that part of the province to which the Bengal Children Act has not been extended. Boy offenders dealt with by Courts in the Children Act area are sent to Reformatory Schools regulated by this Act and boy offenders from without this area to the Hazaribagh Reformatory School in the province of Bihar and Orissa under the provision of the Reformatory Schools Act, 1897.

2. During the year 1931, the total number of children dealt with by the Juvenile Court was 275. Of them 14 were dealt with under the Bengal Children Act, 45 under the Calcutta Suppression of Immoral Traffic Act, and the rest under the Indian Penal Code and other Acts

The number of children received from the Court during the year under report was as follows:—

Reformatory School	...	...	45
Industrial School	...	...	2
Salvation Army Home	...	...	5
Gobinda Kumar Home	...	...	14
Society for the Protection of Children in India	...	...	3

The rest of the children dealt with by the Juvenile Court were discharged, acquitted or made over to their guardians.

3. The number of Reformatory Schools for boys and girls, Industrial Schools for boys and places of suitable custody under clause 28 (1) of the Bengal Children Act remained as before.

These are as follows:—

(1) The Reformatory and Industrial Schools for boys at Alipore, maintained by Government.

(2) Reformatory School for Girls—The Salvation Army Women's Industrial Home at Entally.

(3) Places of suitable custody—

(a) Gobinda Kumar Home, Panihati.

(b) Salvation Army Women's Industrial Home, Entally.

(c) Calcutta Protestant Home for Girls, commonly called the Fendall Home.

4. **Controlling agencies.**—During the year under review the Director of Public Instruction, Bengal, continued to act as the Chief Inspector of Reformatory and Industrial Schools.

The two ladies, who were appointed to inspect places of suitable custody recognised by Government as eligible for grants, continued to serve in that capacity.

5. **Administration.**—The following summary outlines the activities of the various institutions working under these Acts:—

(1) **Reformatory and Industrial Schools (for boys), Alipore.**—The combined Reformatory and Industrial Schools at Alipore for boys under section 6 (1) of the Bengal Children Act is under the general administrative control of the Director of Public Instruction, Bengal. The immediate control and management of the institutions lies with the Superintendent and a managing committee consisting of officials and non-officials

The capacity of the combined institutions is 350 boys, and they are wholly maintained by Government.

On 31st December 1931, the number of boys in the Reformatory School was 193 against 207 on the corresponding date in the previous year. The number of boys in the Industrial School in 1931 was 43 against 38 in 1930. All the pupils in both the institutions in 1931 were Indians except two Anglo-Indians. Of the Indians 128 were Hindus, 94 Muhammadans and 12 Christians. The number of Bengali-speaking boys in the Reformatory School increased from 63 to 67 and Hindi-speaking boys from 74 to 87. In the Industrial School the number of Bengali-speaking boys remained as before, viz., 14 and the number of Hindi-speaking boys increased from 8 to 12. The number of Urdu-speaking boys in the Reformatory School decreased from 69 to 38 and in the Industrial School the number increased from 15 to 16.

The classification of pupils according to domicile was as follows:—

	Reformatory.		Industrial.
Bengal—			
(a) Pure Bengali	...	62	14
(b) Domiciled in Bengal ...	...	52	20
(c) Anglo-Indian	...	1	1
Bihar	...	35	5
Orissa	...	6	.
United Provinces	...	22	1
Madras	...	6	...
Rajputana	...	4	1

The Punjab, Kashmir, Bombay, Central Provinces and Ceylon each accounted for one boy in the Reformatory School, while there was one from the Central Provinces in the Industrial School also.

Those classified as domiciled in Bengal were mostly up-country boys. The medium of instruction was Bengali, Urdu or Hindi, according to the language of the boys, up to the standard of primary and post-primary classes. The curriculum was that proposed by Messrs. J. M. Sen and K. C. Ray and sanctioned by Government. The results of the annual examination were on the whole satisfactory.

In the workshops tailoring, carpentry, blacksmithy, tinsmithy and weaving were taught. Regular moral instruction was given by the teachers once a week.

The boys took a keen interest in various games and physical exercises, and drill and gymnastics formed a part of the daily routine. The Scout troops of this institution had a very successful year.

In 1931, there was a considerable increase in sickness among the boys and there were two deaths. The increase in malaria, skin disease, chicken-pox and influenza cases was attributed to the condition of the tank in the school compound. The improvement of the tank in August 1931 was followed by a marked decrease in the number of hospital cases by the end of the year.

There was a serious outbreak of indiscipline among the boys towards the end of May 1931, but the situation was brought under control and the atmosphere prevailing at the end of the year was altogether happier and brighter; greater freedom is now allowed, and selected boys are allowed to go home unattended on holidays, while relatives and guardians are permitted to mix freely with the boys on Sundays.

(2) **Gobinda Kumar Home, Panihati.**—This home is intended for Indian girls dealt with under the Calcutta Suppression of Immoral Traffic Act as well as the Bengal Children Act.

The capacity of the home is 95 girls.

There were 88 girls of ages varying from 6 to 16 in this home in 1931 as against 72 in 1930. Out of 88 girls, 71 were Bengalis, 6 United Provinces girls, 7 Oriyas, 3 Marwari and 1 Nepali. All of them were Hindus, dealt with under section 4 of the Immoral Traffic Act. During 1931, the average cost of maintaining a girl amounted to about Rs. 20 per month as against Rs. 23 in 1930; of this Rs. 10, Rs. 10 per month was contributed by Government, the balance being met from private sources. Owing to trade depression the amount of private subscriptions diminished and the authorities found it difficult to maintain the home at the standard they would have wished.

The girls were taught hygiene, needle-work, painting, drawing, jam and chutney making and other useful subjects in addition to the ordinary elementary lessons. The primary school attached to the home had classes IV, II, and I, but the progress made by the girls was not as good as in the previous year.

The health of the girls was fairly good and satisfactory during the year 1931.

(3) **Salvation Army Women's Industrial Home for Girls, Entally.**—This home also is intended for Indian girls dealt with under the two Acts.

During the year 1931, 5 girls between the ages 8 to 14 were sent to this home by the Court. Of them 2 were Hindus and 3 Muhammadans. Two of them belonged to Bengal, 2 to the United Provinces and one came from Bihar and Orissa.

All these girls were rescued from houses of ill-fame and dealt with under section 4 of the Immoral Traffic Act, except one belonging to Bihar and Orissa and who was dealt with under section 380, Indian Penal Code, for theft.

Three girls in the home were reading in the 1st standard and the other two in the 2nd standard. They were also taught house work and sewing. They were taught drill and games and their health was fairly good.

The cost of maintenance was Rs. 16-10-8 per head of which Rs. 10 was paid from provincial revenues and the balance from public subscription.

The home received during the year under review a maintenance grant of Rs. 1,500 in addition to the capitation grant of Rs. 10.

(4) **Calcutta Protection Home (Female Home).—**This home is intended for Anglo-Indian and European girls.

No girls dealt with under the Bengal Children Act or the Immoral Traffic Act were sent to this home by the Juvenile Court during 1931. There were however girls sent in previous years, and on their account the home received a total capitation grant of Rs. 160 during 1931-32.

(5) **Society for the Protection of Children in India.—**During the year under review the society continued to render useful assistance to children taken under its protection by arranging for their guardianship, by placing them in suitable schools, by help with clothing, temporary relief and advice.

The society dealt with 737 children of various nationalities in 1931 as against 568 in 1930. Out of 737 children, 163 were placed in 42 different schools or institutions, 20 handed back to their guardians and 6 admitted into hospitals. The society undertook the protection or guardianship of 101 children and gave temporary help or advice to 336.

In 1931, Government recognised the society as eligible for capitation grants for children committed to its custody by a Court under the Bengal Children Act or the Immoral Traffic Act. It also received the annual Government grant of Rs. 3,000.

The total expenditure of the society during the year 1931 was about Rs. 30,000.

(6) **Hazaribagh Reformatory School.—**The Reformatory School at Hazaribagh under the control of the Government of Bihar and Orissa continued to be used by this Government as a place where youthful boy offenders of this province were sent by Courts of the districts where the provisions of the Bengal Children Act had not been extended.

During the year under report, 6 boys, who had been convicted by Courts in Bengal, were discharged from this school, 2 under section 14 (a) of the Reformatory Schools Act of 1897 and 4 under section 13 (2) of the Act.

(7) **Bengal After-care Association for Juveniles and adolescents.—**Government note with regret that this association, which received a grant of Rs. 3,000 from Government, has failed to submit any report regarding its work during the year 1931.

RESOLUTION—No 11099F B

Read—

The Report of the Bengal Retrenchment Committee appointed by Resolution No 2431F B, dated the 25th April 1932.

The Report of the Committee of Retrenchment appointed under the above resolution has now been submitted to Government and the recommendations which it contains are undergoing examination. These are, however, so varied in nature and cover so wide a field that some time must inevitably elapse before this examination is complete and Government are in a position to pass orders upon them all. The Governor in Council and acting with his Ministers has however directed that all possible expedition shall be applied.

His Excellency takes this opportunity of thanking the Chairman and members of the Committee for the manner in which they have conducted their laborious task during the most exacting season of the year and for the exhaustive and lucid report which they have presented.

ORDERED—That a copy of this resolution be published in the *Calcutta Gazette* and that copies of the resolution be forwarded to the Chairman and all members of the Committee.

By order of the Governor in Council,

Rules for the Bengal Legislative Council Department.

No. 18744A.—26th November 1932.—In exercise of the powers conferred by rules 20, 44, 48 (2) and 54 of the Civil Services (Classification, Control and Appeal) Rules and all other powers enabling him in that behalf, the Governor in Council is pleased to make the following rules:—

1. These rules may be called the Bengal Legislative Council Department Rules.

In these rules—

- (a) "Council" means the Bengal Legislative Council;
- (b) "President" means the President of the Bengal Legislative Council;
- (c) "Secretary" means the Secretary of the Bengal Legislative Council.

2. The Council Department shall consist of—

- (1) A Secretary and an Assistant Secretary who shall be the officers of the Council Department; and
- (2) so many stenographers, assistants, clerks, reporters and menials as shall be found necessary from time to time by the Governor in Council.

3. Subject to the ultimate authority of the Governor, the President will administer the Council Department.

4. The Secretary will, subject to the approval of the President, exercise full control over the ministerial and menial staff of the Council Department and will be responsible for the smooth working of the department.

5. The President may delegate to the Secretary such of his powers and for such time as may be necessary. The Secretary similarly may delegate such of his powers for such time as he thinks proper to the Assistant Secretary.

6. It shall be competent for the President after consultation with the Secretary to appoint members of the ministerial establishment of the Council Department, the methods of recruitment being such as may from time to time be laid down for corresponding grades in the Secretariat.

7. Members of the menial establishment shall be appointed by the President after consultation with the Secretary.

8. The President may select from the assistants' cadre of the Council Department one assistant to act as his Personal Assistant, who, together with the reporter or stenographer attached to the President, shall be under the President's direct control so long as they continue to be his Personal Assistant and reporter or stenographer respectively.

9. The officers of the Council Department shall have the status and rights of gazetted officers of the departments of Government.

10. The members of the permanent ministerial establishment shall be deemed to be members of a Subordinate Government Service for the purpose of the Civil Services (Classification, Control and Appeal) Rules.

11. The President may, for good and sufficient reason,

- (1) censure,
- (2) withhold increments or promotion from (including stoppage at an efficiency bar),
- (3) reduce to a lower post or time-scale or to a lower stage in a time-scale,
- (4) suspend,
- (5) remove, or
- (6) dismiss,

any member of the ministerial or menial establishment of the Council Department, provided that in the case of members of the ministerial establishment an appeal shall lie to His Excellency the Governor against any such order.

12. The grant of leave to an officer of the Council Department shall require the sanction of the President. Subject to any direction the President may give, it shall be competent for the Secretary to grant casual leave to members of the ministerial and menial establishments. The sanction of the President shall be required for the grant of leave other than casual leave. The grant of special disability leave shall require the sanction of the Governor in Council.

13. Questions of promotion shall be decided by the President after consultation with the Secretary.

14. In respect of all matters affecting the ministerial and menial establishments of the Council Department, not otherwise provided for in these rules, the rules and orders applicable to persons of corresponding rank in the Secretariat shall apply.

15. The Governor shall be kept informed, either by the President or by the Secretary through the President, of matters of importance arising in the course of the work of the Council Department and his instructions shall be sought in the same manner, as occasion may require, in matters other than those relating to the actual business of the Council in which the President is himself the ultimate authority.

16. Cases of a routine or unimportant character may be disposed of by the Secretary. Weekly lists of such cases or orders passed by the Secretary shall be submitted to the President. The President may send for any case entered in such list and may take any action which he considers necessary with reference to it. The President may also send for the case books and fortnightly extracts which may be submitted to the Secretary by the Assistant Secretary or by the ministerial establishment of the Council Department.

17. In the case of a vacancy in the office of President the Secretary shall, subject to any directions of the Governor, assume full responsibility for the affairs of the department, provided that any matters which would ordinarily require the approval of the President and which can without detriment to the public interest be deferred until another President has been elected shall be so deferred.

18. The annual estimates of receipts and expenditure of the Council Department shall be drawn up by the Secretary in accordance with the instructions issued by the local Government for the preparation of the budget estimates of the departments of Government and submitted to the President for his approval. Copies of these estimates shall then be forwarded in accordance with those instructions to the Finance Department and the Accountant-General by letters written under the direction of the President. The rules and instructions governing proposals for new expenditure in the other departments of Government shall be applicable to the proposals of the Council Department, which shall be prepared by the Secretary and submitted to the President for his approval before submission to Government. Communication between the Finance Department and the Council Department in regard to budget estimates and proposals for new expenditure shall be made by office memoranda and not by notes on files. In the event of disagreement between the Finance Department and the Council Department, it shall be open to the President to approach the Governor to have the case dealt with by the local Government in the ordinary way. The budget as settled shall be presented to the Council along with the budgets of the other departments of Government and, should occasion arise, shall be defended in the Council by the Hon'ble Finance Member, who shall also answer in the Council all financial questions relating to the Council Department on behalf of that department.

19. The Secretary shall be the drawing officer under Treasury Order 16 and Subsidiary Rule 32 thereof with respect to all charges of the Legislative Council Department and the controlling officer for all such expenditure under Finance Department resolution No. 9585F., dated the 5th September 1924. He shall also be the controlling officer for the purpose of countersigning the travelling allowance bills of the members of the Legislative Council. In the exercise of his functions as drawing officer and controlling officer he shall be subject to the ultimate authority and control of the President.

20. Subject to any special arrangement that may be made in any particular case, questions relating to the business of the Council Department, other than those referred to in paragraph 18 above, will be answered on behalf of the President by the Deputy President of the Council.

No. 5673L.S.-G.—25th November 1932.—The following draft of amendments, which, in exercise of the power conferred by sub-section (1) and clauses (a) and (b) of sub-section (2) of section 101 of the Bengal Village Self-Government Act, 1919 (Bengal Act V of 1919), the Government of Bengal (Ministry of Local Self-Government) propose to make in the rules published under notification No. 630T.L.S.-G., dated the 13th October 1919, as subsequently amended, is published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on the 15th February 1933, and any objections or suggestions received by the undersigned through District Officers before that date will be duly considered:—

Draft amendments.

(i) In rule 34 after the words "the newly elected or appointed President" insert a comma and the words—

"or in his absence a member who, not being himself a candidate for the Vice-Presidentship, is elected for the purpose by the meeting."

(ii) After rule 37 insert the following:—

"37A. When the office of the Vice-President becomes vacant under section 17, the vacancy shall be filled in the manner prescribed by rule 34 within one month (a) from the date of the Vice-President's resignation or removal if he remain a member of the Board or (b) from the date of the election or appointment of a member in his place under rule 35 if his office as member of the board simultaneously becomes vacant.

37B. When an elected President or a Vice-President avails himself of leave granted under section 9A, the temporary vacancy shall be filled by electing a new President or Vice-President from among the remaining members of the Board in the manner prescribed by rules 30 to 32 or by rule 34 as the case may be."

No. 5716M.—28th November 1932.—In exercise of the power conferred by sub-section (3) of section 1 of the Bengal Municipal Act, 1932 (Bengal Act XV of 1932), the Government of Bengal (Ministry of Local Self-Government) are pleased to direct that the said Act shall come into force on the 1st December 1932.

No. 5717M.—28th November 1932.—In exercise of the power conferred by sub-section (2) of section 24 of the Bengal Municipal Act, 1932 (Bengal Act XV of 1932), the Government of Bengal (Ministry of Local Self-Government) are pleased to issue the following orders in regard to the holding of the first general election of Commissioners of all municipalities except the Municipalities of Darjeeling and Kurseong to be held under the said Act:—

Orders for the First General Election of Commissioners of Municipalities under the Bengal Municipal Act, 1932.

1. In these orders unless there is anything repugnant in the subject or context,—

(1) "the Act" means the Bengal Municipal Act, 1932 (Bengal Act.....of 1932); and

(2) "the committee" means the committee constituted under section 21 of the Act.

2. **Preparation and publication of electoral rolls.**—Within 30 days from the date on which these orders come into force the committee shall prepare in Form A, a Preliminary Electoral Roll for the municipality containing the names of all persons qualified to vote under the Act and print and publish the same at the municipal office and at such other places as it may think fit.

Where a municipality is divided into wards the name of each voter shall be entered in the Preliminary and Final Electoral Rolls for the ward in which he ordinarily resides.

In a municipality where separate arrangement is made for recording the votes of female voters the Preliminary and Final Electoral Rolls shall be prepared separately for male and female voters.

Form A.

Preliminary/Final Electoral Roll for male/female voters for..... ward.....of.....municipality.

Serial No.	Number in assessment list.	Name of voter.	Father's name.	Age.	Period of residence.	Address.	Particulars of qualification.	Remarks.
1	2	3	4	5	6	7	8	9
	19	Harl Das	Lachmi Das	34	2 years	Muchipara	Pays Rs. 2 house-tax.	

3. Within 20 days from the date mentioned in order 2 any company, body corporate, firm or other association of individuals entitled to vote, shall send a letter to the committee stating the name of one of its members as its representative who will vote on its behalf if it is qualified under the Act.

4. For the purpose of the revision of the Preliminary Electoral Roll, the committee may appoint in writing or request the District Magistrate to appoint suitable person or persons to perform the duties of the Revising Authority under these orders in respect of the whole of the municipality or any ward thereof:

Provided that no person who intends to be a candidate for the ensuing election or an agent of a candidate for such election or who is a commissioner of the municipality shall be eligible for appointment:

Provided also that no Revising Authority shall consist of more than three persons in number.

5. Claims and objections shall be preferred in respect of the Preliminary Electoral Roll within 12 days of its publication. The Revising Authority shall not entertain any claim or objection received after 5 p.m. on the last date.

6. All claims and objections shall be in writing and signed by the person making them and shall state the grounds on which they are based, and where they relate to an entry in the Preliminary Electoral Roll shall give the reference to or the particulars of that entry.

7. Every person whose claim or objection is received in time shall be served with a notice by the Revising Authority specifying the place where and the time when his claim or objection will be heard, and he may produce or cause to be produced such evidence as he may wish to adduce, but in the absence of such evidence the Revising Authority shall decide the matter on the entries appearing in the records of the municipality.

8. When objection is made by any person whose name is on the Preliminary Electoral Roll to the inclusion of the name of any other person recorded therein, the Revising Authority shall serve on such other person a notice stating the grounds of such objection and specifying the place and the time fixed for the hearing of such objection, where and when such other person may attend with such evidence as he may wish to adduce.

9. Every notice issued by the Revising Authority shall be in writing and shall be served at the address as entered in the Preliminary Electoral Roll or at such other address as may be specified by the claimant or objector in his notice of claim or objection, the person objected to being served only at the address given in the roll, provided that a notice may be served by the Revising Authority by sending it to the person concerned by post.

10. The Chairman shall cause to be published from time to time on the notice board at the municipal office a notice showing generally the dates on which and the places at which the Revising Authority will sit for hearing claims and objections.

11. The Revising Authority shall dispose of all claims and objections within 15 days of their receipt.

It shall be the duty of the Chairman to produce all relevant or necessary documents or papers in his power or possession and otherwise render necessary assistance to the Revising Authority in the discharge of its duties.

12. On the date fixed for the hearing or on such other date to which the hearing may be adjourned, the Revising Authority shall hold a summary enquiry into the claims or objections preferred, and shall record its orders either allowing or disallowing the claims or objections. It shall also decide on any application or reference made by the Registering Authority for making corrections in the Preliminary Electoral Roll. For the purposes of the enquiry, the Preliminary Electoral Roll as published shall be presumed to be correct and complete until the contrary has been proved.

13. (1) The orders of the Revising Authority shall be communicated by it to the committee, who shall cause the roll to be amended in accordance therewith and shall endorse the same in token that this has been done.

(2) The roll thus amended shall be the final electoral roll and shall, not more than 10 days after the disposal of all claims and objections or not less than 30 days before the date fixed for the election, be printed and published in the same manner as the Preliminary Electoral Roll.

14. Printed copies of the Preliminary and Final Electoral Rolls shall be sold to the public at such reasonable price as may be fixed from time to time by the commissioners at a meeting.

15. **Conduct of election.**—(1) On or before a date to be fixed by the commissioners at a meeting for the nomination of candidates, which shall not be less than 28 days before the day fixed for the election, every candidate for election shall cause to be delivered to the Chairman a nomination paper in Form B.

Explanation.—A nomination paper shall be deemed to have been delivered to the chairman if it is delivered to any officer of the municipality authorised in this behalf at the municipal office during working hours.

(2) No nomination paper shall be valid if it is not signed by the candidate, or if it does not give the particulars required in columns 2, 3, 4 and 7 of the form, or if it is not signed in columns 5 and 6 respectively, for each ward for which the candidate proposes to stand, by at least one voter of each such ward as proposer and one voter of each such ward as seconder of the candidate.

(3) Not less than 26 days before the day fixed for the election, the Chairman shall publish a notice in Form C at the municipal office, fixing the date on which the nomination papers shall be scrutinised by him, such date being not less than 21 days before the date fixed for the election.

(4) The Chairman shall, not less than 20 days before the date fixed for the election, publish a list of candidates whose nomination papers have been found valid and who have been accordingly registered as candidates.

Form C.*Notice under Order 15.*

Nomination papers of all candidates for election received under order 15 (1) will be scrutinised by the Chairman on.....at the municipal office between the hours of..... Candidates and other interested persons may be present at the scrutiny.

Chairman.

.....Municipality,

Date.....19.....

16. Any candidate may withdraw his candidature by notice in writing subscribed by him to be sent to the Chairman within seven days of the date of publication of a list of candidates under order 15 (2). A candidate who has withdrawn his candidature shall not be allowed to cancel the withdrawal or to be renominated as a candidate for the same election.

17. The Chairman shall, on receiving a notice of withdrawal under order 16, as soon as may be, cause a notice of withdrawal to be affixed in some conspicuous place in the municipal office, and if the municipality has been divided into wards, in the municipal office, and the ward to which the matter relates.

18. Any person who applied under order 15 and whose name is not published in the list of candidates, or who disputes the claim of any other candidate to be on the list published by the Chairman under order 15, may apply to the Magistrate in writing within two days of the date of publication of the list of candidates for an order to have his name included in or any name omitted from the list. The Magistrate shall make such order as to the insertion or omission of the name as appears to him to be just, and shall forward a copy of his order to the Chairman so as to reach him not less than 12 days before the date of the election; and the Chairman shall, upon receipt of the order, give effect to the same, and such order shall be final.

19. The Chairman shall, not less than 12 days before the date of the election, publish a revised list of candidates in the same manner as the original list, containing all the alterations and amendments made in such original list, by the order of the Magistrate under order 18 and by the withdrawals of candidates under order 16. The revised list thus published shall be the final list of candidates for the election.

20. When the number of candidates for election in a municipality which has not been divided into wards, or in any ward of a municipality is no greater than the number of vacancies, such candidates shall be deemed to be elected. If the number of candidates exceeds the number of vacancies, a poll shall be held.

21. (1) The poll shall be held at such time and at such place or places as the commissioners at a meeting, or with their approval, the Chairman may determine:

Provided that, where it is considered necessary, separate arrangements may be made for the recording of votes by female voters.

(2) The place or places at which and the hours between which the votes will be recorded shall be notified by beat of drum, and by the publication of notices at the same time as the list of candidates is published under order 19.

(3) With the object of safeguarding the secrecy of the ballot and of preventing undue crowding, the Chairman shall divide each polling booth into two rooms or compartments, hereafter called the inner and outer compartments. Votes shall be recorded in the inner compartment.

22. After the second hour mentioned in the notice referred to in order 21 no voter shall be admitted within the building or enclosure within which the election proceedings are being held, but the votes of all duly registered voters who are already within the building or enclosure shall be recorded.

23. Each voter shall be entitled to vote for the ward in respect of which his name has been registered, and for no other, and to give as many votes as there are vacancies for such ward:

Provided that, where the municipality has not been divided into wards, each voter shall be entitled to vote for as many candidates as there are vacancies in the entire number of commissioners:

Provided also that, he shall not give more than one vote to any one candidate.

24. The commissioners at a meeting shall appoint a polling officer, who is neither himself a candidate for election nor the agent of a candidate, to preside at the election for each ward, or, in the case of a municipality not divided into wards, at each polling centre. When the number of voters in any ward, or in a municipality, is large, or where separate arrangements are found to be necessary for female voters, the commissioners at a meeting, or with their approval the Chairman, may provide more than one polling centre for such ward or municipality; and in that case the commissioners at a meeting shall appoint a polling officer for each such centre and shall cause a notice to be published showing the names and the serial numbers, as given in the Final Electoral Roll, of persons whose votes will be recorded at any specified polling centre in the ward or the municipality. If the polling officer for any reason fail to attend, the Chairman shall appoint another fit and proper person, who is not himself a candidate, or the agent of a candidate, for election, to take his place. The polling officer shall be assisted by a committee, hereafter referred to as the election committee, consisting of not less than three and not more than five ratepayers of the ward or the municipality, nominated by the commissioners at a meeting and not themselves candidates or agents of candidates for election. If any member of such committee fail to attend, his place may be taken by another ratepayer, not being himself a candidate for election, or the agent of a candidate, selected by the polling officer.

25. On the morning of the election day the polling officer shall be supplied with a sealed ballot-box provided with an aperture for receipt of voting papers, a copy of the Final Electoral Roll, and a bound book or books of voting papers serially numbered in foil and counterfoil, one voting paper for each voter entered in the Final Electoral Roll.

26. The voting paper shall be printed in English, or both in English and Bengali, in Form D annexed to these rules. The names of candidates in English shall be in alphabetical order. When the voting paper is printed in both the languages the name of a candidate in Bengali shall be printed below that in English in each case.

27. (1) On the day of the election the polling officer shall admit to the outer compartment the candidates and such agents as may be selected by the candidates, to assist in the identification of voters, provided that there shall be present at one time, in addition to the candidates, not more than one agent of each candidate.

(2) Only voters, members of the election committee and such other persons (if any) as the polling officer may by special directions admit, shall be allowed to enter the inner compartment.

(3) No candidate, nor the agent of any candidate, shall be admitted into the inner compartment.

(4) The polling officer shall regulate the number of voters to be admitted at any one time into either the inner or outer compartment.

28. The candidates and their agents shall not speak to or address any intending voter in the polling booth, but may submit to the polling officer objections to a voter on any of the following four grounds:—

(1) That his name is not on the Final Electoral Roll of the ward or of the municipality in respect of which the election is being held.

(2) That his claim to be a certain voter shown on the Final Electoral Roll is false.

(3) That he has already voted.

(4) (Where there is more than one polling centre in a ward or a municipality) that under order 24 he is not entitled to record his vote at the polling centre, in respect of which the objection is raised.

29. The procedure for recording each voter's vote shall be as follows:—

(i) There shall be no voting by proxy.

(ii) As each intending voter enters the outer compartment, his name and his number in the Final Electoral Roll shall be called out, so that everybody present can hear them.

(iii) No objection to a voter shall be entertained except on the grounds mentioned in order 28.

(iv) Such objection shall be summarily decided by the polling officer, who may for this purpose obtain such evidence as may be available on the spot.

(v) If after taking such evidence the polling officer is satisfied that the voter is entitled to vote, he shall hand him the foil of a voting paper and allow him to proceed to vote.

(vi) The number of the voter in the Final Electoral Roll shall be marked on the counterfoil of the voting paper.

(vii) The voter on receiving the voting paper shall forthwith be directed by the polling officer or other person (not being a candidate or his agent), deputed by the polling officer for this purpose, to the place set apart for the purpose within the inner compartment and shall there mark a cross for each vote that he gives against the name of the candidate or candidates for whom he intends to vote. He shall then fold the voting paper so as to conceal his vote and shall put the voting paper, so folded up, into the ballot-box. He shall vote without undue delay, and shall quit the polling station as soon as he has put the voting paper into the ballot-box.

(viii) If the voter is unable to read the voting paper, or to make a cross thereon, the polling officer shall mark the vote on the voting paper according to the direction of the voter. The voter shall then put the voting paper folded up into the ballot-box.

30. It shall be the duty of the polling officer and the election committee to see that votes are recorded with the utmost secrecy, that the number on the voting paper handed over to a voter is not divulged to any candidate or his agent, that only such persons as may be admitted to either compartment under these orders are admitted thereto, and that persons, who have recorded their votes, or against whom objections have been heard, are allowed leave immediately. It shall also be their duty to see that these orders and any special directions given by the polling officer thereunder are strictly observed.

31. (1) On the conclusion of the poll the ballot-box shall be opened and the votes scrutinised and counted in the presence of the candidates or their agents by the polling officer with the assistance of the election

committee, and the polling officer shall then and there, subject to the provisions of orders 32 and 33, declare the result of the election and report accordingly to the Chairman, if he is not himself the Chairman.

(2) Where there are more polling centres than one in a ward or a municipality the polling officers shall, on conclusion of the poll, send their ballot-boxes locked and sealed with the municipal seal together with the books and counterfoils and unused foils of voting papers properly sealed up, to the polling officer of one of the wards or municipal centres nominated by the Chairman in this behalf as chief polling officer of the ward or the municipality. The chief polling officer of the ward or the municipality shall forthwith proceed to open the ballot-boxes, scrutinise and count the votes and shall declare the result of the election and submit the report in the manner prescribed in clause (1) of this order.

32. Any voting paper which is not duly marked, or on which more crosses are placed than there are vacancies, or on which a cross (or mark) is placed in such manner as to make it doubtful to which candidate the vote has been given, or on which any mark is made by which the voter may afterwards be identified, shall be invalid.

33. If there be an equality of votes for the same vacancy, and if the number of vacancies does not admit of all the candidates who have obtained an equality of votes being elected, the selection of one of the candidates shall be made by lot to be drawn by the polling officer or chief polling officer, as the case may be, in such manner as he may determine.

34. In the event of any candidate being elected for more than one ward, he shall, within five days from the date of the election, declare which ward he will represent; and if he fail to make such declaration, the Chairman shall forthwith declare the ward which such candidate shall represent, and in either case such candidate shall be held to be elected in the ward in respect of which either of such declarations has been made, and in every other ward in which the said candidate has been returned the result of the election shall be determined as if no votes had been recorded for him:

Provided that, if there is no other candidate for whom votes have been recorded to fill the vacancy thus caused, a fresh election shall be held.

35. When the voting papers have been scrutinised and counted, the polling officer or the chief polling officer, as the case may be, shall forthwith replace them in the ballot-box from which they were taken. He shall also seal up the books of counterfoils and unused foils of voting papers. If he is not himself the Chairman, he shall make them over with the ballot-box to the Chairman to be kept in safe custody until the books and the voting papers are destroyed under order 36.

36. On the expiry of 30 days from the date of the declaration of the result of the election, the voting papers in the ballot-box and the sealed books containing unused voting papers and counterfoils in the Chairman's custody, shall be destroyed in the presence of such municipal commissioner or officer as the commissioners at a meeting may appoint for this purpose.

37. The list of duly returned candidates for the whole municipality shall be forwarded by the Chairman through the District Magistrate to the Commissioner of the Division for publication by him in the *Calcutta Gazette*.

38. In municipalities where the Magistrate is the Chairman, the duties assigned to the Chairman in these orders shall be discharged by the Vice-Chairman.

39. If, in any case, such a course appears to the local Government to be necessary, it may direct that the Magistrate shall perform all or any of the duties assigned in these orders to the Chairman or the commissioners in meeting.

40. No person having directly or indirectly by himself or his partner any share or interest in any contract or employment with, by or on behalf of the commissioners, or holding any office of profit under the commissioners, shall, directly or indirectly, engage in canvassing for votes, or otherwise assist in the election of any candidate otherwise than by giving his own vote.

41. All costs incurred in the preparation, printing and publication of the Electoral Rolls, the publication of notices, the holding of elections, or taking any other necessary action under these rules, shall be payable by the commissioners out of the municipal fund.

COMMERCE DEPARTMENT.

NOTIFICATIONS.

No. 6607Com.—21st November 1932.—It is hereby notified for general information that a license described as the Asansol Electric License, 1932, as set forth below, has been granted to Mr. A. K. Bajpaie, Calcutta:—

The Asansol Electric License, 1932.

License for the supply of electrical energy granted by the Government of Bengal under the Indian Electricity Act, 1910.

License is hereby granted to Mr. A. K. Bajpaie of 7, Mission Row, Calcutta, to supply electrical energy in the area, with the powers and upon the terms and conditions as specified below:—

Short Title.

1. This license may be cited as “The Asansol Electric License, 1932.”

Interpretation.

2. The several words, terms and expressions, to which by the Indian Electricity Act, 1910, or any statutory modifications thereof or by the rules thereunder meanings are assigned, shall have in this license the same respective meanings, provided that in this license—

(b) The licensee will take a supply of energy tricity Act, 1910, and any statutory modifications thereof.

(b) The expression "the licensee" shall mean and include the said Mr. A. K. Bajpaie and his permitted assigns.

(c) The expression "deposited map" shall mean the plan of the area of supply herein-after specified which has been deposited with the Government of Bengal in pursuance of the rules under the Act, which plan is signed for the purpose of identification by the Secretary to the Government of Bengal in the Commerce Department, and by the applicant, Mr. A. K. Bajpaie.

(d) The term "unit" shall mean the quantity of energy equivalent to a current of one thousand amperes flowing under an electromotive force of one volt during one hour.

Security.

3. The period within which under clause 1 (b) of the Schedule to the Act the licensee shall deposit or secure such sum as therein mentioned, and the sum so to be deposited or secured shall, unless otherwise ordered by the Government under the clause, be six months from the notification of the grant of the license and Rs. 3,000, respectively.

Area of Supply.

4. The area above referred to within which the supply of energy is authorised by this license (the area of supply under the Act) is the whole of the area with boundaries as follows:—

East—By a straight line drawn 1,447 yards to the point B on the north and 1,334 yards to the point D on the south, from a point at the centre of the Grand Trunk Road on the east at a distance of 1,045 yards from the junction of Nooruddin Maistry Lane and Grand Trunk Road and at right angles to the Grand Trunk Road.

West—By a straight line drawn 1,566 yards to the point A on the north and 1,178 yards to the point C on the south from a point at the centre of the Grand Trunk Road on the west and at a distance of 707 yards from the junction of Grand Trunk Road and Kutcheri Road at right angles to the Grand Trunk Road.

North—By a straight line drawn from point A to point B.

South—By a straight line drawn from point C to point D.

The boundaries whereof are delineated on the deposited map by a heavy green line.

Situation of generating station.

5. (a) The licensee shall not erect the generating station either inside or outside the area of supply without the previous sanction of the Government of Bengal.

(b) The licensee will take a supply of energy in bulk from the Dishergarh Power Supply Co., Ltd., for distribution within the area of supply and will erect the necessary transformer station or transformer stations within the area of supply.

Purpose of supply.

6. Subject to the provisions of this license and the Act and the Rules thereunder, the licensee shall be entitled during the continuance of this license to supply energy within the area of supply for all purposes except in cases where the supply to any one consumer shall exceed 100,000 units per annum, without the previous consent in writing of the bulk supply company.

Provided that the East Indian Railway Administration shall not be under any obligation to take energy from the licensee for their own purposes.

Compulsory works.

7. The works to be executed to the satisfaction of the Government under clause IV of the Schedule to the Act are the following, namely—

(a) The licensee shall, within one and-a-half years from the date of the license being granted, lay down suitable and sufficient feeders and distributing mains and also execute works to the satisfaction of the Government for the purpose of supplying electrical energy throughout the streets set out in the annexure to this license, shall erect the transformer station or transformer stations mentioned in clause 5 with all machinery and apparatus necessary for the purpose of giving a continuous and efficient supply, and shall do all other works necessary for the commencement of the supply of energy to consumers.

The licensee shall commence to execute the works aforesaid within six months from the commencement of the license, and shall complete the same within one and-a-half years from the commencement of the license.

(b) At the expiration of each successive period of six months from the commencement of this license until the completion of the compulsory works, the licensee shall submit to the Secretary to the Government of Bengal in the Commerce Department reports specifying all steps taken and the progress made in carrying into effect this license.

Commencement of supply of energy.

8. (1) The supply of energy shall not be commenced until—

(a) the Electric Inspector to Government shall have inspected the works and certified in writing that the supply of energy may commence,

(b) the licensee's conditions of supply shall have been approved by the Local Government, and

(c) the amount of all miscellaneous charges incidental to or in connection with the supply to consumers and which the licensee proposes to make against consumers or prospective consumers shall have been so approved.

(2) The licensee shall not supply energy to any consumer or undertake work incidental to any such supply for a prospective consumer until—

(a) such prospective consumer shall have tendered to the licensee a requisition duly signed in the form for the time being approved by the Local Government, and

(b) such prospective consumer and the licensee shall have executed an agreement in a form approved or to be approved by the Local Government.

Accounts.

9. Separate and distinct accounts shall be kept by the licensee showing in full detail, as required by the Indian Electricity Act and Rules thereunder, the working of the electrical undertaking for which this license is granted.

Nature of supply.

10. Energy will be taken in bulk from the Dishergarh Power Supply Co., Ltd., by three phase alternating current at a pressure of 10,000 volts between phases at a frequency of 50 cycles per second to the licensee's sub-station or sub-stations within the area of supply and the nature of supply for distribution by the licensee shall be as follows:—

Distribution.—A three phase 4 wire 50 cycles alternating current system at declared pressures of 400 volts between phases and 230 volts between any one phase and neutral.

The pressures stated above shall be as measured at consumers' terminals and shall be uniform, within the limits prescribed by the Indian Electricity Rules, 1922, throughout the area of supply.

Provided always that it shall be lawful for the Government from time to time to issue, with due regard to the expense involved and to the commercial prospects of the undertaking, regulations dealing with the above systems of supply or to authorise other systems of supply to be adopted for the purpose of this license.

Provided also that the licensee may from time to time, with the previous consent in writing of the Government of Bengal and subject to such limitations and conditions as shall be prescribed in writing by the Government, adopt any other system of supply for the purpose of this license.

Method of construction.

11. The feeders, distributing mains and service connections may be overhead or underground in whole or in part, and shall be erected, constructed and maintained by the licensee in strict conformity with the Act, the Rules thereunder and the following provisions:—

(a) The licensee shall not use overhead mains at any higher pressure than medium pressure without the sanction in writing of the Government of Bengal in each case and subject to such conditions or limitations as the

Government of Bengal may impose.

(b) No conductor of an aerial line shall be at a less distance than 4 feet horizontally and 8 feet vertically from any building or structure whether permanent or temporary.

(c) In narrow lanes where it is not possible to maintain a horizontal clearance of 4 feet between the aerial lines and buildings or structures, underground cables shall be used, or alternatively, a special method of construction of aerial lines to be approved of in writing under section 18 (1) of the Act.

Limits of price to be charged in respect of the supply of energy.

12. The prices to be charged by the licensee for energy supplied by him shall not exceed the following maxima, namely:—

(a) For domestic purposes—

I. Lighting—Annas eight per unit metered, subject to a minimum charge of Rs. 60 per annum per kilowatt of the rated wattage of lamps installed.

II. Fans—Annas seven per unit metered, subject to a minimum charge of Rs. 40 per annum per kilowatt of the rated input of the fans installed.

III. Flat rate for lights and fans combined—Annas seven and pies six per unit metered, subject to a minimum charge of Rs. 50 per annum per kilowatt of the rated wattage of the lamps and input of the fans installed.

IV. Motors—(i) For each installation having motors in which the aggregated rated brake horse power does not exceed 1 B.H.P.—Annas seven per unit metered, subject to a minimum charge of Rs. 36 per annum per rated B.H.P. of all the motors installed.

(ii) For each installation having motors in which the aggregated rated brake horse power exceeds 1 B.H.P.—Annas six per unit metered, subject to a minimum charge of Rs. 36 per annum per rated B.H.P. of all the motors installed.

V. Heating, cooking and for all other domestic purposes not specified in sub-clause (a)—Annas four per unit metered.

(b) For industrial purposes—

(i) For each installation having motors in which the aggregated rated brake horse power does not exceed 4—annas four per unit metered plus Rs. 8 per month per rated B.H.P. of all the motors installed.

(ii) For each installation having motors in which the aggregated rated brake horse power exceeds 4 but does not exceed 15—annas three and pies six per unit metered plus Rs. 8 per month per rated B.H.P. of all the motors installed.

(iii) For each installation having motors in which the aggregated rated brake horse power exceeds 15—annas three per unit metered plus Rs. 8 per month per rated B.H.P. of all the motors installed.

NOTE—When the minimum charge specified in clause 13, sub-clauses (a)I (i), (a)II, (a)III, (a)IV (i) and (a)IV (ii) is levied then no other charge for energy consumed shall be made.

(c) In the case of a method of charge approved by the Government in accordance with section 23, sub-sections (3) and (4) of the Act, the rates shall be such as the Government may fix on approving the matter.

Purchase of undertaking.

13. (a) The option of the purchase given by section 7, sub-section (1) of the Act shall be first exercisable on the expiration of 50 years from the date of notification of the grant of this license and thereafter on the expiration of every subsequent period of 20 years, and the terms of such purchase shall be determined, in case of difference or dispute, by arbitration as provided by section 7, sub-section (1) of the Act. The percentage of the value to be determined in accordance with and for the purpose of section 7 (1) of the Act of lands, buildings, works, materials, and plants of the licensee therein mentioned to be added under the second proviso of that sub-section to such value on account of compulsory purchase shall be 20 per cent.

(b) In accordance with section 3, sub-section (2), clause (d) (ii) of the Act, it is hereby declared that the transformer station or transformer stations to be used in connection with the undertaking shall form part of the undertaking for the purpose of purchase under section 5 or section 7.

(c) During the period of notice prescribed in section 7 (4) of the Act, all extensions and outlays of money debitably to the capital account of the licensee shall be subject to the previous approval of the Government.

Transfer of license.

14. Within five years from the date of the grant of this license, the licensee shall not seek to transfer, assign, charge or otherwise deal with or dispose of this license with a view to obtaining monetary or any other consideration in excess of that expended by him in obtaining the license together with any other preliminary expenses incurred thereby. Full particulars setting out in detail the amounts expended and also those expected to be obtained shall be submitted to Government by the licensee when any application is made for the disposal of this license.

Variations from the Schedule to the Act.

15. In pursuance of clause (f) of sub-section (2) of section 3 of the Act it is hereby expressly declared that—

(a) The following sub-clause shall be substituted for clause VI, sub-clause (5), namely—

“Every requisition under this clause shall be in a form approved by the Local Government; and copies of the form shall be kept in the office of the licensee and supplied free of charge to any applicant.”

(b) The following sub-clause shall be substituted for clause X, sub-clause (2), namely—

“Before commencing to supply energy through any distributing main the licensee shall give notice, by public advertisement in such manner as shall be previously approved by the Local Government, of the method by which he proposes to charge for energy so supplied and the rates at which such energy will be supplied; and, where the licensee has given such notice, he shall not be entitled to change the method of charging or the rates at which energy will be supplied without giving notice thereof by public advertisement in the manner aforesaid and giving not less than one month's notice in writing of such change to the Local Government, and to the local authority, if any, concerned, and to every consumer of energy who is supplied by him from such distributing main.”

(c) Clause IV of the Schedule to the Act shall, for the purpose of incorporation in this license, be varied by the substitution of one and-a-half years for the period of three years specified in clause IV of the Schedule to the Act.

Securing continuity of supply.

16. If it shall come to the knowledge of the licensee (which expression shall for the purpose of this clause and clause 17 immediately following be taken to mean and include the licensee, his employees, servants and agents and his permitted assigns) that any civil commotion or disturbance of the public peace or any strike or lockout of the nature specified in section 15 of the Trades Disputes Act, 1929, likely to result in the interruption of supply of energy from the power station or to consumers has commenced or is presently apprehended by the licensee then the licensee or some one on his behalf shall give to the District Magistrate or to a Magistrate near the licensee's power station, immediate and full information with regard thereto.

Revocation.

17. NOTIFICATION.

No. 13798For.—26th November 1932.—In pursuance of Rule IX of the Bengal Provincial Services Recruitment Rules* published in Government notification No. 7183A., dated the 22nd May 1930, the Government of Bengal are pleased to notify the following particulars and instructions regarding the direct appointment to be made in 1934 to the Bengal Forest Service:—

1. **Vacancies.**—Only one vacancy will be filled by direct appointment and the vacancy is reserved for a Muhammadan candidate.

2. **Method of recruitment.**—The appointment will be made by selection after the selected candidate has satisfactorily undergone a course of training at the school of Forestry, Rangoon University, for a period of two years.

The cost of the training of the selected candidate at the School of Forestry, Rangoon University, which will include University fees, college subscriptions, and all charges for tuition, food and residence in a college hostel, and for travelling on tour will be borne by Government. Actual expenses for journeys by rail or steamer while proceeding to join the School of Forestry at Rangoon and finally returning therefrom will also be defrayed by Government.

After the completion of his training at Rangoon University, the selected candidate, if found satisfactory, will be appointed on probation for a period not exceeding two years and will be subject to such conditions of the service (including leave, pay, pension, etc.) as may then be existing.

*Copies of these Rules (price annas six) are obtainable from the Officer in charge, Book Depot, Bengal Secretariat, Calcutta.

3. Qualifications.—The indispensable qualifications of a candidate are—

- (i) that he is a native of Bengal or has a permanent domicile within the Presidency of Bengal;
- (ii) that he is a natural born subject of His Majesty, or of an Indian State in respect of whom the Governor-General in Council has made a declaration under section 96A of the Government of India Act;
- (iii) that he shall be not less than 21 and not more than 26 years of age on the 15th December 1932;
- (iv) that he must have obtained the B.A. degree at a recognised University or the B.A. degree after passing the I.Sc. Examination, special weight being given to a knowledge of Botany;
- (v) that he is of good character; and
- (vi) that he is of sound health, good physique, active habits and free from organic defect or bodily infirmity.

Along with his application every candidate shall submit proof of his age as explained below and certificates written not more than one year prior to the date of his application, from two responsible persons unconnected with his college or University and not related to him, testifying to his private character and stating that he is a native of, or has a permanent domicile within, the Province of Bengal. Testimonials regarding character and fitness for the post from the Principal (s) of College (s) in which he studied during the last three years should also be submitted.

Proof of age.—Every candidate must submit with his application a copy of his Matriculation certificate duly attested by a Magistrate or other responsible person. If the Matriculation certificate does not contain sufficient particulars to show that the candidate is qualified by age to enter the service, a certificate from the candidate's University or college showing his date of birth as recorded on entering the University or college must also be furnished. The age of a candidate as recorded on entering his University is regarded as correct unless there is a proof to the contrary. If a candidate claims that his age is other than as so recorded, he must submit with this application the evidence on which he bases his claim.

4. Applications.—A person desiring to apply for the appointment must state in the application the name and address (present and permanent) in full, age, date, place of birth, nationality at birth, occupation and academic qualifications as well as father's name and address, occupation and nationality at birth.

The application should be enclosed in a registered cover addressed to the Secretary to the Government of Bengal, Revenue Department, and must reach him not later than the 10th December 1932 after which date no applications will be accepted.

Should any of the particulars furnished in the application be found to be false within the knowledge of the candidate, he will, if appointed, be liable to be dismissed. The wilful suppression of any material fact will also be similarly penalized.

5. Particulars of candidates.—(Government may require before final selection of the candidate such further proof or particulars from the candidates as they may consider necessary; and may make enquiries regarding their character and domicile.

6. Canvassing.—Any attempt on the part of a candidate to enlist support for his application through persons of influence or officials of Government will disqualify him for the appointment. Spontaneous recommendations from persons interested in the candidate or otherwise known to them will be disregarded.

7. Ineligibility of Government Servant.—Unless specially exempted by general or special order, no persons holding a substantive appointment in Government service is eligible for the appointment.

8. Medical Examination.—Before the candidate is finally selected and sent to Rangoon for Forestry training, he will be required to appear before a Medical Board for a certificate of his fitness for Government service in form A of Schedule IV of the Bengal Provincial Services Recruitment Rules.

**Resolution on the Annual Reports of the Civil Veterinary Department,
Bengal, and of the Bengal Veterinary College for the year 1931-32.**

GOVERNMENT OF BENGAL.

Department of Agriculture and Industries.

Veterinary.

CALCUTTA, THE 23RD NOVEMBER 1932.

RESOLUTION—No. 5145 Vety.

Minister-in-charge: The Hon'ble Nawab K. G. M. Farouqi, Khan Bahadur.

Read—

Annual Reports of the Civil Veterinary Department, Bengal, and
of the Bengal Veterinary College for the year 1931-32.

1. **Civil Veterinary Department.**—During the year under review there was an increase in the mortality of animals from contagious diseases as compared with that of the preceding year. Rinderpest which was prevalent throughout the province took the heaviest toll, being responsible for 71 per cent. deaths reported from bovine diseases; whilst haemorrhagic septicaemia accounted for as many as 3,009 or about 20 per cent. of the deaths.

2. Preventive inoculation by the "serum alone" method of dealing with outbreaks was carried out extensively with success. Four hundred and seventy-one animals were also protected against rinderpest by the "serum simultaneous" method at Manipur in Dacca and at Kapilmuni in Khulna. The Hon'ble Minister notices with pleasure that the cost of inoculation in the latter place was borne equally by the district board and Rai Sahib Binode Bihary Sadhu of the district. It is hoped that other district boards and public-spirited gentlemen will emulate their example. An interesting experiment of inoculating plains cattle against rinderpest with "goat-virus-alone" has been undertaken by the department in collaboration with the Imperial Institute of Veterinary Research at Muktesar. The result of this experiment has so far been encouraging. Should the efficacy of the new "goat-virus-alone" method be established, it is hoped that it will be possible to secure the immunity of cattle from rinderpest at much less cost than at present.

3. Veterinary aid in the ordinary care of animals in the mufassal is still inadequate. No new hospital or dispensary was opened during the year. Nevertheless it is gratifying to note that a number of district boards have taken steps towards the construction or improvement of hospitals and dispensaries.

4. The necessity of tackling the important problem of animal diseases in Bengal has been keenly felt for some time past. During the year a scheme for the appointment of a Veterinary Investigation Officer for a term of five years was worked out at the instance of the Imperial Council of Agricultural Research, who offered financial assistance towards it. This scheme involves investigation of haemorrhagic septicaemia, rinderpest and other common diseases of cattle, etc., under the direction of the Director, Civil Veterinary Department, and Veterinary Adviser to this Government and in collaboration with the Director, Imperial Research Institute of Veterinary Research at Muktesar. This scheme was sanctioned after the close of the year, and it is hoped to start the work as early as possible.

5. The Governor acting with the Minister-in-charge notes with pleasure the names of the officers of the department who did good work during the year and also desires to acknowledge the services of Mr. Kerr and Khan Sahib Saiyed Sultan Ahmad.

II. **Bengal Veterinary College.**—The college maintained its popularity as will be evident from the increased number of applications for admission from various parts of India and even outside. There was also an increase in the number of entrants from Bengal in spite of limited scope for employment. In an agricultural country like Bengal, good and healthy cattle are a valuable asset to the cultivator, and an efficient veterinary staff is essentially necessary for educating the people in the care of their live-stock and affording the necessary veterinary aid. Much importance, therefore, attaches to the veterinary college which is the only institution in Bengal turning out qualified veterinary practitioners.

2. The report of the Principal contains an interesting account of the activities in various branches of the college and hospital. The scheme for a refresher-course of training of Veterinary Assistant Surgeons and veterinary graduates referred to in the last year's report has been kept in abeyance in view of the meagre support it received from the district boards which were consulted in the matter.

3. The Minister-in-charge is pleased to acknowledge the services rendered by Mr. MacGregor in the administration of the college and notes with pleasure the names of members of the college staff who did good work during the year. His thanks are also due to the non-official members of the committee of management for the services rendered by them.

By order of the Govt. of Bengal
(Ministry of Agriculture),

L. R. FAWCUS,
Secy. to the Govt. of Bengal.

CALCUTTA, THE 5TH DECEMBER 1932.

RESOLUTION—No. 23860P.

Read—

Government of Bengal *Communiqué*, dated the 29th September 1932, on the subject of the outrage at Pahartali in Chittagong on the 24th September 1932 and notification No. 20726P., dated the 25th October 1932, by which a collective fine of Rs. 80,000 was imposed on certain inhabitants of Chittagong district under sub-section (7) of section 27 of the Special Powers Ordinance, 1932.

As has already been announced, Government have imposed a collective fine on Chittagong in connection with the outrage of the 24th September, but for the reasons set out in the notification of the 25th October, they deferred collection until the 1st December 1932. That date has passed and no tangible results being as yet apparent from the action initiated by the local inhabitants and no advantage having been taken of the postponement of the realisation of the fine to assist the authorities, with information likely to lead to the apprehension of the offenders, Government have no ground for further postponing the collection of the fine and the work of realisation will be taken up without delay.

2. It is the desire of Government, however, to encourage in every way the growth of the spirit of co-operation of which some signs have recently begun to manifest themselves in Chittagong. They have therefore decided that, while the collection of the fine must go on, the decision as to the ultimate destination of the money will be left in abeyance for the present, and meanwhile the results of such efforts as may be made by the inhabitants of Chittagong to assist Government in dealing with the menace of terrorism will be observed. In the light of those

results Government will consider in due course whether they would be justified in returning in whole or in part the sums already collected or applying the money to local needs instead of to the general requirements of the Province.

By order of the Governor in Council,

R. N. REID,
Chief Secy. to the Govt. of Bengal.

NOTIFICATIONS.

2. The draft will be taken into consideration on or after the 29th December 1932, and any objection or suggestion received by the undersigned with regard thereto before that date will be duly considered:—

Draft amendments.

I. In line 1 of by-law 13, for the words "one class of rickshaws of a pattern" *substitute* the words "two classes of rickshaws of patterns."

II. After sub-rule "(3) Rates and Fares to be paid for Rickshaws" of rule 23 under heading "Rates and Fares," *insert* the following sub-rule, namely:—

"(4) Rates and Fares to be paid for one-seater Rickshaws.

Fare by distance.		Fare by time.	
For any distance within and not exceeding one mile.	For any distance exceeding one mile.	For any time within and not exceeding one hour.	For every hour or part of an hour beyond one hour.
As. 1½	At the rate of 1½ annas for every mile and for any part of a mile over and above number of miles completed.	As. 3	As. 1½"

III. For by-law 25 (1), *substitute* the following by-law, namely:—

"25. (1) (a) The carrying capacity of all rickshaws shall be fixed by the Commissioner of Police.

(b) The maximum number of passengers a rickshaw is licensed to carry shall be clearly painted on the vehicle in a conspicuous position in a manner approved of by the Commissioner of Police.

(c) No rickshaw shall carry more passengers than it is licensed to carry."

No. 5969Pl.—2nd December 1932.—In exercise of the powers conferred by section 11 of the Indian Motor Vehicles Act, 1914 (VIII of 1914), the Governor in Council is pleased to make the following amendments in the rules regulating the use of motor vehicles in places in Bengal other than Calcutta (including suburbs) and the Municipality of Howrah, published under notification No. 12667P., dated

the 3rd October 1917, as amended from time to time:—

Amendments.

(1) *Substitute* the following for item (1) of rule 49 (ii) in Part V of the said rules:—

(1) The Hill Cart Road from Sukna to Darjeeling.

(2) *Insert* the following new rule as sub-rule (v) of rule 49 in Part V:—

(v) All motor vehicles passing Sukna shall be liable to be weighed according to the procedure laid down below:—

(1) Any motor vehicle which appears to exceed 35 cwts. in weight or to have a heavy load whether of passengers or goods or both shall be stopped at Sukna and weighed on behalf of the Public Works Department by the Darjeeling-Himalayan Railway. No passenger may leave the vehicle and no article may be unloaded from the vehicle until it has been weighed.

(2) The station master or the assistant station master, Sukna, or any police-officer on duty at Sukna, is authorised to weigh any motor vehicle or to allow it to proceed without being weighed. Vehicles shall be weighed without unnecessary delay.

(3) Upward motor vehicles shall not be given their proceed orders under rule 53 until they have been weighed or permitted to proceed without being weighed.

(4) If an upward motor vehicle is found to have a gross weight over 35 cwts., no proceed orders under rule 53 shall be issued until the load has been reduced to 35 cwts. If a downward motor vehicle is found to have a gross weight of over 35 cwts., the weighing officer will take full particulars of the vehicle and of the driver's licence and will report the matter to the Superintendent of Police, Darjeeling. The certificate of the station master shall accompany such reports.

The Second Schedule above referred to.

Scheme of Management.

1. The said Fund shall be called "The Maghen David Synagogue Fund."
2. The objects of the Fund are to devote not less than half of the income thereof for

the relief of poor and destitute members of the Jewish persuasion and faith and to devote the balance for the upkeep and maintenance (including payments for repairs and the provision of ministers and staff) of the Maghen David Synagogue in Canning Street in the town of Calcutta (originally built by the late Mr. Elias David Joseph Ezra) in such manner as the Board of Management herein-after referred to shall in their absolute discretion from time to time decide.

3. The Fund shall be administered by the Board of Management of the Maghen David Synagogue consisting of the members for the time being including the President and Vice-President for the time being of the Board of Management. The Board of Management shall hold such meetings as the President, Vice-President or Honorary Secretary thereof shall from time to time consider advisable for the purpose of dealing with any matters arising out of or connected with the objects or administration of the Fund. A meeting shall also be called by the Honorary Secretary on receipt of a written requisition signed by any three members of the said Board of Management.

4. The income of the Fund shall be remitted when and as collected by the Treasurer of the Charitable Endowment to the President for the time being of the Board of Management and shall be applied by him towards the objects specified in clause 2 of this scheme in such manner as the Board of Management shall in their absolute discretion from time to time decide.

5. All questions at any meeting of the Board of Management shall be decided by a majority of votes of those present at the meeting, and in the event of an equality of votes the Chairman of the meeting shall have a second or casting vote. In the event of the President or Vice-President of the Board of Management not being present at any meeting of the Board of Management the members present shall elect a Chairman for that meeting.

6. In the event of the said Maghen David Synagogue ceasing to be carried on, the said Fund shall be transferred either to the Ezra Hospital or to any other local Sephardic Jewish Charitable Institution as the retiring Board of Management of the Maghen David Synagogue will decide.

Senate House, the 24th September 1932.

The Senate will proceed in the month of August 1933 to the election of a Tagore Professor of Law for a term of one year, to commence on the 1st August 1934.

The salary of the Professorship is Rs. 9,000 per annum and the Professor will be expected to deliver a course of not less than twelve lectures on one of the following subjects :—

- (i) The History of Development of Hindu Law in British India.
- (ii) The History of Development of Moslem Law in British India.
- (iii) The Law relating to Dissolution of Marriage and Judicial Separation in British India.

The salary of the Professor will be paid in twelve *equal monthly instalments*, the first instalment to be paid on the first day of the month following that in which the first lecture is delivered.

Candidates for the Professorship are required to forward their applications to the Registrar on or before the 1st May 1933, stating on which of the above-named three subjects they are prepared to lecture. Each candidate will forward with his application one hundred copies of a brief synopsis of his proposed lectures; and if he so pleases, the same number of copies of his introductory lecture.

The Professor will, not later than the month of August following his election, forward to the Registrar a complete copy (manuscript or type-written) of the lectures which he proposes to deliver. The copy will be forthwith referred by the Faculty of Law to a Committee of not more than three persons to be selected for their special competence in this behalf who will examine the same and, before the expiry of two months from the date of the submission of the copy by the Professor to the Registrar, report to the Faculty whether the work is complete and ready for the Press. If, upon such report, the Faculty are satisfied that the work is complete, the Professor will commence to deliver his lectures within three months from the date of the resolution of the Faculty and shall complete the delivery thereof in another three months. The copy of the lectures delivered will remain in the custody of the Registrar and shall be sent to the Press as soon as practicable after delivery thereof.

If the Professor fails to submit the copy of lectures, or if the copy submitted be found, on examination, to be incomplete and not ready for the Press, the matter will be referred to the Faculty of Law, upon whose recommendation the Senate may either extend the time or cancel the appointment.

NOTIFICATIONS.

Minister-in-charge: The Hon'ble Mr. Bijoy Prasad Singh Roy.

No. 6135M. — 12th December 1932.—The following draft of a notification, which the Government of Bengal (Ministry of Local Self-Government) intend to issue in exercise of the power conferred by section 30 of the Calcutta Municipal Act, 1923 (Bengal Act III of 1923), is published, as required by section 484 of the said Act, for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on the 27th January 1933, and any objection or suggestion with respect thereto, which may be received by the undersigned before that date, will be duly considered:—

Draft notification.

In exercise of the power conferred by section 30 of the Calcutta Municipal Act, 1923 (Bengal Act III of 1923), the Government of Bengal (Ministry of Local Self-Government) are pleased to make the following amendments to the rules for the conduct of elections of Councillors to be held under the said Act, which were published under notification No. 4735M^o, dated the 24th November 1924, as subsequently amended:—

I. The following shall be substituted for rule 3:—

"3. The Local Government shall appoint—

(a) a date for the nomination of candidates not less than one month before the date fixed for the general elections under section 45, sub-section (3) of the Act, as amended by Bengal Act IV of 1930, calling upon the constituencies to elect the requisite number of members, and

(b) a further date, not later than the seventh day after the first mentioned date, for the scrutiny of nominations."

II. In rule 30 of the said rules, the words "in the order of their surnames" shall be deleted.

III. In Form I after the word "Denomination," the words "of candidate" shall be inserted.

No. 6141L.S.-G.—12th December 1932.—In exercise of the power conferred by section 16 of the Bengal Motor Vehicles Tax Act, 1932 (Bengal Act I of 1932), the Government of Bengal (Ministry of Local Self-Government) are pleased to exempt from the payment of tax under the said Act the motor vehicles which are the property of the Calcutta Corporation and are used exclusively for their work.

Burdwan. — No. 5835M. — 3rd December 1932.—The following draft of a notification, which the Government of Bengal (Ministry of Local Self-Government) intend to issue in exercise of the power conferred by clause (a) of section 2 of the Calcutta Hackney Carriage Act, 1919 (Bengal Act I of 1919), is published, as required by the second proviso to that section, for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on the 5th January 1933, and any objection or suggestion with regard thereto, which may be received by the undersigned from any ratepayer or inhabitant of the Raniganj Municipality in the district of Burdwan, before that date, will be duly considered:—

Draft notification.

In exercise of the power conferred by clause (a) of section 2 of the Calcutta Hackney Carriage Act, 1919 (Bengal Act I of 1919), the Government of Bengal (Ministry of Local Self-Government) are pleased to extend to the Raniganj Municipality in the district of Burdwan all the provisions of the said Act except sub-section (I) of section 6.

Burdwan.—No. 5836M.—3rd December 1932.—The following draft of by-laws, which the Government of Bengal (Ministry of Local Self-Government) propose to make for the Raniganj Municipality, in the district of Burdwan, in exercise of the power conferred by sub-section (I) of section 71 of the Hackney Carriage Act, 1919 (Bengal Act I of 1919), is published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on the 5th January 1933, and any objection or suggestion received by the undersigned before that date, through the District Magistrate, will be duly considered:—

Draft by-laws under section 71 (1) of the Calcutta Hackney Carriage Act, 1919 (Bengal Act I of 1919), for the Raniganj Municipality in the district of Burdwan.

Appointment and duties of the Registering Officer.

1. Every hackney carriage in the Raniganj Municipality shall be annually registered by a Registering Officer who shall be appointed for the purpose by the Municipal Commissioners and who shall keep a register in which he shall enter the class and number assigned to every hackney carriage.

Qualification of drivers.

2. Every person applying for a driver's license shall be required to satisfy the Registering Officer:—

- (a) that he knows how to drive and control horses and is in all respects a fit person for such employment;
- (b) that he is well acquainted with the principal roads, offices and places of interest in and around Raniganj;
- (c) that he has a thorough knowledge of the list of fares and tables of distances prepared by the Commissioners of the municipality.
- (d) that he knows the rules of the road and the signals used by drivers and by the traffic police, if any.

3. Licenses for hackney carriage drivers and bearers for palanquins and rickshaws will be in different forms. There shall be attached to each license in such manner as the Commissioners of the Raniganj Municipality may prescribe—

- (a) the thumb mark of the driver; and
- (b) a book of fares and distances to be prepared and printed under the authority of the Commissioners of the Raniganj Municipality to be supplied free of cost to every driver or bearer.

4. Every driver of a hackney carriage or bearer of a palanquin or a rickshaw shall carry with him and produce, when called upon to do so by any Police officer or by the Chairman or Vice-Chairman of the municipality or any Municipal officer or by his fare, his license with the book of fares and distances supplied free of cost to every driver or bearer.

5. No hackney carriage driver shall drive with his feet in any other position than on the foot board of the vehicle, nor shall he muffle up his face and head in such manner as might endanger the proper driving of his vehicle.

6. No hackney carriage driver shall be allowed to drive any licensed hackney carriage or carriages other than those specified on his license without the permission of the Registering Officer.

Uniforms.

7. The uniform of drivers and attendants shall be clean.

Description of horses, carriages, palanquins and rickshaws.

8. No horse shall be used to draw a hackney carriage unless it has been passed by the Registering Officer and no horse shall be passed unless it is—

- (a) not less than 14 hands high if intended to be used in a pair in a first class hackney carriage;
- (b) not less than 14.2 hands high if intended to be used singly in a first class hackney carriage;
- (c) not less than 13 hands high if intended to be used in a pair in a second class hackney carriage;

- (d) not less than 14 hands high if intended to be used singly in a second class hackney carriage;

Inspector-General of Regn., Bengal.

COMMERCE DEPARTMENT.

NOTIFICATIONS.

No. 7005Com.—6th December 1932.—It is hereby notified for general information that a license described as the "Khulna Electric License, 1932," as set forth below, has been granted to the Khulna Electric Supply Corporation, Limited:—

The Khulna Electric License, 1932.

License for the supply of electrical energy granted by the Government of Bengal under the Indian Electricity Act, 1910.

License is hereby granted to the Khulna Electric Supply Corporation, Limited, to supply electrical energy in the area with the powers and upon the terms and conditions as specified below:—

Short Title.

1. This license may be cited as "The Khulna Electric License, 1932."

Interpretation.

2. The several words, terms and expressions, to which by the Indian Electricity Act, 1910, or any statutory modifications thereof or by the rules thereunder meanings are assigned, shall have in this license the same respective meanings, provided that in this license—

(a) The "Act" shall mean the Indian Electricity Act, 1910, and any statutory modifications thereof.

(b) The expression "the licensees" shall mean and include the said Khulna Electric Supply Corporation, Limited, and their permitted assigns.

(c) The expression "deposited map" shall mean the plan of the area of supply hereinafter specified which has been deposited with

the Government of Bengal in pursuance of the rules under the Act, which plan is signed for the purpose of identification by the Secretary to the Government of Bengal in the Commerce Department, and by the applicants, the Khulna Electric Supply Corporation, Limited.

(d) The term "unit" shall mean the quantity of energy equivalent to a current of one thousand amperes flowing under an electromotive force of one volt during one hour.

Security.

3. The period within which under clause 1 (b) of the Schedule to the Act the licensees shall deposit or secure such sum as therein mentioned, and the sum so to be deposited or secured shall, unless otherwise ordered by the Government under the clause, be six months from the notification of the grant of the license and Rs. 10,000, respectively.

Area of supply.

4. The area above referred to within which the supply of energy is authorised by this license (the area of supply under the Act) is the whole of the area with boundaries as follows:—

North—By the Eastern Bengal Railway boundary fencing from the Bhairab river on the east to the north-eastern corner of Noor Nagar, thence by the eastern and southern boundaries of Noor Nagar to the junction of Boyra Road and Noor Nagar Road, along Noor Nagar Road to its junction with Boyra Shasan Ghata Road, along Boyra Shasan Ghata Road to the point on the west where it turns south.

East—By the western bank of the Bhairab river from its junction with the Eastern Bengal Railway boundary fencing on the north to its junction with the Rupsa River on the south, thence by the western bank of the Rupsa river to its junction with Motia-Khali Khal on the south.

South—By Motia-Khali Khal from its junction with Rupsa river on the east along Naodara Khal and the Maia river to its junction with Ghater Khal on the west.

West—By Khuder Khal from its junction with Maia river on the south to its junction with a point in continuation of Boyra Shasan Ghata Road on the north, but excluding the area cross hatched in black lines on the deposited map, thence by Boyra Shasan Ghata Road to the point where it turns east.

The boundaries whereof are delineated on the deposited map by a heavy red line.

Situation of generating station.

5. The licensees shall erect the generating station within the area covered by this license.

Compulsory works.

6. The works to be executed to the satisfaction of the Government under clause IV of the Schedule to the Act are the following, namely:—

(a) The licensees shall, within two years from the date of the license being granted, lay down suitable and sufficient feeders and dis-

tributing mains and also execute works to the satisfaction of the Government for the purpose of supplying electrical energy throughout the list of streets set out in the annexure to this license, shall erect the generating station mentioned in clause 5 with all machinery and apparatus necessary for the purpose of giving a continuous and efficient supply and shall do all other works necessary for the commencement of the supply of energy to consumers.

The licensees shall commence to execute the works aforesaid within one year from the commencement of the license and shall complete the same within two years from the commencement of the license.

(b) At the expiration of each successive period of six months from the commencement of this license until the completion of the compulsory works, the licensees shall submit to the Secretary to the Government of Bengal in the Commerce Department reports specifying all steps taken and the progress made in carrying into effect this license.

Commencement of supply of energy.

7. (1) The supply of energy shall not be commenced until—

(a) the Electric Inspector to Government shall have inspected the works and certified in writing that the supply of energy may commence,

(b) the licensees' conditions of supply shall have been approved by the Local Government, and

(c) the amount of all miscellaneous charges incidental to or in connection with the supply to consumers and which the licensees propose to make against consumers or prospective consumers shall have been so approved.

(2) The licensees shall not supply energy to any consumer or undertake work incidental to any such supply for a prospective consumer until—

(a) such prospective consumer shall have tendered to the licensees a requisition duly signed in the form for the time being approved by the Local Government, and

(b) such prospective consumer and the licensees shall have executed an agreement in a form approved by the Local Government.

Accounts.

8. (a) Separate and distinct accounts shall be kept by the licensees shewing in full detail, as required by the Indian Electricity Act and Rules thereunder, the working of the electrical undertaking for which this license is granted.

(b) The licensees shall not, without the previous sanction of the Local Government in writing, engage in any business other than that specially authorised by this license or essentially necessary to permit the licensees to carry out the obligations imposed by this license, the Indian Electricity Act, 1910, and the Indian Electricity Rules.

Nature of supply.

9. (1) The nature of supply shall be as follows:—

(a) **Generation.**—Medium pressure three phase 50 cycles 440 volts alternating current.

(b) **Transmission.**—High pressure three phase 50 cycles 3,300 volts alternating current.

(c) **Distribution.**—A three phase 4 wire 50 cycles alternating current system at declared pressures of 400 volts between phases and 230 volts between any one phase and neutral.

The pressures stated above shall be as measured at consumers' terminals and shall be uniform, within the limits prescribed by the Indian Electricity Rules, 1922, throughout the year of supply:

Provided always that it shall be lawful for the Government from time to time to issue, with due regard to the expense involved and to the commercial prospects of the undertaking, regulations dealing with the above systems of supply or to authorise other systems of supply to be adopted for the purpose of this license:

Provided also that the licensees may from time to time, with the previous consent in writing of the Government of Bengal and subject to such limitations and conditions as shall be prescribed in writing by the Government, adopt any other system of supply for the purpose of this license.

Method of construction.

10. The feeders, distributing mains and service connections may be overhead or underground in whole or in part, and shall be erected, constructed and maintained by the licensees in strict conformity with the Act, the Rules thereunder and the following provisions:—

(a) The licensees shall not use overhead mains at any higher pressure than medium pressure without the sanction in writing of the Government of Bengal in each case and subject to such conditions or limitations as the Government of Bengal may prescribe.

(b) No conductor of an aerial line shall be at a less distance than four feet horizontally and eight feet vertically from any building or structure whether permanent or temporary.

(c) In narrow lanes where it is not possible to maintain an horizontal clearance of four feet between the aerial lines and buildings or structures, underground cables shall be used, or alternatively a special method of construction of aerial lines to be approved of in writing under section 18 (1) of the Act.

Limits of price to be charged in respect of the supply of energy.

11. The prices to be charged by the licensees for energy supplied by them shall not exceed the following maxima, namely:—

(a) **For domestic purposes—1. Lighting.**—Annas eight per unit metered subject to a

minimum charge of rupees five per month per kilowatt of the rated wattage of lamps installed.

II. Fans.—Annas seven per unit metered subject to a minimum charge of rupees twenty-five per annum per kilowatt of the rated input of the fans installed.

III. Flat rate for lights and fans combined.—Annas seven and pies six per unit metered subject to a minimum charge of rupees fifty per annum per kilowatt of the rated wattage of the lamps and rated input of the fans installed.

IV. Motors.—(i) For each installation having motors whose aggregate rated brake horse power does not exceed 1 B.H.P.—Annas seven per unit metered.

(ii) For each installation having motors in which the aggregate rated brake horse power exceeds 1 B.H.P.—Annas six per unit metered.

(b) **For Industrial purposes.**—(i) For each installation having motors in which the aggregate rated brake horse power does not exceed four—Annas five per unit metered.

(ii) For each installation having motors in which the aggregate rated brake horse power exceeds four but does not exceed fifteen—Annas three and pies six per unit of energy metered plus rupees eight per month per rated B.H.P. of all the motors installed.

(iii) For each installation having motors in which the aggregate rated brake horse power exceeds fifteen—Annas three per unit of energy metered plus rupees eight per month per rated B.H.P. of all the motors installed.

(c) For heating, cooking and refrigerating and for all purposes other than those specified in sub-clauses (a) and (b)—Annas four per unit metered.

NOTE.—When the minimum charge specified in clause 11, sub-clause (a) I or (a) II or (a) III is levied then no other charge for energy consumed shall be made.

(d) In the case of a method of charge approved by the Local Government in accordance with section 23, sub-sections (3) and (4) of the Act, such maximum as the Government may fix on approving the matter.

Purchase of undertaking.

12. (a) The option of the purchase given by section 7, sub-section (1) of the Act shall be first exercisable on the expiration of 50 years from the date of notification of the grant of this license and thereafter on the expiration of every subsequent period of 20 years, and the terms of such purchase shall be determined, in case of difference or dispute, by arbitration as provided by section 7, sub-section (1) of the Act. The percentage of the value to be determined in accordance with and for the purpose of section 7 (1) of the Act of lands, buildings, works, materials, and plants of the licensees therein mentioned to be added under the second proviso of that sub-section to such value on account of compulsory purchase, shall be 20 per cent.

(b) In accordance with section 3, sub-section (2), clause (d) (ii) of the Act, it is hereby declared that the generating station to be used in connection with the undertaking shall form part of the undertaking for the purpose of purchase under section 5 or section 7, provided that the power station shall not have been abandoned by reason of the operation of clause 13.

(c) During the period of notice prescribed in section 7 (4) of the Act, all extensions and outlays of money debitable to the capital account of the licensees shall be subject to the previous approval of the Government.

(d) Within five years from the date of the grant of this license, the licensees shall not seek to transfer, assign, charge or otherwise deal with or dispose of this license with a view to obtaining monetary or any other consideration in excess of that expended by them in obtaining the license together with any other preliminary expenses incurred thereby. Full particulars setting out in detail the amounts expended and also those expected to be obtained shall be submitted to Government by the licensees when any application is made for the disposal of this license.

Bulk supply.

13. Should a supply of electrical energy in bulk become available at any future date from any source at such rates that the net rates and other charges payable by consumers for the supply of distributed energy under this license could, in opinion of the Government, be reduced, the licensees shall obtain their supply from such source and shall also reduce the rates charged to consumers and also those in clause 11 of this license by amounts which shall be approved by Government.

The decision of Government on the operation of this clause shall be final.

Variations from the Schedule to the Act.

14. In pursuance of clause (f) of sub-section (2) of section 3 of the Act, it is hereby expressly declared that—

(a) The following sub-clause shall be substituted for clause VI, sub-clause (5), namely:—

“Every requisition under this clause shall be in a form approved by the Local Government; and copies of the form shall be kept in the office of the licensees and supplied free of charge to any applicant.”

(b) The following sub-clause shall be substituted for clause X, sub-clause (2), namely:—

“Before commencing to supply energy through any distributing main the licensees shall give notice, by public advertisement in such manner as shall be previously approved by the Local Government, of the method by which they propose to charge for energy so

supplied and the rates at which such energy will be supplied; and, where the licensees have given such notice, they shall not be entitled to change the method of charging or the rates at which energy will be supplied without giving notice thereof by public advertisement in the manner aforesaid and giving not less than one month's notice in writing of such change to the Local Government, and to the local authority, if any, concerned, and to every consumer of energy who is supplied by them from such distributing main.”

(c) Clause IV of the Schedule to the Act shall, for the purpose of incorporation in this license, be varied by the substitution of two years for the period of three years specified in clause IV of the Schedule to the Act.

Securing continuity of supply.

15. If it shall come to the knowledge of the licensees (which expression shall for the purpose of this clause and clause 16 immediately following be taken to mean and include the licensees, their employees, servants and agents and their permitted assigns) that any civil commotion or disturbance of the public peace or any strike or lockout of the nature specified in section 15 of the Trades Disputes Act, 1929, likely to result in the interruption of supply of energy from the power station or to consumers has commenced or is presently apprehended by the licensees, then the licensees or some one on their behalf shall give to the District Magistrate or to a Magistrate near the licensees' power station immediate and full information with regard thereto.

Revocation.

16. (a) If the licensees shall in the opinion of Government have failed to give such immediate and full information as is required in clause 15 hereof or if at any time any interruption of the supply shall occur which in the opinion of Government is attributable to any wilful or preventable default or neglect on the part of the licensees or if the licensees shall in the opinion of Government fail to comply with any of the provisions of any of the clauses of this license or shall in the opinion of Government fail to show satisfactory progress during any portion of the period of two years specified in clause 6 of this license or if the general direction and control of the licensees shall cease to be in the hands of British subjects, the license may be revoked.

(b) In the event of Government revoking the license for any of the causes specified in this clause the security deposit of Rs. 10,000, made in accordance with clause 3, may in whole or part be forfeited to Government, as Government may decide, and the decision of Government as to both revocation and forfeiture shall be final and binding on the licensees.

Annexure.**List of streets referred to in clause 6 (a) of this license.**

No. 7087Com.—7th December 1932.—It is hereby notified for general information that a license described as the "Naihati Electric License, 1932," as set forth below, has been granted to Mr. M. Sanyal, Calcutta:—

The Naihati Electric License, 1932.**License for the supply of electrical energy granted by the Government of Bengal under the Indian Electricity Act, 1910.**

License is hereby granted to Mr. M. Sanyal of Sanyal and Co., 309, Bow Bazar Street, Calcutta, to supply electrical energy in the area with the powers and upon the terms and conditions as specified below:—

Short title.

1. This license may be cited as "The Naihati Electric License, 1932."

Interpretation.

2. The several words, terms and expressions, to which by the Indian Electricity Act, 1910, or any statutory notifications thereof or by the rules thereunder meanings are assigned, shall have in this license the same respective meanings, provided that in this license—

(a) the "Act" shall mean the Indian Electricity Act, 1910, and any statutory modifications thereof,

(b) the expression "the licensee" shall mean and include the said Mr. M. Sanyal and his permitted assigns,

(c) the expression "deposited map" shall mean the plan of the area of supply hereinafter specified which has been deposited with the Government of Bengal in pursuance of the rules under the Act, which plan is signed for the purpose of identification by the Secretary to the Government of Bengal in the Commerce Department, and by the applicant, Mr. M. Sanyal, and

(d) the term "unit" shall mean the quantity of energy equivalent to a current of one thousand amperes flowing under an electromotive force of one volt during one hour.

Security.

3. The period within which under clause 1 (b) of the Schedule to the Act the licensee shall deposit or secure such sum as therein mentioned, and the sum so to be deposited or secured shall, unless otherwise ordered by the Government under the clause, be six months from the notification of the grant of the license and Rs. 5,000, respectively.

Area of supply.

4. The area above referred to within which the supply of energy is authorised by this license (the area of supply under the Act) is the whole of the area with boundaries as follows:—

East—By a line running parallel to and on the east side of the Eastern Bengal Railway main line at a distance of 1,760 feet from the centre of the railway track, bounded by Muktearpur Khal on the south and Majipara Road on the north, then running along the northern boundary of Majipara Road and parallel to that road at a distance of 20 feet till it meets the northern boundary line of the area of supply.

North—From the river Hooghly by a line running parallel to and on the south of the East Indian Railway line at a distance of 200 feet from the centre of the railway track till it meets the eastern boundary line on Majipara Road.

West—By river Hooghly.

South—By Muktearpur Khal.

The boundaries whereof are delineated on the deposited map by a heavy red line.

The property of the Eastern Bengal Railway shown cross hatched in black on the deposited map is excluded from the area of supply under this license.

Situation of generating station.

5. The licensee will take energy in bulk from the Gourepore Electric Supply Company, Limited, and will erect the necessary transformer station or transformer stations within the area of supply.

Compulsory works.

6. The works to be executed to the satisfaction of the Government under clause IV of the Schedule to the Act are the following, namely:—

(a) The licensee shall, within two years from the date of the license being granted, lay down suitable and sufficient feeders and distributing mains and also execute works to the satisfaction of the Government for the purpose of supplying electrical energy throughout the streets, a list whereof is set out in the annexure to this license, shall erect the transformer station or transformer stations mentioned in clause 5 with all machinery and apparatus necessary for the purpose of giving a continuous and efficient supply, and shall do all other works necessary for the commencement of the supply of energy to consumers.

The licensee shall commence to execute the works aforesaid within one year from the commencement of the license and shall complete the same within two years from the commencement of the license.

(b) At the expiration of each successive period of six months from the commencement of this license until the completion of the compulsory works, the licensee shall submit to the Secretary to the Government of Bengal in the Commerce Department reports specifying all steps taken and the progress made in carrying into effect this license.

Commencement of supply of energy.

7. (1) The supply of energy shall not be commenced until—

(a) the Electric Inspector to Government shall have inspected the works and certified in writing that the supply of energy may commence,

(b) the licensee's conditions of supply shall have been approved by the Local Government, and

(c) the amount of all miscellaneous charges incidental to or in connection with the supply to consumers and which the licensee proposes to make against consumers or prospective consumers shall have been so approved.

(2) The licensee shall not supply energy to any consumer or undertake work incidental to any such supply for a prospective consumer until—

(a) such prospective consumer shall have tendered to the licensee a requisition duly signed in the form for the time being approved by the Local Government, and

(b) such prospective consumer and the licensee shall have executed an agreement in a form approved or to be approved by the Local Government.

Accounts.

8. Separate and distinct accounts shall be kept by the licensee showing in full detail, as required by the Indian Electricity Act and Rules thereunder, the working of the electrical undertaking for which this license is granted.

9. The nature of supply shall be as follows:—

(a) **Transmission.**—A three phase three wire 50 cycles alternating current system at a pressure of 550 volts between phases.

(b) **Distribution.**—A three phase 4 wire 50 cycles alternating current system at declared pressures of 400 volts between phases and 230 volts between any one phase and neutral.

The pressures stated above shall be as measured at consumers' terminals and shall be uniform, within the limits prescribed by the Indian Electricity Rules, 1922, throughout the area of supply:

Provided always that it shall be lawful for the Government from time to time to issue, with due regard to the expense involved and to the commercial prospects of the undertaking, regulations dealing with the above systems of supply or to authorise other systems of supply to be adopted for the purpose of this license:

Provided also that the licensee may from time to time, with the previous consent in writing of the Government of Bengal and subject to such limitations and conditions as shall be prescribed in writing by the Government, adopt any other system of supply for the purpose of this license.

Method of construction.

10. The feeders, distributing mains and service connections may be overhead or underground in whole or in part, and shall be erected, constructed and maintained by the licensee in strict conformity with the Act, the Rules thereunder and the following provisions:—

(a) The licensee shall not use overhead mains at any higher pressure than medium pressure without the sanction in writing of the Government of Bengal in each case and subject to such conditions or limitations as the Government of Bengal may impose.

(b) No conductor of an aerial line shall be at a less distance than 4 feet horizontally and 8 feet vertically from any building or structure, whether permanent or temporary.

(c) In narrow lanes where it is not possible to maintain an horizontal clearance of four feet between the aerial lines and buildings or structures, underground cables shall be used, or alternatively a special method of construction of aerial lines to be approved of in writing under section 18 (f) of the Act.

Limits of price to be charged in respect of the supply of energy.

11. The prices to be charged by the licensee for energy supplied by him shall not exceed the following maxima, namely:—

(a) **For domestic purposes.—I. Lighting.**—Annas eight per unit metered, subject to a minimum charge of Rs. 60 per annum per kilowatt of the rated wattage of lamp installed.

II. **Fans.**—Annas seven per unit metered, subject to a minimum charge of Rs. 40 per annum per kilowatt of the rated input of the fans installed.

III. **Flat rate for lights and fans combined.**—Annas seven and pies six per unit metered, subject to a minimum charge of Rs. 50 per annum per kilowatt of the rated wattage of the lamps and input of the fans installed.

IV. **Motors.**—(i) For each installation having motors in which the aggregated rated brake horse power does not exceed 1 B.H.P.—Annas seven per unit metered, subject to a minimum charge of Rs. 36 per annum per rated B.H.P. of all the motors installed.

(ii) For each installation having motors in which the aggregated rated brake horse power exceeds 1 B.H.P.—Annas six per unit metered, subject to a minimum charge of Rs. 36 per B.H.P. of all the motors installed.

V. **Heating, cooking and for all other domestic purposes not specified in sub-clause (a)**—Annas four per unit metered.

(b) **For industrial purposes.—(i)** For each installation having motors in which the aggregated rated brake horse power does not exceed 4—Annas four per unit metered, plus Rs. 8 per month per rated B.H.P. of all the motors installed.

(ii) For each installation having motors in which the aggregated rated brake horse power exceeds 4 but does not exceed fifteen—Annas three and pies six per unit metered, plus Rs. 8 per month per rated B.H.P. of all the motors installed.

(iii) For each installation having motors in which the aggregated rated brake horse power exceeds fifteen—Annas three per unit metered plus Rs. 8 per month per rated B.H.P. of all the motors installed.

NOTE.—When the minimum charge specified in clause 11, sub-clauses (a) II, (a) III, (a) IV (i) and (a) IV (ii) is levied then no other charge for energy consumed shall be made.

(c) In the case of a method of charge approved by the Government in accordance with section 23, sub-sections (3) and (4) of the Act, the maximum rates shall be such as the Government may fix on approving the matter.

Purchase of undertaking.

12. (a) The option of the purchase given by section 7, sub-section (1) of the Act shall be first exercisable on the expiration of 50 years from the date of notification of the grant of this license and thereafter on the expiration of every subsequent period of twenty years and the terms of such purchase shall be determined, in case of difference or dispute, by arbitration as provided by section 7, sub-section (1) of the Act. The percentage of the value to be determined in accordance with and for the purpose of section 7 (1) of the Act, of lands, buildings, works, materials, and plants of the licensee therein mentioned to be added under the second proviso of that sub-section to such value on account of compulsory purchase shall be 20 per cent.

(b) In accordance with section 3, sub-section (2), clause (d) (ii) of the Act, it is hereby declared that the transformer stations to be used in connection with the undertaking shall form part of the undertaking for the purpose of purchase under section 5 or section 7.

(c) During the period of notice prescribed in section 7 (4) of the Act, all extensions and outlays of money debitable to the capital account of the licensee shall be subject to the previous approval of the Government.

Transfer of license.

13. Within five years from the date of the grant of this license, the licensee shall not seek to transfer, assign, charge or otherwise deal with or dispose of this license with a view to obtaining monetary or any other consideration in excess of that expended by him in obtaining the license together with any other preliminary expenses incurred thereby. Full particulars setting out in detail the amounts expended and also those expected to be obtained shall be submitted to Government by the licensee when any application is made for the disposal of this license.

Variations from the Schedule to the Act.

14. In pursuance of clause (f) of sub-section (2) of section 3 of the Act it is hereby expressly declared that—

(a) The following sub-clause shall be substituted for clause VI, sub-clause (5), namely:—

“Every requisition under this clause shall be in a form approved by the Local Government; and copies of the form shall be kept in the office of the licensee and supplied free of charge to any applicant.”

(b) The following sub-clause shall be substituted for clause X, sub-clause (2), namely:—

“Before commencing to supply energy through any distributing main the licensee

shall give notice, by public advertisement in such manner as shall be previously approved by the Local Government, of the method by which he proposes to charge for energy so supplied and the rates at which such energy will be supplied; and, where the licensee has given such notice, he shall not be entitled to change the method of charging or the rates at which energy will be supplied without giving notice thereof by public advertisement in the manner aforesaid and giving not less than one month's notice in writing of such change to the Local Government, and to the local authority, if any, concerned, and to every consumer of energy who is supplied by him from such distributing main."

(c) Clause IV of the Schedule to the Act shall, for the purpose of incorporation in this license, be varied by the substitution of two years for the period of three years specified in clause IV of the Schedule to the Act.

Securing continuity of supply.

15. If it shall come to the knowledge of the licensee (which expression shall for the purpose of this clause and clause 16 immediately following be taken to mean and include the licensee, his employees, servants and agents and his permitted assigns) that any civil commotion or disturbance of the public peace or any strike or lockout of the nature specified in section 15 of the Trades Disputes Act, 1929, likely to result in the interruption of supply of energy from the power station or to consumers has commenced or is presently apprehended by the licensee, then the licensee or some one on his behalf shall give to the District Magistrate or to a Magistrate near the licensee's power station immediate and full information with regard thereto.

Revocation.

16. (a) If the licensee shall in the opinion of Government have failed to give such immediate and full information as is required in clause 15 hereof or if at any time any interruption of the supply shall occur which in the opinion of Government is attributable to any wilful or preventable default or neglect on the part of the licensee or if the licensee shall in the opinion of Government fail to comply with any of the provisions of any of the clauses of this license or shall in the opinion of Government fail to show satisfactory progress during any portion of the period of two years specified in clause 6 of this license or if the general direction and control of the licensee shall cease to be in the hands of British subjects, the license may be revoked.

(b) In the event of Government revoking the license for any of the causes specified in this clause the security deposit of Rs. 5,000, made in accordance with clause 3, may in whole or part be forfeited to Government as Government may decide, and the decision of Government as to both revocation and forfeiture shall be final and binding on the licensee.

No. 7096Com. — 7th December 1932.—In exercise of the power conferred by section 9 of the Indian Petroleum Act, 1899 (VIII of 1899), and with the previous sanction of the Governor-General in Council, the Governor in Council is pleased, in supersession of this department notification No. 1046T.Com., dated the 29th September 1932, to make the following amendments in the rules regulating the importation, possession and transport of petroleum, published under the Government of Bengal, Marine Department, notification No. 143 Marine, dated the 30th November 1914, as subsequently amended:—

Amendments.

(1) In Chapter 1 of Part II of the said rules, the following new rule shall be inserted after rule 7, namely:—

"8. When a tank is to be tested by filling, only water shall be used, and such water shall be free from oil and shall not be passed through any pipes or pumps which having been used for oil, are liable to contaminate the water."

(2) To the conditions endorsed on licence form D appended to the said rules, the following conditions shall be added as conditions 8 and 9, respectively:—

"8. The responsible agent or supervisor, referred to in rule 2 of Chapter 1, Part II of the rules relating to the possession of petroleum, published in notification No. 143 Marine, dated the 30th November 1914, shall not allow any person to enter a tank, which has contained petroleum, unless—

- (a) such person wears a safety helmet of a description approved by the Local Government, or
- (b) (i) the responsible agent or supervisor has certified in writing, as the result of an examination of the tank by himself or by some other competent person, that the atmosphere in the tank is fit for persons to enter, and
- (ii) at least one safety helmet of a pattern approved by the Governor in Council shall have been kept ready for instant use at the manhole of the tank which is being cleaned or repaired.

9. No work, involving the use of fire, welding or hot revetting, shall be performed in or on any tank until the tank has been certified in the manner laid down in clause (b) of this condition to be free from petroleum vapour. When any water is pumped into or withdrawn from the tank no further work of the above description shall be done until the tank has been retested and a fresh certificate issued."

(3) To the conditions endorsed on licence form E appended to the said rules, the following conditions shall be *added* as conditions 9 and 10, respectively:—

"9. The responsible agent or supervisor, referred to in rule 2 of Chapter 1, Part II of the rules for the possession of petroleum, published in notification No. 143Marine, dated the 30th November 1914, shall not allow any person to enter a tank, which has contained petroleum, unless—

- (a) such person wears a safety helmet of a description approved by the Local Government, or
- (b) (i) the responsible agent or supervisor has certified in writing as the result of an examination of the tank by himself or by some other competent person, that the atmosphere in the tank is fit for persons to enter, and
- (ii) at least one safety helmet of a pattern approved by the Governor in Council shall have been kept ready for instant use at the manhole of the tank which is being cleaned or repaired.

10. No work, involving the use of fire, welding or hot revetting, shall be performed in or on any tank until the tank has been certified in the manner laid down in clause (b) of this condition to be free from petroleum vapour. When any water is pumped into or withdrawn from the tank no further work of the above description shall be done until the tank has been retested and a fresh certificate issued."

(4) For condition 9 of licence form P, the following shall be *substituted*:—

"9. The responsible agent or supervisor, referred to in rule 2 of Chapter 1, Part II of the rules for the possession of petroleum, published in notification No. 143Marine, dated the 30th November 1914, shall not allow any person to enter a tank, which has contained petroleum, unless—

- (a) such person wears a safety helmet of a description approved by the Local Government, or
- (b) (i) the responsible agent or supervisor has certified in writing as the result of an examination of the tank by himself or by some other competent person, that the atmosphere in the tank is fit for persons to enter, and
- (ii) at least one safety helmet of a pattern approved by the Governor in Council shall have been kept ready for instant use at the manhole of the tank which is being cleaned or repaired.

9A. No work, involving the use of fire, welding or hot revetting, shall be performed in or on any tank until the tank has been certified in the manner laid down in clause (b) of this condition to be free from petroleum vapour. When any water is pumped into or withdrawn from the tank no further work of the above description shall be done until the tank has been retested and a fresh certificate issued."

R. M. DAS.

Secy., State Medical Faculty, Bengal.

Calcutta University.**NOTICE.**

Senate House, the 24th September 1932.

The Senate will proceed in the month of August 1933 to the election of a Tagore Professor of Law for a term of one year, to commence on the 1st August 1934.

The salary of the Professorship is Rs. 9,000 per annum and the Professor will be expected to deliver a course of not less than twelve lectures on one of the following subjects:—

- (i) The History of Development of Hindu Law in British India.
- (ii) The History of Development of Moslem Law in British India.
- (iii) The Law relating to Dissolution of Marriage and Judicial Separation in British India.

The salary of the Professor will be paid in twelve *equal monthly instalments*, the first instalment to be paid on the first day of the month following that in which the first lecture is delivered.

Candidates for the Professorship are required to forward their applications to the Registrar on or before the 1st May 1933, stating on which of the above-named three subjects they are prepared to lecture. Each candidate will forward with his application one hundred copies of a brief synopsis of his proposed lectures; and if he so pleases, the same number of copies of his introductory lecture.

The Professor will, not later than the month of August following his election, forward to the Registrar a complete copy (manuscript or type-written) of the lectures which he proposes to deliver. The copy will be forthwith referred by the Faculty of Law to a Committee of not more than three persons to be selected for their special competence in this behalf who will examine the same and, before the expiry of two months from the date of the submission of the copy by the Professor to the Registrar, report to the Faculty whether the work is complete and ready for the Press. If, upon such report, the Faculty are satisfied that the work is complete, the Professor will commence to deliver his lectures within three months from the date of the resolution of the Faculty and shall complete the delivery thereof in another three months. The copy of the lectures delivered will remain in the custody of the Registrar and shall be sent to the Press as soon as practicable after delivery thereof.

If the Professor fails to submit the copy of lectures, or if the copy submitted be found, on examination, to be incomplete and not ready for the Press, the matter will be referred to the Faculty of Law, upon whose recommendation the Senate may either extend the time or cancel the appointment.

A. N. MUKHERJEE, *Registrar.*

Medical College, Calcutta.

The 26th November 1932.

Dr. Chandra's Scholarship in Materia Medica and Therapeutics.

The above scholarship of the value of Rs. 361-8 will be awarded to the best successful candidate who will be selected at an examination to be held this session, March 1933:—

(1) The examination is open to all senior students of the Medical College, Calcutta.

(2) Any *ex-senior* student of the Medical College who may at the time of the examination be studying at any Medical College in India or Europe.

(3) Any graduate or licentiate in medicine of whatever standing and however employed who may have obtained either in Europe or in India a medical diploma or degree entitling him to practise medicine, provided that such graduate or licentiate at some time received a portion of this professional education in the Medical College, Calcutta.

Certificates to the effect that the candidate fulfils the above requirements, together with one of good moral character signed by a person of respectability, should be submitted to the Principal, Medical College, Calcutta, on or before the 15th February 1933.

Candidates are required to write an essay on "The Pharmacological Action and Therapeutic Uses of *Rauwolfia Serpentina* (Dhan Barua or Dhan Morua)" and submit the same to the Professor of Pharmacology, Medical College, Calcutta, by the 15th March 1933.

Personal attendance at the examination is not necessary.

Preference will be given to the candidates whose thesis bears evidence of original investigation on the subject.

DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 1st December 1932.

Final Forecast of the *Bhadai* Crops of Bengal, 1932-33.

(NOTE.—On an average of the five years ending 1930-31, the area under autumn rice in Bengal has represented some 6.1 per cent. of the total area under rice in British India.)

Character of the season.—As reported in the preliminary forecast, the rainfall in February and March was favourable for the preparatory tillage, but the drought that followed and extended up to the middle of April was detrimental to the progress of sowings and reduced the area as a consequence. The rainfall in the latter part of May proved generally good for further sowings and occasional rainfall with alternate sunshine subsequently helped the growth and development of the crops though inadequate rainfall in some places caused a fall in outturn. On the whole the season was a fairly favourable one this year.

Acreage.—The total acreage sown with the different *bhadai* crops this year is reported to be 6,534,500 acres as against 6,929,100 acres last year. Of this, the area under autumn rice is estimated at 5,787,500 acres as against 6,163,000 acres last year.

Outturn.—According to District Officers' estimates, the outturn of the different *bhadai* crops for the Presidency works out at 79 per cent. of the normal this year as against 81 per cent. last year.

The autumn rice is estimated to yield an outturn of 78 per cent. of the normal for the province this year as against 90 per cent. estimated by this department last year. In my opinion the outturn of autumn rice is an underestimate and the crop will not be less than 83 per cent. of the normal this year.

On the basis of a normal yield of 12½ maunds of clean grain per acre, the gross outturn of *bhadai* paddy (autumn rice) for the province is estimated at 2,205,700 tons this year as against 2,190,400 tons last year.

G. P. HECTOR,
Director of Agriculture, Bengal.

Middle of August to middle of November. Normal.

Unfavourable weather retarded the growth of the crops. The outturn is below the normal owing to unfavourable conditions and to damages in Baraset and Basirhat subdivisions to some extent.

End of August. Normal.

The decrease in area was due to unfavourable weather at sowing time. The outturn is below the normal owing to want of timely rain.

Beginning of September. Normal.

The decrease in area under fruits and vegetables is due to untimely rainfall in Sadar subdivision and to practical abandonment of cultivation of some crops in Jangipur subdivision. The weather was not favourable in Kandi and Lalbagh. The fall in outturn was due to drought in some places.

**DEPARTMENT OF AGRICULTURE,
BENGAL.**

Dacca, the 6th December 1932.

**Third Forecast of the Cotton Crops of Bengal,
1932-33.**

(NOTE.—On an average of the five years ending 1930-31, the area under the cotton crops in Bengal has represented some 72 per cent. of the total area under cotton in India.)

There are two crops, early and late. The "early" crop is chiefly grown in the Chittagong Hill Tracts and in the Tripura State and to a small extent in other districts. The "late" crop is grown in Bankura and Midnapore.

Character of the season.—As indicated in the preceding forecasts, the weather at the outset was favourable in Bankura and the Tripura State, but unfavourable in Midnapore, Mymensingh and the Chittagong Hill

Tracts. Later on heavy and continuous rain in Mymensingh affected the crop in that district, but alternate rain and sunshine much improved the outturn in the Chittagong Hill Tracts and the Tripura State. On the whole the outturn of the early crop was a better one this year.

The prospects of the late crop, so far, are favourable.

Area sown.—The total area sown with early cotton is returned at 74,590 acres and that with late at 1,100 acres this year as against 74,327 and 1,103 acres, respectively, in the corresponding forecast last year.

Outturn.—The outturn of the early crop is estimated at 20,195 bales and the late crop at 308 bales as against 16,608 and 338 bales, respectively, in the corresponding forecast of last year.

Director of Agriculture, Bengal.

Resolution on the Reports on inland emigration under the Assam Labour and Emigration Act, 1901 (VI of 1901), for the year ending the 30th June 1932, submitted by the Superintendent of Emigration, Calcutta, and the District and Assistant Superintendents of Emigration.

GOVERNMENT OF BENGAL.

Revenue Department.

Emigration.

CALCUTTA, THE 5TH DECEMBER 1932.

RESOLUTION—No. 14291Emi.

Read—

The Reports on inland emigration under the Assam Labour and Emigration Act, 1901 (VI of 1901), for the year ending the 30th June 1932, submitted by the Superintendent of Emigration, Calcutta, and the District and Assistant Superintendents of Emigration.

There was a further falling off in the number of emigrants despatched to the labour districts during the year under review since recruitment was curtailed owing to the general trade depression.

2. Recruiting operations in Bengal were conducted only in the districts of Birbhum and Midnapore. The number of garden sardars employed during the year was 60 (including 11 sardarnis) as against 100 and 263 in the two previous years. All worked under the control of licensed local agents. The number of local agents' licenses was 14 as against 12 issued in the previous year. The total number of emigrants recruited in Bengal was 97 as against 132 in the previous year. Of these 80 came from Birbhum. The total number of recruits from Bengal and other provinces embarking at Goalundo was 1,522 (including those recruited in the Bombay Presidency outside the Act) as compared with 7,706 in the previous year.

3. The rest-houses for emigrants at Asansol, Kharagpur, Naihati and Goalundo maintained by the Tea Districts Labour Association were frequently inspected and their condition was found to be in all respects satisfactory.

4. Of the 58,328 emigrants who halted at Naihati, 11,008 went to the Dooars *via* Lalmonirhat. The rest with the exceptions of those mentioned below went to Assam *via* Amingaon or Goalundo. One emigrant died of chronic malaria at Naihati, but no other death occurred among the emigrants in transit. Out of the total number of emigrants who arrived from the different recruiting districts in and outside the Presidency of Bengal two deserted, one from Kharagpur and the other from Naihati. There was no desertion nor death among the emigrants during their journey from Goalundo to their final destinations as against ten desertions during the previous year.

5. In connection with the transport of labour to Assam the receipts increased from Rs. 650 to Rs. 700 and the expenditure decreased from Rs. 8,886-8 to Rs. 7,544-6, as compared with the previous year.

6. The office of the Superintendent of Emigration was held by Lt.-Col. A. Denham White, I.M.S., from the beginning of the year up to the 28th April 1932, on which date he went on leave, and by Lt.-Col. K. S. Thakur, I.M.S., from the 29th April 1932 till the end of the year. The thanks of the Governor in Council are due to them and to the local officers for their assistance in the administration of the Act.

By order of the Governor in Council,

H. C. V. PHILPOT,

Secretary to the Government of Bengal.

CALCUTTA IMPROVEMENT TRUST.**NOTICE.**

Calcutta, the 17th November 1932.

The Accounts of the Calcutta Improvement Trust for the year 1930-31 having been audited by an Auditor appointed by Government, the following Abstract of Accounts is published in accordance with the provisions of section 136 of the Bengal Act V of 1911.

J. A. L. SWAN,

Chairman, Calcutta Improvement Trust.

CHAIRMAN,**Annual Accounts for the year ended 31st March 1931.**

I beg to submit the accounts for the year ended 31st March 1931.

CAPITAL ACCOUNT.

RECEIPTS.—The total receipts for the year ended 31st March 1931, amounted to Rs. 46·54 lakhs, being Rs. 7·64 lakhs in excess of the Budget Estimate excluding the Rs. 35 lakhs Loan not raised during the year. The actuals and the estimate of the different sources of receipts compare as follows :—

	Budget.	Actuals.	Difference.
	Rs.	Rs.	Rs.
Fees under section 78	3·50	3·51	+0·01
Sale of land ..	30·00	38·67	+8·67
Sale of buildings ..	1·25	1·35	+0·10
Sale of old materials, etc. ..	0·06	0·08	+0·02
Contributions for bridges ..	4·09	2·93	—1·16
Total (in lakhs) ..	38·90	46·54	+7·64

EXPENDITURE.—The total expenditure for the year (excluding the repayment of Debenture Loan for Rs. 50 lakhs) was Rs. 43·72 lakhs, i.e., Rs. 42·47 lakhs less than the budget provision of Rs. 86·19 lakhs. The main items of difference between the estimates and actuals compare as follows :—

	Budget.	Actuals.	Difference.
	Rs.	Rs.	Rs.
Cost of land ..	60·00	33·19	—26·81
Engineering works (including stores) ..	20·89	8·36	—12·53
Other charges ..	5·30	2·17	—3·13
Total (in lakhs) ..	86·19	43·72	—42·47

REPAYMENT OF DEBENTURE LOAN.—The 6½ per cent. Debenture Loan of 1920-21 for Rs. 50 lakhs was repaid during the year. The loan which was issued to the Imperial Bank of India to cover a cash credit was not employed on Capital Expenditure during the year and on repayment appears as a diminution of the Capital Receipts on page 16.

BRIDGE ACCOUNTS.—The contributions received from the Government and the Calcutta Corporation towards the construction of the several bridges have been shown as Capital Receipts and the gross expenditure on the bridges has been shown on the expenditure side of the accounts.

No value is included in the asset side of the Balance Sheet, in respect of the surplus land in possession of the Trust nor in respect of mortgages and rent charges executed by the purchasers. These, at 31st March 1931, were estimated as follows :—

	Rs. (in lakhs).
Surplus land available for sale ..	1,52·64
Re-housing schemes ..	29·14
Excavation area ..	12·58
Store yard ..	1·10
Mortgages, rent charges, etc. ..	88·00
Total ..	2,83·46

CONTINGENT LIABILITY.—No liability is shown in the Balance Sheet for the Trust Contribution to Provident Fund which can be deemed to be equal in amount to Provident Fund Depositors' Account which now stand at Rs. 4·95 lakhs. This, with gratuity money payable to officers of the Trust, under certain conditions, form the only contingent liability of the Trust.

DEBENTURE LOANS.—No loan was raised during the year though provision was made in the budget for Rs. 35 lakhs. The total loans raised by the Trust amount to Rs. 2,48·50 lakhs.

CAPITAL DEFICIT.—The closing deficit on Capital Account, which it was estimated would amount to Rs. 3,84·56 lakhs, stood at Rs. 3,68·18 lakhs, arrived at as follows :—

	Esti- mated.	Actuals.
	Rs.	Rs.
Opening deficit at 31st March 1930 ..	3,22·26	3,21·00
Receipts during the year ..	73·90	46·54

Report on the working of the Licensed Warehouse and Fire Brigade Act for the year ending 31st March 1932.

NOTIFICATION.

No. 5658M. — 25th November 1932.—The following is published for general information under section 41 of the Licensed Warehouse and Fire Brigade Act, 1893 (Bengal Act I of 1893).

H. P. V. TOWNEND,
Secy. to the Govt. of Bengal.

No. 1023M., dated Chinsura, the 18th August 1932.

Memo.—By the Commissioner of the Burdwan Division.

Copy of memorandum No. 2394G., dated the 24th June 1932, from the District Magistrate of Howrah, with copies of the two statements, forwarded to the Secretary to the Government of Bengal, Local Self-Government Department.

The huge remission of Rs. 2,172 was due to the fact that some of the godowns which had been included in the demand for the year 1930-31 were afterwards found vacant.

No. 2394G., dated Howrah, the 24th June 1932.

Memo.—By the Magistrate of Howrah.

Copy, with statements in duplicate, forwarded to the Commissioner of the Burdwan Division. The collection has much improved in comparison with last year.

No. 516G., dated Howrah, the 21st June 1932.

From—Sreejut Khagendra Nath Ganguly,
B.L., Vice-Chairman, Howrah Municipality,

To—The Magistrate of Howrah.

As requested in your letter No. 2036, dated the 23rd May 1932, I have the honour to submit herewith two statements, one showing the warehouses licensed under the Fire Brigade Act, I of 1893, and the other showing the receipts and disbursements on account of the same for the year 1931-32. The former statement has been prepared in accordance with the instructions contained in the Government of Bengal, Municipal Department, letter No. 470M., dated the 14th February 1917, to the Commissioner of Burdwan Division, a copy of which was forwarded under his memorandum No. 137/XXIII-8, dated the 16th February 1917.

The collection of fees worked out to be 96.9 per cent. of the arrear demand and 94.8 per cent. of the current demand as against 63.7 per cent. of the arrear demand and 87.5 per cent. of the current demand of the year 1930-31. The demand for the year under report amounted to Rs. 26,590 and the collection to Rs. 25,264 as against Rs. 26,231 and Rs. 25,087 for demand and collection, respectively, for the year 1930-31.

The contribution which the Commissioners were called upon to pay for the maintenance of the Fire Brigade amounted to Rs. 65,316.

The directions contained in the first proviso to section 10 of the Act have been followed.

Statement of receipts and disbursements for 1931-32.

Dated Calcutta, the 19th September 1932.

From—L. H. Colson, Esq., J.P., Commissioner of Police, Calcutta,

To—The Secretary to the Government of Bengal, Local Self-Government Department.

I have the honour to submit the report on the working of the Calcutta Fire Brigade for the year ending the 31st March 1932, as drawn by Captain Bernard A. Westbrook, O.B.E., Chief Officer, Calcutta Fire Brigade.

No. F. B. 755, dated Calcutta, the 16th September 1932.

From—Captain Bernard A. Westbrook, O.B.E., Chief Officer, Calcutta Fire Brigade,

To—The Secretary to the Government of Bengal, Local Self-Government Department.

(Through L. H. Colson Esq., Commissioner of Police, Calcutta.)

I have the honour to submit the following report on the working of the Calcutta Fire Brigade for the year ending the 31st March 1932.

The work of the department during the year under review has been normal and there are no special comments to make.

Financial statement.—The statement of receipts and expenditure and payments made by municipalities within the jurisdiction of the Fire Brigade and Licensed Warehouse Act (I of 1893) is given in Appendix I.

The cost of maintenance of the Fire Brigade is derived from contributions by (a) the Calcutta Municipality and (b) the Howrah Municipality, the former contributing 86 per cent. and the latter 14 per cent.

Fees for licensed warehouses are charged under section 10 of the Licensed Warehouse and Fire Brigade Act I of 1893, and are levied at 10 per cent. of the annual valuation of warehouses, subject to a maximum of Rs. 750 per warehouse per annum, and the income thus derived is credited to the Fire Brigade Fund, and deducted from the amount required from the municipalities concerned. In this connection it is satisfactory to note that the amount actually required to be paid from the rates for the maintenance of the Fire Brigade is considerably reduced.

During the year 1930-31, 38 per cent. of the contribution required from the Calcutta Municipality was derived from this source leaving 62 per cent. only to be contributed from the rates. The contribution from the Calcutta Municipality to the Fire Brigade Fund in 1930-31 was Rs. 3,55,993. A similar percentage approximately applies to the Howrah Municipality, which contributed Rs. 57,952 in 1930-31. Rupees 420-2 were received in fees for attending fires out of the jurisdiction of the Calcutta Fire Brigade.

I am glad to be able to report that a considerably larger income has been derived from taxation under the above Act, and it is anticipated that a reduction of over Rs. 50,000 will be made in the forthcoming budget. Thus the amount of contributions required from the municipalities concerned will be proportionately smaller.

Fires, etc.—The total number of calls for fires, or supposed fires was 583, being a decrease of 108 as compared with the previous year and a decrease of 56 as compared with the average of the past ten years. The actual number of calls for fires was 452, which shows a decrease of 38 as compared with the previous year, and the number of fires classed as serious (i.e., over Rs. 20,000 damage per fire—see Appendix 3) was 12, being the same number as the previous year.

The following statement shows the hours when the calls were received:—

In the Annual Report for the previous year special mention was made of the large increase in the number of wilful false alarms given by the public from street fire alarms, and the lack of assistance rendered by the persons in the vicinity in giving information which would enable the arrest of any one giving a false alarm. This year 83 alarms of this nature were received which shows a satisfactory decrease as compared with 156 in 1930-31, and an average of 94 during the past ten years, but there is no doubt that this figure could be still further reduced if the public would co-operate with the police and Fire Brigade in preventing the abuse of the fire alarm system. Any information which would lead to the arrest of a person giving a wilful false alarm would be of very great assistance, but I regret to say that such information is rarely forthcoming, although enquiries are always made from persons in the immediate vicinity of a fire alarm when the same is mischievously operated, and such persons must, in many instances, be able to give useful information.

It is hoped that the general public will now co-operate in this respect.

During periods of communal tension false alarms from street fire alarms are specially prevalent.

Regarding false alarms of fire from private telephone again I am glad to report that very little trouble occurs in this connection. This is entirely due to the much appreciated action of the Bengal Telephone Company in disconnecting subscribers who permit their instrument to be used for such purposes, either knowingly or unknowingly, otherwise there is no doubt the number of false alarms from this source would have been much greater. Four false alarms of this nature were received during the year under review which is the same number as the previous year.

Nineteen false alarms were due to electrical defects in the street fire alarm systems as compared with 24 during the previous year, and the number of false alarms either accidental, or given with good intent is 8 (13 in 1930-31).

The calls are classified as follows:—

Fires	452	(490)
False alarms, wilful, from street fire alarm	83	(156)
False alarms, due to electrical defects	19	(24)
False alarms given with good intent or accidental	8	(13)
False alarms from private telephones	4	(4)
False alarms due to lightning	3	(..)
Special service (buildings collapsed, etc.)	14	(4)
	<u>583</u>	<u>(691)</u>

(The figures in brackets refer to the previous year.)

On 126 days 1 fire, or supposed fire occurred	126
On 86 „ 2 fires, or supposed fires occurred	172
On 42 „ 3 ditto	126
On 20 „ 4 ditto	80
On 5 „ 5 ditto	25
On 9 „ 6 ditto	54
	<u>583</u>

The actual number of calls received during the year was 862 as compared with 983 during the previous year. These figures include instances where more than one call was received for the same fire, and are given for the purpose of classifying and comparing the means by which calls for fires, etc., are given.

These calls were transmitted to the Fire Brigade as follows:—

By private telephones 463 (486 in 1930-31); by street fire alarms 352 (458 in 1930-31); by messengers giving information at fire station 27 (28 in 1930-31); by direct fire telephones from theatres, cinemas, public buildings, etc. 15 (7 in 1930-31); by firemen on “Lookout” duty 5 (4 in 1930-31).

Regarding the calls for actual fires in 167 cases the first information was transmitted to the Fire Brigade by means of street fire alarms, and in 261 cases by private telephones.

Means by which fires were extinguished:—In 262 cases fires were extinguished by first-aid machines, chemical fire extinguishers, buckets of water by firemen, or by occupiers before the arrival of the Fire Brigade; in 95 cases by 1 motor fire engine, in 19 cases by cutting or disconnecting electric fuses; in 17 cases by 2 motor fire engines; in 14 cases by the application of sand; in 10 cases by hydrants; in 8 cases by 3 motor fire engines; in 5 cases by first-aid machines and 1 motor fire engine; in 2 cases by first-aid machines and hydrants; in 2 cases by 1 motor fire engine and hydrants; in 2 cases by 4 motor fire engines; in 2 cases by 6 motor fire engines and fire float; in 2 cases by 7 motor fire engines, fire float and hydrants; in 2 cases by fire float; in 1 case by 3 motor fire engines and hydrants; in 1 case by 1 motor fire engine and fire float; in 1 case by turning gas off; in 1 case by 2 motor fire engines, hydrants and sprinklers; in 1 case by 2 motor fire engines and 2 fire floats; in 1 case by 4 motor fire engines, fire float and hydrants; in 1 case by 5 motor fire engines, hydrants and fire float; in 1 case by 8 motor fire engines, and fire float; in 1 case by 9 motor fire engines, fire float and hydrants and in 1 case by 9 motor fire engines and fire float.

Fires in licensed premises.—Thirty-nine fires occurred in premises licensed under the Licensed Warehouse and Fire Brigade Act I of 1893, as compared with 29 during the previous year.

Fire loss.—The total damage caused by fire and water during the year has been estimated at Rs. 14,30,291, being an increase of Rs. 7,04,251 as compared with the previous year. The average total damage per annum for the past ten years is Rs. 12,30,380. This increase is due to a series of serious jute fires, the causes of which were not satisfactorily ascertained. The average damage per fire is Rs. 3,164, as compared with Rs. 1,481 for the previous year, and an average of Rs. 1,896 per fire for the past ten years.

The loss per fire is classified as follows:—

322 fires under Rs. 100	(333)
69 fires from Rs. 100 to Rs. 1,000	(99)
36 fires from Rs. 1,000 to Rs. 5,000	(31)
13 fires from Rs. 5,000 to Rs. 20,000	(15)
6 fires from Rs. 20,000 to Rs. 1,00,000	(11)
6 fires above Rs. 1,00,000	(1)
Total <u>452</u>	<u>(490)</u>

(Note.—The figures in brackets refer to the previous year.)

The following summaries are given:—

Statement showing the number of fires or supposed fires occurring in each district protected by the Calcutta Fire Brigade and the damage resulting therefrom—Appendix 2.

Short reports of fires of Rs. 20,000 and over—Appendix 3.

Number of "turns-out" from each fire station—Appendix 4.

Causes of fires and classes of buildings affected—Appendix 5.

Short reports of fires involving loss of life or serious accidents—Appendix 6.

Appliances.—(On 20th March 1932, two "G" type low-load line 250/300 gallons per minute capacity fire engines, fitted with 35 gallons "first-aid" cylinders, 30 feet trussed telescopic ladders, etc., were received from the makers and placed in commission at headquarters, and Central Avenue fire stations.

This type of fire engine is found to be particularly useful in congested traffic conditions and will effect a saving of time in responding to calls.

The following is a list of the principal appliances now in commission by the Calcutta Fire Brigade.

Twenty motor fire engines as follows:—

One motor pump, 600-800 gallons per minute capacity, fitted with scaling ladders, etc. (motor pump No. 2).

Five motor pumps, 500-700 gallons per minute capacity, fitted with 55 feet telescopic fire escapes, etc. (motor pumps Nos. 1, 15, 18, 19 and 20).

Two motor pumps, 450-550 gallons per minute capacity, fitted with telescopic ladders, first-aid cylinders and reels, scaling ladders, etc. (motor pumps Nos. 9 and 10).

One motor pump, 450 gallons per minute capacity, fitted with scaling ladders, etc. (motor pump No. 8).

Two motor pumps, 450 gallons per minute capacity, fitted with first-aid cylinder and trussed telescopic ladders (motor pumps Nos. 14 and 11).

Three motor pumps, 400-500 gallons per minute capacity, fitted with telescopic ladders, first-aid cylinders and reels, etc. (motor pumps Nos. 5, 6 and 7).

Three motor pumps, 300 gallons per minute capacity, fitted with telescopic ladders, first-aid cylinders and reels, etc. (specially designed for use in narrow streets and congested areas), (motor pumps Nos. 3, 12 and 16).

Two "G" type low-load line motor pumps, 250-300 gallons per minute capacity, fitted with 35 gallons "first-aid" cylinders and 30 feet trussed telescopic ladders (motor pumps Nos. 4 and 17).

One motor trailer pump, 250 gallons per minute capacity (specially designed for use in positions that cannot be reached by the ordinary type of motor fire engines).

One mechanically-operated 85 feet motor turntable ladder, 1 motor lorry fitted as emergency tender, 3 lorries, 1 motor car, 160 feet turntable ladder (converted for motor traction), 21 hook ladders, 48 scaling ladders, 9 smoke helmets and breathing apparatus, 63,675 feet of 2½-inch unlined canvas hose, etc.

The appliances are distributed as follows:—

Headquarters.—Five motor fire engines (Nos. 2, 11, 17, 19 and 20), 1 motor trailer pump, 2 motor lorries, 1 motor car, 7 hook ladders, 8 scaling ladders, 5 smoke helmets, 4 telescopic ladders and 25,575 feet of 2½-inch canvas hose.

Central Avenue.—Five motor fire engines (Nos. 1, 4, 14, 15 and 18), 1 motor turntable ladder, 8 scaling ladders, 2 smoke helmets, 4 telescopic ladders, 1 motor lorry, 13,050 feet of 2½-inch canvas hose and 6 hook ladders.

Howrah.—Two motor fire engines (Nos. 8 and 9), 4 hook ladders, 8 scaling ladders, 1 telescopic ladder and 6,450 feet of 2½-inch canvas hose.

Cossipore.—Two motor fire engines (Nos. 7 and 10), 2 telescopic ladders, 4 hook ladders, 8 scaling ladders and 7,350 feet of 2½-inch canvas hose.

Garden Reach.—One motor fire engine (No. 12), 1 telescopic ladder, 4 scaling ladders, and 2,700 feet of 2½-inch canvas hose.

Nimtolla.—One motor fire engine (No. 3), 1 telescopic ladder, 4 scaling ladders, 1 hose cart, 1 smoke helmet and 2,325 feet of 2½-inch canvas hose.

Subpore.—One motor fire engine (No. 5), 1 telescopic ladder, 4 scaling ladders and 2,325 feet of 2½-inch canvas hose.

Kalighat.—Two motor fire engines (Nos. 6 and 16), 2 telescopic ladders, 4 scaling ladders, 1 smoke helmet and 3,900 feet of 2½-inch canvas hose.

It is estimated that the motor fire appliances travelled 14,740 miles during the year to and from calls as compared with 13,602 miles in the previous year.

The following statement gives the number of times each motor fire engine has been turned out in response to calls:—

Note.—Motor fire engines Nos. 4 and 17 were placed in commission on 20th March 1932.

The total number of pumping hours at fires during the year was 1,318 hours 45 minutes as compared with 721 hours in the previous year.

Fire stations.—Appendix IV gives the number of times each fire station has been turned out in response to fire calls, together with monthly statements.

On 18th June 1931, the newly erected fire station at Kalighat was opened by Mrs. L. H. Colson. This station provided accommodation for two fire engines and 20 men. It is situated in a district containing many serious fire risks and on various occasions has proved its utility in preventing fires spreading.

Fire Brigade headquarters are still located in rented premises in Corporation Place. The site is excellently situated, but the premises are inconvenient and lack sufficient accommodation. However, owing to the present financial stringency and difficulty in finding a suitable site for the erection of permanent headquarters, it is anticipated that the Fire Brigade will have to remain in occupation of the present headquarters for some years. With this object in view many improvements have recently been carried out and a new lease has been entered into.

Staff.—The strength of the Brigade during the year was 269 as detailed below:—

One Chief Officer, 1 Second Officer, 1 Chief Engineer, 5 Station Officers, 8 Engineers, 7 European firemen, 1 Warehouse Inspector, 3 clerks, 1 store-keeper, 3 telephone operators, 2 carpenters, 2 lathe mechanics, 1 fitter, 1 blacksmith, 1 tinsmith, 10 Indian drivers, 1 head tindal, 18 tindals, 190 khallasias and 12 menial employees.

The conduct and discipline of the staff throughout the year have been excellent.

Fatalities and accidents.—Appendix VI gives short reports of fires and special occurrences involving loss of life or serious accidents.

The number of lives lost during the year under review is 17 as compared with 11 in the previous year.

I regret to report that the fatalities include fireman Singh Bir (Ghoorum who was killed by a falling wall on 4th May at the Ghoosery Jute Press, Howrah. Six deaths were supposed cases of suicide by burning. Two Bengalees were burnt to death owing to a pressure oil lamp exploding. Two deaths were due to fireworks exploding. Two persons were killed owing to buildings collapsing and in one case the

Fire Brigade assisted in extricating a man who had been knocked down and killed by a motor bus. The remaining three fatalities were due to clothing becoming ignited in normal fires.

Fifteen persons were injured at fires, as compared with forty-four in the previous year.

I am again glad to report that no serious accidents occurred during training recruits, or at drill.

In all cases, where necessary, first-aid was rendered by the Fire Brigade and the injured persons conveyed to hospital by motor ambulances.

Water-supply.—For many years passed the question of providing an adequate number of sluice valves, etc., on the mains used for fire fighting has been mentioned, but I regret that but little action has been taken. Under the existing circumstances when it is necessary to repair mains or add fresh connections practically the whole of the water-supply system has to be closed down.

Fortunately no serious fire occurred when the water-supply was not available, and improvised arrangements enabled the Fire Brigade to deal with such calls as were received. The danger of fires developing during such periods, however, must be pointed out, and it is to be hoped that such shut-down will not be made unnecessarily and that they will be limited to the minimum possible time.

It is essential that further sluice valves should be provided in the water-supply system so that repairs, etc., can be effected without closing down completely.

On 30th May, owing to a burst in the unfiltered water mains at the junction of Mukhtaram Babu Street and Chittaranjan Avenue, the Mullick (that) Pumping Station was closed down for nearly twelve hours. This pumping station supplies the water to be utilised for fire extinguishing in approximately that portion of the city north of the maidan. Various arrangements were made to deal with fires during the period the water was off, such as conveying a great number of chemical fire extinguishers to fires on lorries, sending on water in water carts, and also a very large quantity of hose in case relay-pumping had to be resorted to. Luckily no fires occurred during this period which could not be extinguished by first-aid measures, but it must be pointed out that the risk of a conflagration was very great.

In the above case four fire engines assisted in dewatering the trench where the burst occurred, pumping in all for 15½ hours.

On 28th December the Watgunge Pumping Station had to be closed down owing to a large burst in the mains in Diamond Harbour Road. Consequently no water was available for fire-extinguishing in the southern portion of the city for about twenty hours. Fire engines were employed for about seven hours in dewatering the trench in which the repairs were being carried out. Here again luckily no fires which could not be dealt with by first-aid means occurred in this area whilst the water-supply was off.

On 19th December at 1-30 p.m. considerable shortage of water was experienced at a fire which occurred in Abhoy Mitter Street, Kumartooli Square, and there was very great difficulty in preventing the fire from spreading.

On 2nd March at 4-50 a.m. sufficient water could not be obtained from the mains to extinguish a fire in the northern portion of Ward No. 1. Fortunately a canal was within reasonable reach and two fire engines were operated therefrom, otherwise a large area would have been devastated.

I again regret to have to report that no progress has been made in providing a water-supply for fire extinguishing in the Chitpore-Cossipore district and the resources of the Fire Brigade are often severely strained in dealing with fires which occur in that area. The only available water is from ponds and the river which necessitates the use of enormous quantities of hose. Frequently as many as three hundred 75 feet lengths of hose are used in extinguishing one fire.

It is hoped that the provision of a suitable water-supply for fire extinguishing in this district will shortly receive the consideration its importance demands.

The Cossipore-Chitpore district comprises exceptionally serious fire risks—principally jute presses and warehouses, and the situation is gradually becoming worse as so many of the ponds, hitherto relied upon for the supply of water are now being filled up on sanitary grounds or to provide sites for buildings. In this connection I would particularly point out that the lack of water makes the work of the firemen extremely hazardous as they have to approach much closer to burning buildings and take up more dangerous positions than would otherwise

be necessary. The majority of the warehouses are very badly constructed and the expansion of jute when involved in a fire rapidly causes the walls and roof to collapse.

The scarcity of water in the Howrah district still gives rise to the greatest apprehension. As in Cossipore-Chitpore reliance for water is placed on the various ponds and the river. These ponds are rapidly being filled up to make building sites and on sanitary grounds, and owing to mud banks in the river, at many points the fire float cannot approach sufficiently near to the shore to be of any practical use. The district abounds with serious fire risks and it is remarkable that more serious fires have not occurred.

As mentioned in the previous Annual Report a scheme has been submitted and approved for the provision of a few hydrants in suitable positions in the mains supplying water to the overhead reservoirs. This scheme involves a small expenditure only, but I regret to say that so far no hydrants are available for fire extinguishing. It is anticipated that work will be commenced shortly and it is hoped to have some hydrants available before the end of the year. However, the work undoubtedly will proceed slowly owing to the financial difficulties experienced by the municipality in question.

The risk of a great fire developing in the Howrah district is ever present and I trust that arrangements will be made to put the work in hand without any further unnecessary delay.

The fact that the fire float cannot approach certain portions of the Howrah river bank at low tide further complicates matters, and often the greatest difficulty has been experienced in obtaining sufficient water even to stop fires from spreading.

Fire float.—The fire float (5,000 gallons per minute capacity) is stationed on the river opposite the Prinsep's Ghat. During the year under review it has responded to 16 calls as compared with 8 calls in the previous year.

Street fire alarms, telephones and electrical communication.—It gives me great pleasure to record appreciation of the work done by the Bengal Telephone Company and the thanks of the Brigade are due to every member of that Company. The telephone operators have been remarkably efficient in their duties and all necessary repairs to fire alarms, telephones, etc., have been carried out with the minimum delay.

The street fire alarm system, comprising some 150 points, is maintained by the Bengal Telephone Company in a highly creditable manner.

The number of false alarms due to electrical defects in this system shows a satisfactory decrease, being 19 for the year under review as compared with 24 in the previous year and an average of 34 for the past ten years.

Inspection Department.—A large number of new cinemas have been licensed during the year. Adequate fire appliances are installed in the majority of theatres, cinemas and places of public amusement, and with few exceptions such premises present no abnormal fire risks.

The work of inspecting these premises is carried out by a Corporation official.

No serious fires occurred in theatres, cinemas or places of public amusement during the year.

In connection with the Licensed Warehouse and Fire Brigade Act I of 1893, 5,161 inspections of warehouses have been made during the year. Four hundred and fifty-three applications and complaints have been attended to and disposed of. Two hundred and eleven prosecutions were made under section 14 of Act I of 1893 which resulted in 153 persons being fined, the fines aggregating in all to Rs. 902. Four persons were warned and discharged, 2 persons were acquitted, 32 cases were withdrawn and 23 cases were filed owing to there being no trace of the parties concerned.

General.—The Calcutta Fire Brigade protects the city of Calcutta and the municipality of Howrah, and may attend fires outside the boundaries of the above, but not exceeding a radius of 6 miles from Fire Brigade headquarters, provided appliances can be spared, and on payment of a prescribed fee. The total area protected is approximately 120 square miles, comprising a population of over 2,000,000 persons.

Ambulance Department.—The Motor Ambulance Department has again done excellent work and is much appreciated by the public. No less than 15,367 (14,681 in 1930-31) calls were received during the year under review.

I regret still to have to report that great difficulty is experienced in finding accommodation for patients in hospitals.

In 630 (301 in 1930-31) cases patients were taken to 2 hospitals endeavouring to find accommodation for the case. Likewise 223 (82 in 1930-31) were taken to 3 hospitals, 91 (28 in 1930-31) were taken to 4 hospitals, 40 (10 in 1930-31) were taken to 5 hospitals, 42 (7 in 1930-31) were taken to 6 hospitals, 37 (9 in 1930-31) were taken to 7 hospitals, 27 (8 in 1930-31) were taken to 8 hospitals, 27 (5 in 1930-31) were taken to 9 hospitals, 25 were taken to 10 hospitals, 21 (2 in 1930-31) were taken to 11 hospitals, 13 were taken to 12 hospitals and 1 to 13 hospitals.

In 781 (409 in 1930-31) cases accommodation was eventually found but in 396 (43 in 1930-31) cases patients had to be returned to their dwelling, etc., as no hospital accommodation whatsoever was available.

The lack of hospital accommodation is rapidly becoming more evident.

It is no unusual occurrence for ambulances to be engaged for two or three hours vainly endeavouring to find beds for patients, consequently the time occupied per case is much higher than it ought to be and unless further hospital accommodation is provided the Ambulance Department must be considerably augmented to avoid delay in responding to calls.

The time occupied by ambulances searching as above for hospital accommodation amounted to 2,077 hours 22 minutes (731 hours 26 minutes in 1930-31).

As anticipated these figures have considerably increased during the past year in a much greater proportion than the calls received.

It is also found that ambulances are frequently unnecessarily requisitioned for cases which could be removed to hospital by other means. It is hoped that the public will discontinue this practice as thereby the response to many calls for urgent and deserving cases is delayed owing to all ambulances being otherwise engaged.

In cases of calls for persons ill on the public streets ambulances respond immediately without enquiries being made, but when a call is received for a person ill in a private house, etc., the party requisitioning the ambulance is required previously to arrange accommodation in a hospital and the request for the ambulance has to be made by a doctor. Again I have to point out that this has led to a further abuse of the department, inasmuch as many sick persons are now removed from private houses and placed on public footpaths, etc., and then when calling for an ambulance the case is described as "a sick person on a public thoroughfare." Further, in cases of sick persons in private houses to evade the trouble of arranging for accommodation in a hospital and to obtain a doctor's requisition such cases are frequently willfully misrepresented to be "Accident cases," when of course the ambulance immediately turns out—very often indeed unnecessarily.

Sick street beggars have been a great strain on this department, and ambulances have been occupied for no less than 1,573 (1,254 in 1930-31) hours in dealing with cases of this nature. During the forthcoming year there is no doubt this figure will be much greater.

Under existing circumstances the department, as at present constituted, cannot efficiently cope with the work as is evidenced by the large number of calls to which response was delayed owing to all the ambulances being engaged on other calls. To remedy this the personnel and number of ambulances must be considerably increased, or the rules regulating the use of ambulances amended to check the abuse of the department as above mentioned and which unfortunately shows a decided tendency to increase.

The matter has been represented to the Health Committee of the Corporation, but so far no action has been taken.

Appendix VII gives a brief summary of the work done and Appendix VIII gives the rules governing the use of the ambulances.

The present staff consists of 10 drivers and 20 attendants with 12 motor ambulances. Several of these machines have been in commission for over 11 years. A provision was made for 6 new ambulances in the Corporation Budget for 1930-31, but this expenditure has been postponed for the present. It is essential that new ambulances should be purchased without delay and put into commission. Likewise provision was made in the Establishment Budget for 1930-31 for 2 extra drivers and 4 extra attendants, but this also is postponed.

The department is maintained financially by the Government of Bengal and the Corporation of Calcutta, the contribution from the Government of Bengal for the year under review being Rs. 11,800 and the balance of Rs. 61,113 being paid by the Corporation of Calcutta.

The receipts during the year amount to Rs. 4,249 (4,234 in 1930-31) and the total expenditure was Rs. 72,913.

APPENDIX III.

Short reports of fires involving damage of Rs. 20,000 and upwards during 1931-32.

Date.	Time of calls.	Address.	Nature of premises.	Extinguished by—	Remarks.
1931.					
4th May ..	7-14 p.m.	Ghoosery Jute Press, Howrah.	Jute Press	6 motor fire engines and fire float (in all 30 jets).	A brick-built two-storied jute warehouse with wooden floor and corrugated iron roof, about 200 feet by 120 feet by 4½ feet, the ground floor fully stocked with kutcha bales of jute, and the upper floor containing a considerable quantity of loose jute. Building collapsed and contents severely damaged. Damage about Rs. 1,00,000. Considerable difficulty in obtaining sufficient water. Fire float could approach alongside only at high tide. One fireman, Sing Bir Ghoosum, killed by falling walls.
6th May	12-47 p.m.	Camperdown Jute Press, Jheel Road, Cossipore.	Jute and Cotton warehouse.	4 motor fire engines, fire float and hydrants (in all 44 jets).	A two-storied brick-built warehouse, with wooden floor and cement roof, about 300 feet by 160 feet, divided into three compartments by walls containing large openings in the form of arches. The lower floor containing about 200 pucca bales of jute and 1,000 bales of cotton, and the upper floor containing about 6,000 maunds of loose jute. Roof completely collapsed, walls partially collapsed, and contents severely damaged by fire and water. Damage about Rs. 2,00,000.
18th May	7-35 p.m.	Shiva Jute Press, Cossipore.	Jute warehouse.	9 motor fire engines, fire float and hydrants (in all 55 jets).	A single-storied brick-built jute warehouse, with cement roof, divided into several compartments by party walls with arches in them. The fire originated in the end compartment, about 200 feet by 100 feet, containing 5,000 pucca bales of jute. By the use of revolving nozzles the fire was confined to this compartment. Walls and roof collapsed. Contents severely damaged by fire and water. Damage about Rs. 1,00,000.
14th July	8-33 p.m.	Bankeswar Hydraulic Press, Dhakendari.	Ditto ..	3 motor fire engines (in all 14 jets)	Out of jurisdiction. A brick-built single-storied jute warehouse, with corrugated iron roof, about 180 feet by 40 feet, containing about 18,000 maunds of jute. Buildings and contents severely damaged by fire and water. Damage about Rs. 40,000.
2nd Oct.	3-22 a.m.	3, Madge Lane	Warehouse	1 motor fire engine (2 jets)	A brick-built warehouse, containing electrical goods, etc. Building and contents damaged by fire and water. Cause: Electrical short circuit. Damage about Rs. 20,000.

20th Oct.	5-2 p.m.	Nawab & Dargunj Road, Cossipore.	Jute warehouse.	7 motor fire engines, fire float and hydrants (in all 46 jets).	A single-storied brick-built warehouse, about 300 feet by 60 feet, containing about 60,000 maunds of jute in drums and kuteha bales. Building and contents severely damaged by fire and water. Damage about Rs. 2,00,000.
19th Nov.	3-38 p.m.	Chitpore Press	Jute warehouse.	9 motor fire engines and fire float (in all about 40 jets).	Two brick-built double-storied warehouses, and one corrugated iron warehouse, all about 140 feet by 100 feet, containing jute. One brick building badly collapsed, one slightly collapsed and the corrugated iron building badly collapsed. About 30,000 maunds of jute damaged. Late call and considerable difficulty in obtaining water. About 270 lengths of hose used. Damage about Rs. 2,00,000.
1932.					
5th Jan.	2-13 p.m.	Atlas Press, Chitpore.	Jute warehouse.	8 motor fire engines, and fire float (in all about 25 jets).	A two-storied brick-built jute warehouse, the upper floor used for assorting, and the lower floor for stock. Contents damaged. Damage about Rs. 25,000.
10th Jan.	2-56 a.m.	No. 2, Nawabputty Road.	Ditto ..	8 motor fire engines, fire float, etc. (in all about 25 jets).	A single-storied brick-built semi-detached jute warehouse, about 75 feet by 35 feet, containing about 2,500 pucca bales of jute. Roof and walls collapsed and walls of adjoining warehouse damaged by falling walls. Damage about Rs. 40,000.
15th Jan.	10-32 a.m.	"Sun" Press, Chitpore.	Ditto ..	7 motor fire engines, fire float, etc., and hydrants (in all about 49 jets).	A brick-built double-storied warehouse, about 250 feet by 100 feet, with wooden floor, the upper floor used for assorting jute, and the ground floor containing about 6,000 pucca bales and 7,000 maunds of jute. Roof and walls collapsed, and contents severely damaged by fire and water. Damage about Rs. 2,00,000.
16th Jan.	4-8 a.m.	Naga Godown, Kali Prasanna Sinha Road.	Ditto ..	6 motor fire engines, fire float, etc., and hydrants (in all about 30 jets).	A single-storied brick-built warehouse, about 50 feet by 45 feet, containing about 2,000 bales of jute. Roof and walls collapsed and contents damaged by fire and water. Damage about Rs. 65,000.
21st Jan.	6-42 a.m.	Calcutta Hydraulic Press, Cossipore.	Ditto ..	2 motor fire engines, hydrants and sprinklers (in all 18 jets).	A brick-built single-storied jute warehouse, about 300 feet by 60 feet by 30 feet, divided into three compartments and stocked with bales of jute. Jute in one compartment damaged by fire and water. Building not damaged. Damage about Rs. 25,000.

APPENDIX VIII.

Rules regulating the use of the Motor Ambulances as revised by the Corporation on the 16th July 1924.

1. The use of the motor ambulance is allowed free of charges in Calcutta in the following cases:—

- (i) In all accident cases, *cases of illness in street* and in labour cases.
- (ii) In the case of patients suffering from non-infectious diseases who are intended to be treated in hospitals in general indoor wards without payment, *provided the use of the ambulance is requisitioned by a doctor.*
- (iii) In the case of patients suffering from non-infectious diseases who may belong to His Majesty's naval or regular land forces or the Indian Defence Force.

2. Fees will be charged for the use of the motor ambulances in the following cases at the rates noted against each—

A. In the case of Calcutta residents—

(i) Where a paying patient is conveyed from his home to a hospital or vice versa—

- (a) For patients treated in * * * * Nursing Homes * * * * or in the Woodburn Block of the Presidency General Hospital, Turret rooms of the Eden Hospitals, larger five-rupee cabins or purdah cottages of the Dufferin Hospital or in any other hospital or place of treatment on payment of a daily charge of Rs. 5 and above—Rs. 5.
- (b) For patients treated in other paying wards of hospitals or other places of treatment on payment of a daily fee of less than Rs. 5—Rs. 2.

(ii) In other than hospital cases, i.e., where the ambulance is engaged to convey a patient to a railway station, steamer or elsewhere (but not to a hospital) and vice versa, the fee will ordinarily be Rs. 5 (but the Chief Officer, Fire Brigade, has the discretion to reduce it, if he thinks proper).

B. In the case of patients (suffering from non-infectious disease) outside Calcutta—

(i) Same rates as in A above plus annas 8 per mile for the distance covered by the ambulance both ways. *The services of the ambulances cannot be guaranteed outside the abovementioned municipalities but ordinarily the ambulances will be sent provided they can be spared from the above area (see paragraph 5).*

(ii) Cases under 1 (i) and 1 (ii) but outside Calcutta will be charged mileage only.

3. In all cases in which fees are payable, the amount due must be prepaid. The drivers are supplied with a book of vouchers and will give a printed receipt in return for the proper fee.

4. In all cases under section 1 motor ambulances will turn out on the requisition of any person if there are reasonable grounds to consider the call a *bona fide* one.

* * * * *

5. The Chief Officer, Fire Brigade, has the option of refusing to send the ambulances outside the municipal limits of Calcutta and in all cases in which he has reason to doubt the *bona fides* of the parties requisitioning, and may relax rules B (ii) and 3 at his discretion.

Motor ambulance for infectious cases.

No fees will be charged for infectious cases in Calcutta.

Motor ambulances may be sent to infectious cases outside Calcutta where a fee of annas 8 per mile will be charged.

The Chief Officer, Fire Brigade, has power—

- (a) *To refuse to send motor ambulances for infectious cases outside the above areas.*
- (b) *To waive the above mileage charges in special cases.*

No. 6208 L.S.-G.—15th December 1932.—The following draft of rules regulating the travelling and daily allowances of members, Chairmen and Vice-Chairmen of district and local boards, which the Government of Bengal (Ministry of Local Self-Government) intend to make under sub-clauses (a), (b), (c) and (d) of clause sixthly of section 53 and clause (t) of section 138 of the Bengal Local Self-Government Act of 1885 (Bengal Act III of 1885) in supersession of rules 116 to 119 of the Local Self-Government Account Rules relating to travelling allowance of such members, Chairmen and Vice-Chairmen published under notification No. 2158 L.S.-G., dated the 5th September 1918, at pages 509-604 of Part IB of the *Calcutta Gazette*, dated the 11th September 1918, as subsequently amended, is published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on or after the 25th January 1933, and any objection or suggestion received by the undersigned through District Officers before that date will be duly considered:—

Draft Rules.

Travelling and daily allowances of Chairmen and Vice-Chairmen of district boards.

116. (1) All Chairmen and Vice-Chairmen of district boards, who are not Government officers, are entitled to draw from the District Fund travelling allowance at the same rates as are admissible to Government officers of the first class for all journeys performed for attending meetings of the district boards or any committee or sub-committee thereof or for performing journeys for carrying out the objects of the Bengal Local Self-Government Act of 1885, hereinafter referred to as the Act. They are entitled to mileage only for journey by road or boat, but are not entitled to any allowance for journeys to places within a radius of five miles from the starting point. For journeys made from any place within the district they shall be entitled to travelling allowance from the places at which the journey is actually commenced, and, for journeys made from any place outside the district, to travelling allowance only for the portion of the journey which is performed within the district:

Provided that the travelling allowance shall, in no case, exceed what would be admissible had the journey been made from the Chairman and Vice-Chairman's usual place of residence within the district:

Provided further that for attending meetings of the district board or for attending meetings of committees or sub-committees thereof, which may continue for two or more consecutive days, Chairman and Vice-Chairman shall be entitled to mileage only for one journey to the place of meeting and back and to daily allowance for a period not exceeding two days.

NOTE.—(i) Travelling allowance under the above rule is not admissible for journeys for attending district headquarters for the discharge of ordinary office work. For every such journey to and from his usual place of residence, when no other kind of travelling allowance has been drawn, a district board may allow the Chairman or the Vice-Chairman to draw a consolidated allowance at a rate to be fixed with the approval of Government in each case.

(ii) Under this rule mileage at full rate is admissible for a journey by road or boat up to 30 miles.

(iii) "Usual place of residence" means the place where the Chairman and Vice-Chairman ordinarily reside for at least six months in the year.

(2) No Chairman and Vice-Chairman shall charge mileage allowance and daily allowance for the same day.

(3) Chairman and Vice-Chairman are entitled to daily allowance when on tours of inspection: Provided that no daily allowance may be drawn for halts made in the thana in which they have their residence or residential qualifications by virtue of which they were eligible for election to the district board.

(4) Chairman and Vice-Chairman shall not be entitled to travelling allowance for journeys on deputation to see the Hon'ble Minister or for similar purpose except when made on the invitation of Government to send representatives to the Minister.

(5) Chairman and Vice-Chairman shall not be entitled to draw travelling allowance from the District Fund for attending a conference of members of local bodies convened by private arrangement unless such a journey is supported by a resolution of the board and is undertaken with the previous consent of the Divisional Commissioner.

(6) Chairmen and Vice-Chairmen of district boards, who are Government officers, are entitled to draw from provincial revenues the travelling allowance admissible to them as Government officers for journeys performed for the purposes of the Act.

(7) All bills for travelling allowance under these rules should contain a certificate to the effect that for the journey or period to which the claim relates, no similar allowances have been or will be drawn from any other official source or from any local fund.

*Travelling and daily allowances of Chairmen and Vice-Chairmen
of local boards.*

117. (1) Chairmen and Vice-Chairmen of local boards, who are not Government officers, are entitled to draw from the District Fund travelling allowance at the same rates as are admissible to Government officers of the second class for journeys performed for attending meetings of the local boards or any committee or sub-committee thereof and for carrying out the objects of the Act. They are entitled to mileage only for journey by road or boat, but are not entitled to any allowance for journeys to places within a radius of five miles from the starting point. For journeys made from any place within the subdivision they shall be entitled to travelling allowance from the places at which the journeys are actually commenced, and, when the journeys are made from any place outside the subdivision, to travelling allowance only for the portion of the journeys which are performed within the subdivision:

Provided that the travelling allowance shall, in no case, exceed what would be admissible had the journey been made from the Chairman and Vice-Chairman's usual place of residence within the subdivision:

Provided further that for attending meetings of the local board or for attending meetings of committees or sub-committees thereof, which may continue for two or more consecutive days, Chairman and Vice-Chairman shall be entitled to mileage only for one journey to the place of meeting and back and to daily allowance at the maximum rate allowable to Government officers of the second class, for a period not exceeding two days.

NOTE.—(i) Travelling allowance under this rule is not admissible for journeys for attending subdivisional headquarters for the discharge of ordinary office work. For every such journey to and from the usual place of residence when no other kind of travelling allowance has been drawn, a local board may allow the Chairman or the Vice-Chairman to draw a consolidated allowance at a rate to be fixed with the approval of Government in each case.

(ii) Under this rule mileage at full rate is admissible for a journey by road or boat up to 30 miles.

(iii) "Usual place of residence" means the place where the Chairman and Vice-Chairman ordinarily reside for at least six months in the year.

(2) No Chairman and Vice-Chairman shall charge mileage allowance and daily allowance for the same day.

(3) Chairman and Vice-Chairman are entitled to daily allowance when on tours of inspection: Provided that no daily allowance may be drawn for halts made in the thana in which they have their residence or residential qualifications by virtue of which they were eligible for election to the local board.

(4) Chairman and Vice-Chairman shall not be entitled to travelling allowance for journeys on deputation to see the Hon'ble Minister or for similar purpose except when made on the invitation of Government to send representatives to the Minister.

(5) Chairman and Vice-Chairman shall not be entitled to draw travelling allowance from the District Fund for attending a conference of members of local bodies convened by private arrangement unless such a journey is supported by a resolution of the board and is undertaken with the previous consent of the Divisional Commissioner.

(6) Chairmen and Vice-Chairmen of local boards, who are Government officers, are entitled to draw from provincial revenues the travelling allowance admissible to them as Government officers for journeys performed for the purposes of the Act.

(7) All bills for travelling allowance under these rules shall contain a certificate to the effect that for the journey or period to which the claim relates no similar allowances have been or will be drawn from any other official source or from any local fund.

Travelling and daily allowances of members of district boards.

118. (1) Members of district boards are entitled to charge travelling allowance under this rule for journeys performed for carrying out the objects of the Act, only when such journeys are performed for attending meetings of district boards or of committees or sub-committees thereof or when such journeys are undertaken in pursuance of a resolution of a district board at a meeting or at the request of the Chairman in writing.

(2) Members of district boards, who are not Government officers, shall be entitled to draw from the District Fund travelling allowance at the same rates as are admissible to Government officers of the second class. They are entitled to mileage only for journey by road or boat, but are not entitled to any allowance for journeys to places within a radius of five miles from the starting point. For journeys performed for attending meetings of district boards or of committees or sub-committees thereof such members shall, when the journey is made from any place within the district, be entitled to travelling allowance from the places at which the journey is actually commenced, and, when the journey is made from any place outside the district, to travelling allowance only for the portion of the journey which is performed within the district:

Provided that the travelling allowance shall, in no case, exceed what would be admissible had the journey been made from the members' usual place of residence within the district:

Provided further that for attending meetings of the district board or for attending meetings of committees or sub-committees thereof, which may continue for two or more consecutive days, members shall be entitled to mileage only for one journey to the place of meeting and back, and to daily allowance at the maximum rate allowable to Government officers of the second class for a period not exceeding two days.

NOTE.—(i) Under this rule mileage at full rate is admissible for a journey by road or boat up to 30 miles.

(ii) "Usual place of residence" means the place where a member ordinarily resides for at least six months in the year.

(3) Members of district boards are not entitled to any allowance for halting except as provided in sub-rule 2.

(4) No member shall charge mileage allowance and daily allowance for the same day.

(5) Members of district boards shall not be entitled to charge travelling allowance for journeys on deputation to see the Hon'ble Minister or for similar purpose except when made on the invitation of Government to send representatives to the Minister.

(6) Members of district boards shall not be entitled to draw travelling allowance from the District Fund for attending a conference of members of local bodies convened by private arrangement unless such a journey is supported by a resolution of the board and is undertaken with the previous consent of the Divisional Commissioner.

(7) Members of district boards, who are elected and who are Government officers, shall be entitled to draw from the District Fund the travelling allowance admissible to non-official members.

(8) Members of district boards, who are appointed and who are Government officers, shall be entitled to draw from provincial revenues the travelling allowance admissible to them as Government officers.

NOTE.—The term "Government officers" includes "managers of estates under the Court of Wards who are appointed by Government but paid from the estates and whose service counts for pension under the rules of the Civil Service Regulations."

(9) All bills for travelling allowance under these rules shall contain a certificate to the effect that for the journey or period to which the claim relates no similar allowances have been or will be drawn from any other official source or from any local fund.

Travelling and daily allowances of members of local boards.

119. (1) Members of local boards are entitled to charge travelling allowance under this rule for journeys performed for carrying out the objects of the Act, only when such journeys are performed for attending meetings of local boards or of committees or sub-committees thereof or when such journeys are undertaken in pursuance of a resolution of a local board at a meeting or at the request of the Chairman in writing.

(2) Members of local boards, who are not Government officers, shall be entitled to draw from the District Fund travelling allowance at the same rates as are admissible to Government officers of the second class. They are entitled to mileage only for journey by road or boat, but are not entitled to any allowance for journeys to places within a radius of five miles from the starting point. For journeys performed for attending meetings of local boards or of committees or sub-committees thereof such members shall, when the journey is made from any place within the subdivision, be entitled to travelling allowance from the places at which the journey is actually commenced, and, when the journey is made from any place outside the subdivision, to travelling allowance only for the portion of the journey which is performed within the subdivision:

Provided that the travelling allowance shall, in no case, exceed what would be admissible had the journey been made from the members' place of residence within the subdivision in which the qualification of election arose or borders of the subdivision on way from the place of business, whichever journey constitutes the smaller charge:

Provided further that for attending meetings of the local board or for attending meetings of committees or sub-committees thereof, which may continue on two or more consecutive days, members shall be entitled to mileage only for one journey to the place of meeting and back, and to daily allowance at the maximum rate allowable to Government officers of the second class for a period not exceeding two days.

NOTE.—(i) Under the above rule mileage at full rate is admissible for a journey by road or boat up to 30 miles.

(3) Members of local boards are not entitled to any allowance for halting except as provided in sub-rule (2).

(4) No member shall charge mileage allowance and daily allowance for the same day.

(5) Members of local boards shall not be entitled to charge travelling allowance for journeys on deputation to see the Hon'ble Minister or for similar purpose except when made on the invitation of Government to send representatives to the Minister.

(6) Members of local boards shall not be entitled to draw travelling allowance from the District Fund for attending a conference of members of local bodies convened by private arrangement unless such a journey is authorised by a resolution of the board and is undertaken with the previous consent of the Divisional Commissioner.

(7) Members of local boards, who are elected and who are Government officers, are entitled to draw from the District Fund the travelling allowance admissible to non-official members.

(8) Members of local boards, who are appointed and who are Government officers, shall be entitled to draw from provincial revenues the travelling allowance admissible to them as Government officers.

NOTE.—The term "Government officers" includes "managers of estates under the Court of Wards who are appointed by Government but paid from the estates and whose service counts for pension under the rules of the Civil Service Regulations."

(9) All bills for travelling allowance under these rules shall contain a certificate to the effect that for the journey or period to which the claim relates no similar allowances have been or will be drawn from any other official source or from any local fund.

NOTIFICATIONS.

No. 14797L.R.—16th December 1932.—The following draft of amendments, which the Governor in Council intends to make in the rules under the Bengal Tenancy Act, 1885 (VIII of 1885), which were published under

notification No. 5462L.R., dated the 26th March 1929, published at pages 549-592 in Part I of the *Calcutta Gazette* of the 28th idem, is hereby published as required by subsection (1) of section 190 of the Act, for the information of persons likely to be affected thereby.

The draft will be taken into consideration on or after the 1st February 1933, and any objection or suggestion received by the undersigned before that date will be duly considered:—

Draft amendment.

Add the following as rule 29D:—

(1) In cases where his co-sharer landlords do not agree to apply for opening a personal ledger, a co-sharer may on payment of a fee of Rs. 5 file a statement of the shares of himself and his co-sharers in any lands comprised in any estate or tenure of which a record of rights has been finally published under Chapter X of the Bengal Tenancy Act, if the co-sharers are the same and their shares in all the lands are uniform. The Collector will verify the statement of shares as far as possible from the documents produced by the applicant and if it appears to be in order and provided that if the landlord is a proprietor of a revenue-paying estate or revenue-free property his name is duly recorded in the Land Registration Registers of the Collectorate, copies of the application will be served on the remaining co-sharer landlords.

(2) If after service of the notice mentioned in sub-rule (1), it appears to the Collector that there is no dispute in respect of the share, he may order that the statement shall be registered in his office. Any of the other co-sharers whose name and share in the properties are entered in the statement may apply on payment of a fee of Re. 1 that payment be made to him in accordance with such share, provided that if he is a proprietor of a revenue-paying estate or of a revenue-free property his name is duly recorded in the Land Registration Registers of the Collectorate. The Collector may allow such application if he is satisfied that there is no dispute in respect of the share.

(3) The Collector may make payments on application of the fees payable in accordance with such statement to any co-sharer whose application under sub-rule (1) or (2) has been allowed without issuing any further notices on the other co-sharers.

(4) The registered statement of shares shall be current for one year from the date of registration, but it shall be open to any of the co-sharer landlords to make application to have the statement corrected or cancelled and the Collector shall pass such orders as he thinks proper after considering the application. Any co-sharer whose application under sub-rule (1) or (2) was allowed may apply for renewal for a further period of one year and the Collector may grant renewal to such co-sharers as apply on payment of a fee of Re. 1 after service of notices on the other co-sharers, if he is satisfied that there is no dispute. When notices have been served in respect of any application for renewal, the Collector may grant renewal to other applicants without issuing any further notices, if he is satisfied that there is no dispute.

Dinajpur.—No. 14817L.R.—16th December 1932.—It is hereby notified that the survey carried out under the orders of Government under section 3 of the Bengal Survey Act, 1875 (Bengal Act V of 1875), and sub-section (7) of section 101 of the Bengal Tenancy Act, 1885 (Act VIII of 1885), and particulars whereof have been embodied in the under-mentioned notifications, is adopted as defining villages for the purpose of clause 19(b) of section 3 of the Bengal Tenancy Act, 1885 (Act VIII of 1885), in the police-station of Itahar in the district of Dinajpur:—

CHAPTER 1.

PRELIMINARY.

Short title,
extent,
commencement,
and duration.

1. (1) This Act may be called the Bengal Public Security Act, 1932.

(2) It extends to the whole of Bengal.

(3) This chapter and chapter V shall come into force at once.

(4) The Local Government may, by notification in the *Calcutta Gazette*, direct that all or any of the provisions of chapters II, III and IV shall come into force in any area on such date as may be specified in the notification:

Provided that the Local Government shall not direct that any provision of these chapters shall come into force in any area unless it is satisfied that by reason of a movement subversive of law and order a state of emergency has arisen in that area of such a kind that the existing powers of Government are inadequate for the maintenance of the public security:

Provided further that the Local Government shall withdraw the provisions so brought into force in any area when it is satisfied that such state of emergency has ceased to exist in that area.

(5) This Act shall remain in force until the thirty-first day of December, 1935.

Definitions.

2. In this Act unless there is anything repugnant in the subject or context,—

(1) "the Code" means the Code of Criminal Procedure, 1898; Act V of 1898.

(2) "District Magistrate" means, within the limits of the town of Calcutta as defined in the Calcutta Police Act, 1866, and of the suburbs of Calcutta as defined by notification under section 1 of the Calcutta Suburban Police Act, 1866, the Commissioner of Police; Ben. Act IV of 1866. Ben. Act II of 1866.
and

*The Bengal Public Security Act, 1932.**(Chapter II.—Emergency Powers.—Sections 3, 4.)*

- (3) "unlawful association" means an unlawful association within the meaning of section 15 of the Indian Criminal Law Amendment Act, 1908, and includes an association which has been declared to be unlawful by the Governor General in Council under any law for the time being in force. XIV of 1908.

CHAPTER II.

EMERGENCY POWERS.

Power to arrest
and detain sus-
pected persons:

3. (1) Any officer of Government authorised in this behalf by general or special order of the Local Government may, if satisfied that there are reasonable grounds for believing that any person has acted, is acting, or is about to act in furtherance of the objects of any unlawful association or in furtherance of the commission of an offence under section 23 or of any offence prejudicial to the public security, himself arrest such person without warrant, or may direct the arrest without warrant of such person, and in making such arrest may use any means that may be necessary to effect the arrest.

(2) An arrest made by or on the direction of any officer under this section shall be reported forthwith to the Local Government by the officer so making or so directing the arrest as the case may be, and such officer may, by order in writing, commit any person so arrested to such custody as the Local Government may, by general or special order, specify in this behalf.

(3) No person arrested under this section shall be detained for a period exceeding twenty-four hours, exclusive of the time necessary for the journey from the place of arrest to the place of custody, except in the custody specified by the Local Government under sub-section (2).

(4) No person committed to custody under this section shall, unless the Local Government by special order otherwise directs, be detained in such custody for a period exceeding fifteen days and shall in no case be so detained in such custody for a period exceeding two months.

Power to control
suspected per-
sons.

4. (1) The Local Government, if satisfied that there are reasonable grounds for believing that any person has acted, is acting, or is about to act in furtherance of the objects of any unlawful association or in furtherance of the commission of an offence under section 23 or of any offence prejudicial to the public security, may, by order in writing, give any one or more of the following directions, namely, that such person—

- (a) shall not enter, reside or remain in any area specified in the order;
- (b) shall reside or remain in any area specified in the order;
- (c) shall remove himself from, and shall not return to, any area specified in the order;
- (d) shall conduct himself in such manner, abstain from such acts, or take such order with any property in his possession or under his control, as may be specified in the order.

(2) An order made under sub-section (1) shall not, unless the Local Government by special order otherwise directs, remain in force for more than one month from the making thereof.

*The Bengal Public Security Act, 1932.**(Chapter II.—Emergency Powers.—Sections 5—10.)*

(3) An order made under sub-section (1) shall be served on the person to whom it relates in the manner provided in the Code for service of a summons.

Power to prohibit or limit access to certain places.

5. The District Magistrate may, by order in writing, prohibit or limit, in such way as he may think necessary for the public security, access to any building or place in the possession or under the control of Government or of any railway administration or local authority, or to any building or place in the occupation, whether permanent or otherwise, of His Majesty's Naval, Military or Air Forces or of any police force, or to any place in the vicinity of any such building or place.

Power to prohibit or regulate traffic.

6. The District Magistrate may, by order in writing, prohibit or regulate, in such way as he may think necessary for the public security, traffic over any road, pathway, bridge, waterway or ferry, if he is satisfied that there are reasonable grounds for believing that such road, pathway, bridge, waterway or ferry will be utilised in furtherance of the objects of any unlawful association or of any movement prejudicial to the public security.

Power to control posts and telegraphs.

7. The District Magistrate, if in his opinion, it is necessary for the public advantage, may, in consultation with the chief postal authority in the district, control the operation of any post, telegraph, telephone or wireless office or station, and, in particular, may intercept any postal article or telegraphic, telephonic or wireless message in the course of transmission, may ascertain its contents and may prohibit its further transmission.

Power to secure reports of public meetings.

8. The District Magistrate may, by order in writing, depute one or more police officers not below the rank of assistant sub-inspector, or other persons, to attend any public meeting for the purpose of causing a report to be made of the proceedings, and may, by such order, authorise the persons so deputed to take with them an escort of police officers.

Explanation.—For the purposes of this section a public meeting is any meeting which is open to the public or to any class or portion of the public, and a meeting may be a public meeting notwithstanding that it is held in a private place and notwithstanding that admission thereto is restricted by ticket or otherwise.

Power to give effect to orders if disobeyed.

9. If any person disobeys or neglects to comply with an order made, direction given, or condition prescribed in accordance with the provisions of this chapter, the authority which made the order, gave the direction or prescribed the condition may take or cause to be taken such action as it thinks necessary to give effect thereto, but shall not in any case inflict more harm than is necessary for such purpose.

Penalty for disobeying order under section 4.

10. Whoever disobeys or neglects to comply with any order made or direction given in accordance with the provisions of section 4 shall be punishable with imprisonment which may extend to one year, or with fine, or with both.

*The Bengal Public Security Act, 1932.**(Chapter II.—Emergency Powers.—Chapter III.—
Special Magistrates.—Sections 11—18.)*

Penalty for
disobeying
other orders
under this
chapter.

11. Subject to the provisions of section 10, whoever disobeys, or neglects to comply with any order made, direction, given, or condition prescribed in accordance with the provisions of this chapter or impedes the lawful exercise of any power referred to in this chapter shall be punishable with imprisonment which may extend to six months, or with fine, or with both.

Delegation
of powers.

12. (1) The Local Government may invest the District Magistrate with the powers of the Local Government under sub-section (1) of section 4.

(2) The Local Government may invest any Subdivisional Magistrate, or any police officer not below the rank of Deputy Superintendent, with any of the powers of a District Magistrate under this chapter.

(3) The District Magistrate may, by order in writing, authorise any gazetted officer to exercise any of the powers of the District Magistrate under this chapter except the powers delegated to him under sub-section (1) in a specified area or in connection with a specified emergency.

CHAPTER III.

SPECIAL MAGISTRATES.

Special
Magistrates.

13. Any Presidency Magistrate or Magistrate of the first class who has exercised powers as such for a period of not less than four years may be invested by the Local Government with the powers of a Special Magistrate under this Act.

Jurisdiction
of Special
Magistrates.

14. Subject to the provisions of section 18, a Special Magistrate shall try such offences, other than offences punishable with death, as the Local Government or an officer empowered by the Local Government in this behalf may, by general or special order in writing, direct.

Procedure
of Special
Magistrates.

15. (1) A Special Magistrate, in trying accused persons, shall follow the procedure prescribed by the Code for the trial of warrant cases by Magistrates:

Provided that a Special Magistrate shall not be bound to adjourn any trial unless such adjournment is, in his opinion, necessary in the interests of justice.

(2) In matters not coming within the scope of sub-section (1), the provisions of the Code, so far as they are not inconsistent with this Act, shall apply to the proceedings of a Special Magistrate and for the purposes of the said provisions the Special Magistrate shall be deemed to be a Magistrate of the first class.

Sentences
by Special
Magistrates.

16. A Special Magistrate may pass any sentence authorised by law, except a sentence of death or transportation or of imprisonment exceeding seven years.

Appeals.

17. (1) Where a Special Magistrate in a case tried outside the limits of the Presidency town of Calcutta passes a sentence of imprisonment for a term not exceeding four years, or of fine, an appeal shall lie to the Court of Session.

(2) An appeal under sub-section (1) shall be presented within thirty days from the date of sentence.

Limitation of
jurisdiction
of Special
Magistrates.

18. (1) A Special Magistrate shall not try any offence unless it is an offence punishable under this Act or was committed in furtherance of a movement prejudicial to the public security.

(2) The question whether or not an offence tried by a Special Magistrate is of the nature described in sub-section (1) shall not be raised in any Court other than

*The Bengal Public Security Act, 1932.**(Chapter III.—Special Magistrates.—Chapter IV.—**Special provisions against instigation to the illegal refusal of the payment of certain liabilities.—Sections 19—22.)*

the Court trying the offence, and where such question is so raised it shall be referred, within the local limits of the Presidency town of Calcutta to the Chief Presidency Magistrate, and outside such limits, to the District Magistrate, and the decision of the Chief Presidency Magistrate or the District Magistrate as the case may be, shall be final:

Provided that nothing in this sub-section shall affect the jurisdiction of the High Court.

Powers of
Special
Magistrates
to deal with
refractory
accused.

19. (1) Where any accused, in a trial before a Special Magistrate, has, by his voluntary act, rendered himself incapable of appearing before the Magistrate, or resists his production before the Magistrate, or behaves before the Magistrate in a persistently disorderly manner, the Magistrate may, at any stage of the trial, by order in writing made after such inquiry as he may think fit, dispense with the attendance of such accused for such period as he may think fit, and proceed with the trial in the absence of the accused.

(2) Where a plea is required in answer to a charge from an accused whose attendance has been dispensed with under sub-section (1), such accused shall be deemed not to plead guilty.

(3) An order under sub-section (1) dispensing with the attendance of an accused shall not affect his right of being represented by a pleader at any stage of the trial, or of being present in person if he has become capable of appearing, or appears before the Magistrate and undertakes to behave in an orderly manner.

(4) Notwithstanding anything contained in the Code, no finding, sentence or order passed in a trial before a Special Magistrate shall be held to be illegal by any Court by reason of any omission or irregularity whatsoever arising from the absence of any or all of the accused whose attendance has been dispensed with under sub-section (1).

Special rule
of evidence.

20. Notwithstanding anything contained in the Indian Evidence Act, 1872, when the statement of any person has been recorded by any Magistrate, such statement may be admitted in evidence in any trial before a Special Magistrate if such person is dead or cannot be found or is incapable of giving evidence and the Special Magistrate is of opinion that such death, disappearance or incapacity has been caused in the interests of the accused.

Application of
ordinary law.

21. The provisions of the Code and of any other law for the time being in force, in so far as they may be applicable and in so far as they are not inconsistent with the provisions of this Act shall apply to all matters connected with, arising from or consequent upon a trial by a Special Magistrate under this Act.

CHAPTER IV.

SPECIAL PROVISIONS AGAINST INSTIGATION TO THE
ILLEGAL REFUSAL OF THE PAYMENT OF CERTAIN
LIABILITIES.

Power to
declare notified
areas and
notified
liabilities.

22. (1) The Local Government may by notification in the *Calcutta Gazette*, declare that any part of the province or the whole province shall be a notified area for the purposes of this chapter.

The Bengal Public Security Act, 1932.

(Chapter IV.—Special provisions against instigation to the illegal refusal of the payment of certain liabilities.—Chapter V.—Supplemental.—Sections 23—27.)

(2) The Local Government may further, by the same or by subsequent notification, declare that in such notified area land revenue or any sum recoverable as arrears of land revenue, or any tax, rate, cess or other due or amount payable to Government or to any local authority or rent of agricultural land, or anything recoverable as arrears of or along with such rent, shall be a notified liability.

Punishment for unlawful instigation to the non-payment of notified liability.

23. Whoever, by words either spoken or written, or by signs or by visible representations, or otherwise instigates expressly or by implication, any person or class of persons not to pay or to defer payment of any notified liability,

and whoever does any act, with intent or knowing it to be likely that any words, signs or visible representations containing such instigation shall thereby be communicated directly or indirectly to any person or class of persons, in any manner whatsoever,

shall be punishable with imprisonment which may extend to six months, or with fine, or with both.

Special rule of procedure.

24. No Court shall take cognizance of any offence punishable under this chapter except upon a report in writing of facts which constitute such offence made by a police officer not below the rank of sub-inspector.

Power to collect an arrear of a notified liability as a public demand.

25. (1) Any person to whom an arrear of a notified liability is due may apply in writing to the Collector to realise it, and the Collector may, after satisfying himself that the amount claimed is due, and that non-payment thereof is the result of a movement subversive of law and order, proceed to recover it as a public demand under the Bengal Public Demands Recovery Act, 1913.

Ben.
Act III
of, 1913.

(2) Nothing in this section shall prevent any person to whom an arrear of a notified liability is due from recovering it in accordance with the law applicable to the recovery of such arrear.

(3) Any person from whom an amount has been recovered under this section in excess of the amount due from him may recover such excess in accordance with law from the person on whose behalf the Collector has realised it.

CHAPTER V.

SUPPLEMENTAL.

Offences under the Act to be cognizable and non-bailable.

26. Notwithstanding anything contained in the Code, any offence punishable under this Act shall, save as otherwise specially provided in this Act, be cognizable and non-bailable.

Jurisdiction barred.

27. Except as provided in this Act no proceeding or order purporting to be taken or made under this Act shall be called in question by any court, and no civil or criminal proceeding shall be instituted against any person for anything in good faith done or intended to be done under this Act or against any person for any loss or damage caused to or in respect of any property whereof possession has been taken under this Act:

Provided that nothing in this section shall affect the jurisdiction of the High Court.

*The Bengal Public Security Act, 1932.**(Chapter V.—Supplemental.—Sections 28, 29.)*

Operation of
other penal
laws not
barred.

28. Nothing contained in this Act shall be deemed to prevent any person from being prosecuted under any other law for any act or omission which constitutes an offence punishable under this Act.

Adoption and
continuance of
certain action
taken under
Ordinance X
of 1932.

29. Anything done or any proceedings commenced in pursuance of any provision of the Special Powers Ordinance, 1932, shall, where the corresponding provision of this Act has come into force before the 30th December, 1932, be deemed on the expiry of the said Ordinance to have been done or to have commenced in pursuance of the corresponding provision of this Act and shall have effect as if this Act was already in force when such thing was done or such proceedings were commenced.

S. AHMED,

Inspector-General of Regn., Bengal.

COMMERCE DEPARTMENT.

NOTIFICATIONS.

No. 7423Com. — 19th December 1932. — It is hereby notified for general information that a license described as the Dishergarh Electric License, 1932, as set forth below, has been

granted to the Dishergarh Power Supply Company, Limited, Calcutta:—

The Dishergarh Electric License, 1932.

License for the supply of energy granted by the Government of Bengal under the Indian Electricity Act, 1910.

License is hereby granted to the Dishergarh Power Supply Company, Limited, a Joint Stock Company incorporated under the Companies Act, 1913, and having its Registered Office at No. 8, Clive Row, Calcutta, to supply electrical energy in the area with the powers and upon the terms and conditions specified below:—

Short title.

1. This license may be cited as "The Dishergarh Electric License, 1932."

Interpretation.

2. The several words, terms and expressions to which by the Indian Electricity Act, 1910, or by the rules thereunder, meanings are assigned shall have in this license the same respective meanings, provided that in this license:—

(a) "The Act" shall mean the Indian Electricity Act, 1910, and any statutory modifications thereof.

(b) The expression "the licensees" shall mean and include the said Dishergarh Power Supply Company, Limited, and its permitted assigns.

(c) The expression "deposited map" shall mean the plan of the area of supply hereinafter specified which has been deposited with the Government in pursuance of the rules under the Act, which plan is signed for the purpose of identification by the Secretary to the Government of Bengal in the Commerce Department and by the applicants.

(d) The term "unit" shall mean the quantity of energy equivalent to a current of one thousand amperes flowing under an electromotive force of one volt during one hour.

(e) The term "large consumer" shall mean a consumer who shall agree to take from the licensees and pay for a minimum consumption of 100,000 units of energy per annum.

(f) The term "small consumer" shall mean a consumer who shall not so agree.

Area of supply.

3. The area above referred to within which the supply of energy is authorised by this license (the area of supply under the Act) is the whole of the area, the boundaries whereof are specified below including the municipality of Asansol:—

The North.—By the northern boundary of the East Indian Railway Main Line from the western boundary of the area of the municipality of Asansol to Sitarampore Station and thence along the northern boundary of the East Indian Railway Grand Chord Line to the Barakar river.

The South.—By latitude $23^{\circ}41'$ north where it meets the south-western boundary of the Asansol municipal area and along this latitude to longitude $86^{\circ}54'$ east and in a southerly direction along this longitude of $86^{\circ}54'$ east to latitude $23^{\circ}40' 30''$ north and along latitude $23^{\circ}40' 30''$ north from the meridian of longitude $86^{\circ}54'$ east to where the parallel of latitude $23^{\circ}40' 30''$ joins the Damodar river.

The West.—By the boundary of the province of Bengal along the Damodar and Barakar rivers from the parallel of latitude $23^{\circ} 40' 30''$ north to the Barakar Bridge of the East Indian Railway Grand Chord Line.

The East.—By the present eastern boundary of the municipality of Asansol.

The boundaries of the area of supply are delineated in the deposited map by a red colour.

Situation of Generating Station.

4. The generating station is situated within the area of supply.

Purpose of supply.

5. The licensees are hereby authorised to supply energy for the following purposes:—

(a) Direct consumption—

(1) To large consumers.

(2) To small consumers.

(b) In bulk to persons who now are or hereafter may be distributing licensees, for distribution and sale by them to the consumers within their respective areas of supply, or to consumers, the supply of energy to whom, may hereafter be sanctioned by Government under section 27 of the Indian Electricity Act. Provided that the distributing licensees so supplied in bulk shall not be at liberty to supply energy to any consumer of more than 100,000 units per annum unless with the permission in writing of the bulk-licensees and

provided also that the licensees shall not supply energy to small consumers within the area of supply of a distributing licensee without the consent in writing of the said distributing licensee.

By way of exception to section 22 of the Act, it is hereby expressly declared:—

Firstly, the licensees shall not be under any obligation to supply energy to any small consumer.

Secondly, no large consumer shall be entitled to a supply of energy by the licensees unless the consumer shall not only have complied with the conditions and provisions of section 22 of the Act but also with the conditions and provisions of clause IX of the schedule to the Act as if that clause applied to large consumers as well as to distributing licensees.

Thirdly, no consumer, whether large or small, and no distributing licensee, shall be entitled to require a supply of energy to be given to him at any point other than one of the licensee's sub-stations.

Fourthly, the area of supply specified in clause 3 shall be deemed to be divided into such sub-areas as may from time to time be approved by Government on the application of the licensee and each such sub-area shall for the purposes of section 22 of the Act be deemed to be the "area of supply" referred to in that section and the provisions of section 23 of the Act regarding undue preference shall apply as if each such sub-area were covered by a separate license. The rates, terms and conditions upon which consumers may demand supply in each sub-area may at the discretion of the licensees, differ from those in other sub-areas but shall be uniform in each sub-area. In deciding the rates, terms and conditions to be applied to each sub-area consideration shall be given to the cost of the licensees' works, proximity of the consumer's load to one of the sub-stations and to any other matters which may be considered relevant, but in no case shall the maximum rates set out in clause 9 be exceeded.

Conditions of supply and rates to be charged.

6. Within six months from the date of this license, the licensees shall submit to the Local Government a statement of the terms and conditions which they propose to make to regulate their relations with persons who are or who intend to become consumers.

Within the same period, the licensees shall give notice by public advertisement, in such a manner as shall be previously approved by the Local Government, of the method by which they propose to charge for energy supplied to consumers and the rates at which such energy will be supplied. Where the licensees have given such notice they shall not be entitled to change the method of charging or the rates at which energy will be supplied without giving notice thereof by public advertisement in the manner aforesaid and giving not

less than one month's notice in writing of any such change to the Local Government and the local authority concerned and every consumer of energy who is supplied by them.

Nature of supply.

7. Energy shall be supplied under this license by three-phase alternating current at a frequency of 50 complete cycles per second at the following pressures between phases:—

- (a) 10,000 volts.
- (b) 3,000 volts.
- (c) 525 volts.

The pressures stated above shall be as measured at consumer's terminals and shall be uniform, within the limits prescribed by the rules for the time being in force made under the Act, throughout the area of supply.

Provided always that it shall be lawful for the Government from time to time, to issue, with due regard to the expense involved and to the commercial prospects of the undertaking, regulations dealing with the above systems of supply or to authorise other systems to be adopted for the purpose of this license.

Provided also that the licensees may, from time to time, with the previous consent in writing of the Government of Bengal and subject to such limitations and conditions as shall be prescribed in writing by the Government, adopt any other system of supply for the purpose of this license.

Method of construction.

8. The feeders, distributing mains and service connections may be overhead or underground in whole or in part, and shall be erected, constructed and maintained by the licensees in strict conformity with the Act, the rules thereunder and the following provisions:—

(a) Within the boundaries of any municipality, the licensees shall not use overhead mains at any higher pressure than medium pressure without the sanction in writing of the Government of Bengal in each case and subject to such conditions or limitations as the Government of Bengal may prescribe.

(b) No conductor of any aerial line shall be at a less distance than four feet horizontally and eight feet vertically from any building or structure whether permanent or temporary.

(c) In narrow lanes where it is not possible to maintain an horizontal clearance of four feet between the aerial lines and buildings or structures, underground cables shall be used, or alternatively a special method of construction of aerial lines to be approved of in writing under section 18 (I) of the Act.

The limits of rates to be charged in respect of the supply of energy.

9. The rates to be charged by the licensees for energy supplied by them shall not exceed the following maxima:—

(a) **For large consumers and distributing licensees.**—Annas four per unit metered or that number of annas which would at the value of rupee currency for the time being be equal to the gold value of four and a half pence sterling which prevailed on the 1st day of January 1931, whichever shall be the greater.

(b) **For small consumers.**—Annas eight per unit metered or that number of annas which would at the value of rupee currency for the time being be equal to the gold value of nine pence sterling which prevailed on the 1st day of January 1931, whichever shall be the greater.

(c) In the case of a method of charge approved by the Government in accordance with section 23, sub-sections (3) and (4) of the Act, the maximum rates shall be such as the Government may fix on approving the matter.

Purchase of undertaking.

10. (a) The option of purchase given by section 7 of the Act shall first be exercisable on the expiration of fifty years from the date of granting this license and on the expiration of every subsequent period of twenty years. The percentage to be added on account of compulsory purchase to the value (as determined in accordance with and for the purpose of section 7 of the Act) of lands, buildings, works, materials and plants of the licensees shall, in accordance with the said section, be twenty per cent.

(b) In accordance with section 3, sub-section (2) clause (d) (ii) of the Act, it is hereby declared that the generating station referred to in clause 4 of this license or any other generating station or stations to be used in connection with the undertaking shall not form part of the undertaking for the purpose of purchase under section 5 or section 7 of the Act.

(c) During the period of notice prescribed in section 7, sub-section (4) of the Act, all extensions and outlays of money debitable to the capital account of the licensees shall be subject to the previous approval of the Government.

Variations from the Schedule to the Act.

11. In pursuance of section 3, sub-section (2) clause (f) of the Act, it is hereby expressly declared that clauses I, IV, V, VI, VII, VIII, X, XII and XIII of the schedule to the

Act shall be excepted from incorporation in this license and clause IX shall be varied or modified as follows:—

(1) It shall apply to large consumers as well as to distributing licensees, and

(2) By adding after the words "to other licensees for distribution by them" the words "and/or large consumers."

(3) By adding after the words "distributing licensees" wherever they occur the words "and/or large consumers."

(4) By adding after the word "point" in sub-clause (1) (a) the words "being one of the bulk-licensee's sub-stations."

(5) The licensees shall be at liberty to impose in any agreement thereunder entered into with a distributing licensee a condition that such distributing licensee shall not supply to any one of his consumers more than 100,000 units per annum.

Securing continuity of supply.

12. If it shall come to the knowledge of the licensees (which expression shall for the purpose of this clause and clause 13 immediately following be taken to mean and include the licensees, their employees, servants and agents and their permitted assigns) that any civil commotion or disturbance of the public peace or any strike or lock-out of the nature specified in section 15 of the Trades Disputes Act, 1929, likely to result in the interruption of supply of energy from the power station or to consumers has commenced or is presently apprehended by the licensees or some one on their behalf shall give to the District Magistrate or to a Magistrate near the licensees' power station immediate and full information with regard thereto.

Revocation.

13. If the licensees shall in the opinion of Government have failed to give such immediate and full information as is required in clause 12 hereof or if at any time any interruption of the supply shall occur which in the opinion of Government is attributable to any wilful or preventable default or neglect on the part of the licensees or if the licensees shall in the opinion of Government fail to comply with any of the provisions of any of the clauses of this license or if the general direction and control of the licensees shall cease to be in the hands of British subjects, the license may be revoked.

No. 7524Com.—20th December 1932.—It is hereby notified for general information that a license described as the Midnapore Electric

License, 1932, as set forth below, has been granted to Messrs. B. N. Elias & Co., Ltd., Calcutta.

The Midnapore Electric License, 1932.

License for the supply of electrical energy granted by the Government of Bengal under the Indian Electricity Act, 1910.

License is hereby granted to Messrs. B. N. Elias & Co., Ltd., having its registered office at 19-D, Bowbazar Street, Calcutta, to supply electrical energy in the area with the powers and upon the terms and conditions specified below:—

Short Title.

1. This license may be cited as "The Midnapore Electric License, 1932".

Interpretation.

2. The several words, terms and expressions, to which by the Indian Electricity Act, 1910, or any statutory modifications thereof or by the rules thereunder meanings are assigned, shall have in this license the same respective meanings, provided that in this license—

(a) The "Act" shall mean the Indian Electricity Act, 1910, and any statutory modifications thereof.

(b) The expression "the licensees" shall mean and include the said Messrs. B. N. Elias & Co., Ltd., and their permitted assigns.

(c) The expression "deposited map" shall mean the plan of the area of supply herein-after specified which has been deposited with the Government of Bengal in pursuance of the rules under the Act, which plan is signed for the purpose of identification by the Secretary to the Government of Bengal in the Commerce Department, and by the applicants, Messrs. B. N. Elias & Co., Ltd., Calcutta.

(d) The term "unit" shall mean the quantity of energy equivalent to a current of one thousand amperes flowing under an electromotive force of one volt during one hour.

Security.

3. The period within which under clause 1 (b) of the schedule to the Act the licensees shall deposit or secure such sum as therein mentioned, and the sum so to be deposited or secured shall, unless otherwise ordered by the Government of Bengal under the clause, be six months from the notification of the grant of the license and Rs. 7,500 respectively.

Area of supply.

4. The area above referred to within which the supply of energy is authorised by this license (the area of supply under the Act) is the whole of the area bounded as follows:—

East—By a straight line drawn due north up to 3 miles to point A, from a point on the southern boundary of the Nootanganj Road at a distance of 440 feet east of the junction of Nootanganj Road and a road to Nootanbazar in village Shrirampur.

West—By a straight line drawn due north from the bank of the river Cossye, through the junction of Judge's Compound Road and the road from Sirsa in village Narampur, up to 2½ miles from the said junction to point B.

North—By a straight line drawn from point A to point B.

South—By the northern bank of the river Cossye.

The boundaries whereof are delineated on the deposited map by a heavy red line.

Situation of generating station.

5. The licensees shall erect the generating station within the area covered by this license.

Compulsory works.

6. The works to be executed to the satisfaction of the Government under clause IV of the Schedule to the Act are the following, namely:—

(a) The licensees shall within three years from the date of the license being granted, lay down suitable and sufficient feeders and distributing mains and also execute works to the satisfaction of the Government of Bengal for the purpose of supplying electrical energy throughout the streets set out in the annexure to this license, shall erect the generating station mentioned in clause 5 with all machinery and apparatus necessary for the purpose of giving a continuous and efficient supply and shall do all other works necessary for the commencement of the supply of energy to consumers.

The licensees shall commence to execute the works aforesaid within one year from the commencement of the license and shall complete the same within three years from the commencement of the license.

(b) At the expiration of each successive period of six months from the commencement of this license until the completion of the compulsory works the licensees shall submit to the Secretary to the Government of Bengal in the Commerce Department, reports specifying all steps taken and the progress made in carrying into effect this license.

Commencement of supply of energy.

7. (1) The supply of energy shall not be commenced until—

- (a) the Electric Inspector to the Government of Bengal shall have inspected the licensees' works and certified in writing that the supply of energy may commence,
- (b) the licensees' "Conditions of supply" shall have been approved by the Local Government, and
- (c) the amount of all miscellaneous charges incidental to or in connection with the supply to consumers and which the licensees propose to make against consumers or prospective consumers shall have been so approved.

(2) The licensees shall not supply energy to any consumer or undertake work incidental to any such supply for a prospective consumer until—

- (a) such prospective consumer shall have tendered to licensees a requisition duly signed in the form for the time being approved by the Local Government, and
- (b) such prospective consumer and the licensees shall have executed an agreement in a form approved or to be approved by the Local Government.

Accounts.

8. Separate and distinct accounts shall be kept by the licensees showing in full detail, as required by the Indian Electricity Act and Rules thereunder, the working of the electrical undertaking for which this license is granted.

Nature of supply.

9. The nature of supply shall be as follows:—

- (a) Generation—Medium pressure three-phase 50 cycles 440 volts alternating current.
- (b) Distribution—A three-phase 4 wire 50 cycles alternating current system at declared pressures of 400 volts between phases and 230 volts between any one phase and neutral.

The pressure stated in (b) above shall be as measured at consumers' terminals and shall be uniform, within the limits prescribed by the Indian Electricity Rules, 1922, throughout the area of supply.

Provided always that it shall be lawful for the Government of Bengal from time to time to issue, with due regard to the expense involved and to the commercial prospects of the undertaking, regulations dealing with the above system of supply or to authorise other system or systems of supply to be adopted for the purpose of this license.

Provided also that the licensees from time to time, with the previous consent in writing of the Government of Bengal and subject to such limitations and conditions as shall be prescribed in writing by the Government of Bengal, adopt any other system of supply for the purpose of this license.

Method of construction.

The feeders, distributing mains and service connections may be overhead or underground in whole or in part, and shall be erected, constructed and maintained by the licensees in strict conformity with the Act, the rules thereunder and the following provisions:—

(a) The licensees shall not use overhead mains at any higher pressure than medium pressure without the sanction in writing of the Government of Bengal in each case and subject to such conditions or limitations as the Government of Bengal may impose.

(b) No conductor of an aerial line shall be at a less distance than four feet horizontally and eight feet vertically from any building or structure whether permanent or temporary.

(c) In narrow lanes where it is not possible to maintain a horizontal clearance of four feet between the aerial lines and building or structure, underground cables shall be used or alternatively a special method of construction of aerial lines to be approved of in writing under section 18 (7) of the Act.

Limits of price to be charged in respect of the supply of energy.

11. The prices to be charged by the licensees for energy supplied by them shall not exceed the following maxima, namely:—

(a) For domestic purposes—

I. Lighting—Annas eight per unit metered subject to a minimum charge of rupees sixty per annum per kilowatt of the rated wattage of lamps installed.

II. Fans—Annas seven per unit metered subject to a minimum charge of rupees forty per annum per kilowatt of the rated input of the fans installed.

III. Flat rate for lights and fans combined.—Annas seven and pies six per unit metered subject to a minimum charge of rupees fifty per annum per Kilowatt of the rated wattage of the lamps and rated input of the fans installed.

IV. Motors.—(i) For each installation having motors in which the aggregated rated brake horse power does not exceed 1 brake horse power—Annas seven per unit metered subject to a minimum charge of rupees thirty-six per annum per rated brake horse power of all the motors installed.

(ii) For each installation having motors in which the aggregated rated brake horse power exceeds 1 brake horse power—Annas six per unit metered subject to a minimum charge of rupees thirty-six per annum per rated brake horse power of all the motors installed.

(b) For Industrial purposes—

(i) For each installation having motors in which the aggregated rated brake horse power does not exceed four—Annas four per unit of energy metered plus rupees eight per month per rated brake horse power of all the motors installed.

(ii) For each installation having motors in which the aggregated rated brake horse power exceeds four but does not exceed fifteen—Annas three and pies six per unit of energy metered plus rupees eight per month per rated brake horse power of all the motors installed.

(iii) For each installation having motors in which the aggregated rated brake horse power exceeds fifteen—Annas three per unit of energy metered plus rupees eight per month per rated brake horse power of all the motors installed.

(c) For heating, cooking, refrigerating and for all domestic purposes other than those specified in sub-clause (a)—Annas four per unit metered.

Note.—When the minimum charge specified in clause 11, sub-clause (a) I or (a) II or (a) III or (a) IV (i) or (a) IV (ii) is levied, then no other charge for energy consumed shall be made.

(d) In the case of a method of charge approved by the Local Government in accordance with section 23, sub-sections (3) and (4) of the Act, such maximum as the Government may fix on approving the matter.

Purchase of undertaking.

12. (a) The option of purchase given by section 7, sub-section (1) of the Act, shall be first exercisable on the expiration of fifty years from the date of notification of the grant of this license and thereafter on the expiration of every subsequent period of twenty years and the terms of such purchase shall be determined, in case of difference or dispute by arbitration as provided by section 7, sub-section (1) of the Act. The percentage to be added on account of compulsory purchase to the value (as determined in accordance with and for the purpose of sub-section (1) of section 7 of the Act) of the lands, buildings, works, materials, and plants of the licensees shall, in accordance with the second proviso of the said sub-section, be twenty per cent.

(b) In accordance with section 3, sub-section (2), clause (d) (ii) of the Act, it is hereby declared that the generating station to be used in connection with the undertaking shall form part of the undertaking for the purpose of purchase under section 5 or section 7, provided that the power station shall not have been abandoned by reason of the operation of clause 14.

(c) During the period of notice prescribed in section 7 (4) of the Act, all extensions and outlays of money debitable to the capital account of the licensees shall be subject to the previous approval of the Government.

Transfer of license.

13. Within five years from the date of the grant of this license, the licensees shall not seek to transfer, assign charge or otherwise deal with or dispose of this license with a view to obtaining monetary or any other consideration in excess of that expended by them in obtaining the license together with any other preliminary expenses incurred thereby. Full particulars setting out in detail the amounts expended and also those expected to be obtained shall be submitted to Government by the licensees when any application is made for the disposal of this license.

In the event of a company being floated for the purpose of taking over this license on transfer from the original licensees the company, shall not, without the previous sanction of the Local Government in writing, engage in any business other than that specially authorised by this license or essentially necessary to permit the company to carry out the obligations imposed by this license, the Indian Electricity Act, 1910, and the Indian Electricity Rules, 1922.

Bulk supply.

14. Should a supply of electrical energy in bulk become available at any future date from any source at such rates that the net rates and other charges payable by consumers for the supply of distributed energy under this license could, in the opinion of the Government, be reduced, the licensees shall obtain their supply from such source and shall also reduce the rates charged to consumers and also those in clause 11 of this license by amounts which shall be approved by Government.

The decision of Government on the operation of this clause shall be final.

Variations from the schedule to the Act.

15. In pursuance of clause (f) of sub-section (2) of section 3 of the Act it is hereby expressly declared that—

(a) The following sub-clause shall be substituted for clause VI, sub-clause (5), namely:—

“Every requisition under this clause shall be in a form approved by the Local Government; and copies of the form shall be kept in the office of the licensees and supplied free of charge to any applicant.”

(b) The following sub-clause shall be substituted for clause X, sub-clause (2), namely:—

"Before commencing to supply energy through any distributing main the licensees shall give notice, by public advertisement in such manner as shall be previously approved by the Local Government, of the method by which they propose to charge for energy so supplied and the rates at which such energy will be supplied; and, where the licensees have given such notice, they shall not be entitled to change the method of charging or the rates at which energy will be supplied without giving notice thereof by public advertisement in the manner aforesaid and giving not less than one month's notice in writing of such change to the Local Government, to the local authority if any, concerned, and to every consumer of energy who is supplied by them from such distributing main."

Securing continuity of supply.

16. If it shall come to the knowledge of the licensees (which expression shall for the purpose of this clause and clause 17 immediately following be taken to mean and include the licensees, their employees, servants and agents and their permitted assigns) that any civil commotion or disturbance of the public peace or any strike or lock-out of the nature specified in section 15 of the Trades Disputes Act, 1929, likely to result in the interruption of supply of energy from the power station or to consumers has commenced or is presently apprehended by the licensees then the licensees or some one on their behalf shall give to the District Magistrate or to a Magistrate near the licensees' power station immediate and full information with regard thereto.

Revocation.

17. (a) If the licensees shall in the opinion of Government have failed to give such immediate and full information as is required in clause 16 hereof or if at any time any interruption of the supply shall occur which in the opinion of Government is attributable to any wilful or preventable default or neglect on the part of the licensees or if the licensees shall in the opinion of Government fail to comply with any of the provisions of any of the clauses of this license or shall in the opinion of Government fail to show satisfactory progress during any portion of the period of three years specified in clause 6 of this license or if the general direction and control of the licensees shall cease to be in the hands of British subjects, the license may be revoked.

(b) In the event of Government revoking the license for any of the causes specified in this clause the security deposit of Rs. 7,500 made in accordance with clause 3 may in whole or part be forfeited to Government, as Government may decide and the decision of Government as to both revocation and forfeiture shall be final and binding on the licensees.

Annexure.

No. 7531Com.—20th December 1932.—It is hereby notified for general information that a license described as the Bankura Electric License, 1932, as set forth below, has been granted to Messrs. B. N. Elias & Co., Ltd., Calcutta:—

The Bankura Electric License, 1932.

License for the supply of electrical energy granted by the Government of Bengal under the Indian Electricity Act, 1910.

License is hereby granted to Messrs. B. N. Elias & Co., Ltd., having its registered office at 19-D, Bowbazar Street, Calcutta, to supply electrical energy in the area with the powers and upon the terms and conditions specified below:—

Short Title.

1. This license may be cited as "The Bankura Electric License, 1932."

Interpretation.

2. The several words, terms and expressions, to which by the Indian Electricity Act, 1910, or any statutory modifications thereof or by the rules thereunder meanings are assigned, shall have in this license the same respective meanings, provided that in this license—

(a) The "Act" shall mean the Indian Electricity Act, 1910, and any statutory modifications thereof.

(b) The expression "the licensees" shall mean and include the said Messrs. B. N. Elias & Co., Ltd., and their permitted assigns.

(c) The expression "deposited map" shall mean the plan of the area of supply hereinafter specified which has been deposited with the Government of Bengal in pursuance of the rules under the Act, which plan is signed for the purpose of identification by the Secretary to the Government of Bengal in the Commerce Department, and by the applicants, Messrs. B. N. Elias & Co., Ltd., Calcutta.

(d) The term "unit" shall mean the quantity of energy equivalent to a current of one thousand amperes flowing under an electromotive force of one volt during one hour.

Security.

3. The period within which under clause 1 (b) of the Schedule to the Act the licensees shall deposit or secure such sum as therein mentioned, and the sum so to be deposited or secured shall, unless otherwise ordered by the Government of Bengal under the clause, be six months from the notification of the grant of the license and Rs. 7,500, respectively.

Area of supply.

4. The area above referred to within which the supply of energy is authorised by this license (the area of supply under the Act) is the whole of the area bounded as follows:—

North—By the river Gardhessary.

South—By the river Darakeswar.

East—By an arc of a circle 1½ miles in radius with the centre at the Municipal office (marked on the deposited map).

West—By an arc of a circle 1 5/8 miles in radius with the centre at the Bankura police-station marked A.P.S. on the deposited map.

The boundaries whereof are delineated on the deposited map by a heavy dark green line.

Situation of generating station.

5. The licensees shall erect the generating station within the area covered by this license.

Compulsory works.

6. The works to be executed to the satisfaction of the Government under clause IV of the Schedule to the Act are the following, namely:—

(a) The licensees shall within three years from the date of the license being granted, lay down suitable and sufficient feeders and distributing mains and also execute works to the satisfaction of the Government of Bengal for the purpose of supplying electrical energy throughout the streets set out in the annexure to this license, shall erect the generating station mentioned in clause 5 with all machinery apparatus necessary for the purpose of giving a continuous and efficient supply and shall do all other works necessary for the commencement of the supply of energy to consumers.

The licensees shall commence to execute the works aforesaid within six months from the commencement of the license and shall complete the same within three years from the commencement of the license.

(b) At the expiration of each successive period of six months from the commencement of this license until the completion of the compulsory works the licensees shall submit to the Secretary to the Government of Bengal in the Commerce Department reports specifying all steps taken and the progress made in carrying into effect this license.

Commencement of supply of energy.

7. (1) The supply of energy shall not be commenced until—

(a) the Electric Inspector to the Government of Bengal shall have inspected the licensees' works and certified in writing that the supply of energy may commence,

(b) the licensees' "conditions of supply" shall have been approved by the Local Government, and

(c) the amount of all miscellaneous charges incidental to or in connection with the supply to consumers and which the licensees propose to make against consumers or prospective consumers shall have been so approved.

(2) The licensees shall not supply energy to any consumer or undertake work incidental to any such supply for a prospective consumer until—

(a) such prospective consumer shall have tendered to licensees a requisition duly signed in the form for the time being approved by the Local Government, and

(b) such prospective consumer and the licensees shall have executed an agreement in a form approved or to be approved by the Local Government.

Accounts.

8. Separate and distinct accounts shall be kept by the licensees showing in full detail, as required by the Indian Electricity Act and Rules thereunder, the working of the electrical undertaking for which this license is granted.

Nature of supply.

9. The nature of supply shall be as follows:—

(a) **Generation.**—Medium pressure three phase 50 cycles 440 volts alternating current.

(b) **Distribution.**—A three phase 4 wire 50 cycles alternating current system at declared pressures of 400 volts between phases and 230 volts between any one phase and neutral.

The pressures stated above shall be as measured at consumers' terminals and shall be uniform, within the limits prescribed by the Indian Electricity Rules, 1922, throughout the area of supply.

Provided always that it shall be lawful for the Government of Bengal from time to time to issue, with due regard to the expense involved and to the commercial prospects of the undertaking, regulations dealing with the above system of supply or to authorise other system or systems of supply to be adopted for the purpose of this license.

Provided also that the licensees may from time to time, with the previous consent in writing of the Government of Bengal and subject to such limitations and conditions as shall be prescribed in writing by the Government of Bengal, adopt any other system of supply for the purpose of this license.

Method of construction.

10. The feeders, distributing mains and service connections may be overhead or underground in whole or in part, and shall be erected, constructed and maintained by the licensees in strict conformity with the Act, the Rules thereunder and the following provisions:—

(a) The licensees shall not use overhead mains at any higher pressure than medium pressure without the sanction in writing of the Government of Bengal in each case and subject to such conditions or limitations as the Government of Bengal may impose.

(b) No conductor of an aerial line shall be at a less distance than four feet horizontally and eight feet vertically from any building or structure, whether permanent or temporary.

(c) In narrow lanes where it is not possible to maintain an horizontal clearance of four feet between the aerial lines and buildings or structures, underground cables shall be used, or alternatively a special method of construction of aerial lines to be approved of in writing under section 18 (1) of the Act.

Limits of price to be charged in respect of the supply of energy.

11. The prices to be charged by the licensees for energy supplied by them shall not exceed the following maxima, namely:—

(a) For domestic purposes—

I. Lighting—Annas eight per unit metered subject to a minimum charge of Rupees sixty per annum per kilowatt of the rated wattage of lamps installed.

II. Fans—Annas seven per unit metered subject to a minimum charge of Rupees forty per annum per kilowatt of the rated input of the fans installed.

III. Flat rate for lights and fans combined—Annas seven and pies six per unit metered subject to a minimum charge of Rupees fifty per annum per kilowatt of the rated wattage of the lamps and rated input of the fans installed.

IV. Motors (i) For each installation having motors in which the aggregated rated brake horse power does not exceed 1 B.H.P. Annas seven per unit metered subject to a minimum charge of Rupees thirty-six per annum per rated brake horse power of all the motors installed.

(ii) For each installation having motors in which the aggregated rated brake horse power exceeds 1 B.H.P.—Annas six per unit metered subject to a minimum charge of Rupees thirty-six per annum per rated brake horse power of all the motors installed.

(b) For industrial purposes—

(i) For each installation having motors in which the aggregated rated brake horse power does not exceed four—Annas four per unit of energy metered *plus* Rupees eight per month per rated brake horse power of all the motors installed.

(ii) For each installation having motors in which the aggregated rated brake horse power exceeds four but does not exceed fifteen—Annas three and pies six per unit of energy metered *plus* Rupees eight per month per rated brake horse power of all the motors installed.

(iii) For each installation having motors in which the aggregated rated brake horse power exceeds fifteen—Annas three per unit of energy metered *plus* Rupees eight per month per rated brake horse power of all the motors installed.

(c) For heating, cooking, refrigerating and for all domestic purposes other than those specified in sub-clause (a)—Annas four per unit metered.

NOTE.—When the minimum charge specified in clause 11, sub-clause (a) I or (a) II or (a) III or (a) IV (i) or (a) IV (ii) is levied, then no other charge for energy consumed shall be made.

(d) In the case of a method of charge approved by the Local Government in accordance with section 23, sub-sections (3) and (4) of the Act, such maximum as the Government may fix on approving the method.

Purchase of undertaking.

12. (a) The option of purchase given by section 7, sub-section (1) of the Act, shall be first exercisable on the expiration of 50 years from the date of notification of the grant of this license and thereafter on the expiration of every subsequent period of 20 years and the terms of such purchase shall be determined, in case of difference or dispute by arbitration as provided by section 7, sub-section (1) of the Act. The percentage to be added on account of compulsory purchase to the value [as determined in accordance with and for the purpose of sub-section (1) of section 7 of the Act] of the lands, buildings, works, materials and plants of the licensees shall, in accordance with the second proviso of the said sub-section, be 20 per cent.

(b) In accordance with section 3, sub-section (2), clause (d) (ii) of the Act, it is hereby declared that the generating station to be used in connection with the undertaking shall form part of the undertaking for the purpose of purchase under section 5 or section 7, provided that the power station shall not have been abandoned by reason of the operation of clause 14.

(c) During the period of notice prescribed in section 7 (4) of the Act, all extensions and outlays of money debitable to the capital account of the licensees shall be subject to the previous approval of the Government.

Transfer of license.

13. Within five years from the date of the grant of this license, the licensees shall not seek to transfer, assign charge or otherwise deal with or dispose of this license with a view to obtaining monetary or any other consideration in excess of that expended by them in obtaining the license together with any other preliminary expenses incurred thereby. Full particulars setting out in detail the amounts expended and also those expected to be obtained shall be submitted to Government by the licensees when any application is made for the disposal of this license.

The licensees or in the event of a Company being floated for the purpose of taking over this license on transfer from the original licensees, the Company, shall not, without

the previous sanction of the Local Government in writing, engage in any business other than that specially authorised by this license or essentially necessary to permit the Company to carry out the obligations imposed by this license, the Indian Electricity Act, 1910 and the Indian Electricity Rules, 1922.

Bulk supply.

14. Should a supply of electrical energy in bulk become available at any future date from any source at such rates that the net rates and other charges payable by consumers for the supply of distributed energy under this license could, in opinion of the Government, be reduced, the licensees shall obtain their supply from such source and shall also reduce the rates charged to consumers and also those in clause 11 of this license by amounts which shall be approved by Government.

The decision of Government on the operation of this clause shall be final.

Variations from the schedule to the Act.

15. In pursuance of clause (f) of sub-section (2) of section 3 of the Act it is hereby expressly declared that—

(a) The following sub-clause shall be substituted for clause VI, sub-clause (5), namely—

“Every requisition under this clause shall be in a form approved by the Local Government; and copies of the form shall be kept in the office of the licensees and supplied free of charge to any applicant.”

(b) The following sub-clause shall be substituted for clause X, sub-clause (2), namely—

“Before commencing to supply energy through any distributing main the licensees shall give notice, by public advertisement in such manner as shall be previously approved by the Local Government, of the method by which they propose to charge for energy so supplied and the rates at which such energy will be supplied; and, where the licensees have given such notice, they shall not be entitled to change the method of charging or the rates at which energy will be supplied without giving notice thereof by public advertisement in the manner aforesaid and giving not less than one month's notice in writing of such change to the Local Government, to the local authority, if any, concerned, and to every consumer of energy who is supplied by them from such distributing main.

Securing continuity of supply.

16. If it shall come to the knowledge of the licensees (which expression shall for the purpose of this clause and clause 17 immediately following be taken to mean and include the licensees, their employees, servants and agents and their permitted assigns) that any civil commotion or disturbance of the public peace or any strike or lockout of the nature specified in section 15 of the Trades Disputes Act, 1929, likely to result in the interruption of supply of energy from the power station or to consumers has commenced

or is presently apprehended by the licensees, then the licensees or some one on their behalf shall give to the District Magistrate or to a Magistrate near the licensees' power station immediate and full information with regard thereto.

Revocation.

17. (a) If the licensees shall in the opinion of Government have failed to give such immediate and full information as is required in clause 16 hereof or if at any time any interruption of the supply shall occur which in the opinion of Government is attributable to any wilful or preventable default or neglect on the part of the licensees or if the licensees shall in the opinion of Government fail to comply with any of the provisions of any of the clauses of this license or shall in the opinion of Government fail to show satisfactory progress during any portion of the period of 3 years specified in clause 6 of this license or if the general direction and control of the licensees shall cease to be in the hands of British subjects, the license may be revoked.

(b) In the event of Government revoking the license for any of the causes specified in this clause the security deposit of Rs. 7,500 made in accordance with clause 3 may in whole or part be forfeited to Government, as Government may decide and the decision of Government as to both revocation and forfeiture shall be final and binding on the licensees.

Annexure.
